DOWLAISHWERAM, 21st December 1883.

SIR,

I have the honor to report that an accident has occurred on the 10th November/83 on the Dowlaishweram Quarry tramlines resulting in the death of a man named Muthyala under the circumstances stated in the Head works Sub Divisional Officers letter No. 562 dated 19th November/83 Copy of which is herewith sent together with Divisional Officers prescript No. 722 dated 22-11-83 thereon.

2 The Executive Engineer Godavari Eastern Division has been asked by me to state whether the provisions of Code paras 1532 and 1533 have been attended to and his reply is as follows.

"The man did not die on the works, He

was first taken to the D.T.W. Dispensary
here, the Hospital Assistant in charge
said that as amputation of his legs was
necessary, he must be taken to the civil
Hospital at Rajahmundry. The civil
Surgeon was accordingly written to
and the man sent to the Hospital,
and he died while in that establish-
ment. Under these circumstances paras
1532 & 1533 do not appear to apply.

3. I trust that permission may be
given to give Rs 30 (6 months pay of the
deceased) to the widow and to charge
the amount to stock manufacture.

This report is sent as directed
 in para 342 of the P.W.D. Code.

The accident it will be observed
 did not occur on the main line
 of tramway, but on one of the
 short tip lines. I consider that
 Mr Joff takes every precaution
 that he possibly can to prevent
 accidents in the quarries, but they
 will occur occasionally through care-
 lessness.

I recommend that a gratuity of a man named Neelgale
 of Rs. 30 (six months pay of the
 deceased at Rs 5) should be paid
 at once to the widow.

 Dated 19 }
 Despatches 21 } November 1883.

Sir, I have the honour
 to report to you an accident
 that occurred on the 10th quarry
 tram lines resulting in the death
 of a man named Neelgale
 under the following circumstances.
 Some lines of tramways have
 lately been laid in the quarries for
 carrying off spoil earth by
 means of tip wagons each wagon was
 put in charge of a man experienced
 in using the breaks so that the wagons
 should be used with safety deceased
 was a breakman on one of the wagons
 besides these men there was a Maistry
 also engaged to superintend. The
 deceased in taking down his wagon
 laden with earth allowed it to
 acquire too great a speed and
 in his endeavours to put on the
 break with greater force fell
 off the wagon with his feet
 across the line. The wheel passed

over one foot crushing it and severely
mutilating the other. He was
immediately carried to the Dispensary
but as the Hospital Staff
found amputation to be necessary
and had not the proper instruments
for performing the operation,
he recommended that the man
should be carried to the Dispensary
at Rajahmundry. Shortly after
arriving there he died.

The accident was to some
extent due to carelessness on the
part of the deceased, but as
he has been working on the tramways
in the quarries many years
I should be glad if permission
is granted to give his family
a gratuity.

I have to honor &c

Sir,

With reference to your No. 6 dated the 22nd. January 1884, I have the honor to return herewith the extraordinary gratuity papers together with an application in form D. submitted by the Superintending Engineer 1st. Circle on behalf of the family of Nakka Muttadoo, late a breakman in the Dowlaishwaram quarry tramway.

2. From the Asstt. Engineer's (Dowlaishwaram) letter No. 562 dated the 19th. November 1883 and its enclosures, it will be observed that the deceased met his death in the performance of public duty. Should Government feel disposed to take a favorable view of the case -vide G.O.P.W. Department No. 131 W. dated 16th. January 1884, there appears no objection to the extraordinary gratuity of Rs. 30 (thirty) equal to six months' pay of the deceased at Rs. 5 per mensem recommended by the Executive Engineer, being sanctioned to the family * Wife Nakka Gurivi } of the deceased, under the ruling contained in Section 162 Civil Pension Code, 6th.
