GOVERNMENT OF MADRAS.

PENSION DEPARTMENT.

Read—the following papers :—

From the Inspector-General of Police, Madras, dated 3rd March 1884, No. 1044.

Certificate and report from the Accountant-General, to the Acting Under Secretary to Government, Pension Department, dated Fort St. George, 18th March 1884, No. A.D.J.-492.

Submitted to Government. The applicant's service in the Police department has been proved for 21 years 10 months and 25 days. The rules prescribe that an invalid pension shall be granted to an officer who may be permanently and completely incapacitated for further service of any kind. In the present case the applicant was examined by a medical committee who are of opinion that he ought to be placed under surgical treatment for hydrocele and that he would then be fit for duty—*vide* concluding part of the letter from the President, Civil Medical Board, to the Secretary, Surgeon-General with the Government of Madras, No. 447, dated 22nd October 1883, copy attached. But the applicant refuses to undergo surgical treatment. There is no rule, however, under which a claim for pension can be entertained under circumstances like the present.

2. The Inspector-General of Police states that the case is analogous to that which was disposed of in G.O., No. 280, dated 11th May 1876, and recommends that the applicant should be granted a pension. It is pointed out, however, that it is not a parallel case, for when granting pension to T. Ramakristnaier Government were led to believe that compulsion to undergo a surgical operation would only give him a temporary relief and not a permanent relief as it would appear to be in the case of the present applicant.

3. If section 1 (Preliminary and Definitions to the Final Code) was in force in 1876, it is presumed that this office would have asked the local Government to report the grant of pension to Ramakristnaier to the Government of India for information.

4. Under ordinary circumstances a pension not exceeding Rs. 3-7-5 a month would be admissible to the applicant.

Certificate and report from the Accountant-General, to the Acting Under Secretary to Government, Pension Department, dated Fort St. George, 18th March 1884, No. A.D.J.-493.

Submitted to Government. The applicant's service in the Police department has been proved for 20 years 5 months and 15 days. The rules prescribe that an invalid pension shall be granted to an officer who may be permanently and completely incapacitated for further service of any kind. In the present case the applicant was examined by a medical committee who recommended that the applicant should be placed under treatment for hydrocele and that he would then be fit for duty—*vide* concluding part of the letter from the President, Civil Medical Board, to the Secretary, Surgeon-General with the Government of Madras, No. 447, dated 22nd October 1883, copy attached. NOTES CONNECTED WITH G.O., No. 347, PENSION, DATED 30TH APRIL 1884.

From the Inspector-General of Police, Madras, dated 3rd March 1884, *No.* 1044.

From the Accountant-General, dated 18th March 1884, *Nos. A.D.J.*—492, 493 *and* 494.

Secretary—

These three men are incapacitated for duty by a disease which, in the opinion of the Medical Board, could be cured by a surgical operation, but this the applicants refuse to submit to. It is obvious that Government cannot hold them to be *permanently* incapacitated as required by the code, for they might submit to the operation the day after getting their pensions and become as fit for work as ever again. The case quoted by the Inspector-General is, as the Accountant General rightly observes, * not analogous, for in that case the man *was* permanently incapacitated in so far that a surgical operation would only afford some temporary relief.

Submitted that pension must be refused unless and until it is established that these men are permanently incapacitated.

E. S. Laffan.

H.M.—

* Submitted that it is exactly in point. The Government Order says that the operation "may only give temporary relief," but there is nothing in the paper or the medical certificate to this effect. However, the view taken in this note is, it is submitted, correct. The men are not permanently incapacitated. They should be discharged but not pensioned.

H. E. Stokes.

The men are over 20 years' service and their characters are fair, exemplary and very good. They should be informed that they cannot be allowed to return to duty unless they submit to treatment, and that if they persist in their refusal they will be discharged without pension. This will give them another chance.

H. E. S[ullivan].

~~3. They are entitled to the invalid Monthly Pensions entered against their names according to of the Police Superannuation Fund Rules and Sections of the Civil Pension Code.~~

2. In forwarding the foregoing applications, I have the honor to state that upon the abolition of the Salt Police in the Chingleput District, the men referred to were among those remaining in excess of the District strength and as they appeared to be unfit for active service, they were sent on the 6th October 1883 before the Civil Medical Board, Madras, for the purpose of being invalided. From the enclosed Medical Certificates and copies of correspondence between the District Superintendent and the Surgeon General it will be seen that it was recommended that the men in question should be subjected to surgical treatment for the affection which incapacitated them from active service. But as none of them is willing to undergo the operation and as the Superintendent of Police considers them all unfit for further service, I request that the Government will be pleased to pass the usual pension orders in their favor as was done in the case of Inspector Timmarajulu Ramakistnier under G.O. 280 dated 11th May 1876.

3. They will be entitled on discharge to the invalid monthly pensions entered against their names according to proviso to Section III of the Police Superannuation Fund Rules and Sections 102 and 143 of the Civil Pension Code.

CERTIFICATE AND REPORT OF ACCOUNTANT-GENERAL.

Submitted to Government The applicant's Service in the Police Departt has been proved for 20 years 7 months and 15 days. The rules prescribe that an Invalid pension shall be granted to an Officer who may be permanently and completely incapacitated for further service of any kind. In the present case the applicant was examined by a Medical Committee who recommended that the applicant should be placed under treatment for Hydrocele and that he would then be fit for duty. Vide concluding part of the letter from the President Civil Medical Board to the Secretary Surgeon General with the Government of Madras No 447 dated 22nd October /83 Copy attached. But the applicant refuses to undergo Surgical treatment. There is no rule, however, under which a claim for pension can be entertained under circumstances like the present.

The Inspector General of Police states that the case is analogous to that which was disposed of in G. O. No 280 dated 11th May /76 and recommends that the applicant should be granted a pension. It is pointed out however, that it is not a parallel case, for, when granting pension to I Ramakristnan Government were led to believe that compulsion to undergo a Surgical operation would only give him a temporary relief and not a permanent relief as it would appear to be in the case of the present applicant.

If Section 1 (Preliminary and Definitions to the Final Codes) was in force in 1876 it is presumed, that this Office would have asked the Local Government to report the Grant of pension to Ramakristnan to the Government of India for information.

Under Ordinary Circumstances a pension not exceeding Rs 2-15-8 a month would be admissible to the applicant.

CERTIFICATE AND REPORT OF ACCOUNTANT-GENERAL.

The men are over 20 years service & their characters are Fair Exemplary & very good. They should be informed that they cannot be allowed to return to duty unless they submit to treatment and that if they persist in their refusal they will be discharged without pension — This will give them another chance

H. S.

FOR ORDERS.

These three men are incapacitated for duty by a disease which in the opinion of the medical board could be cured by a surgical operation, but this the applicants refuse to submit to. It is obvious that Govt. cannot hold them to be permanently incapacitated, as required by the Code, for they might submit ~~to the operation~~ the day after getting their pensions, and become as fit for work as ever again. The case quoted by the Inspector Genl. is [illegible] the Acct. Genl. [illegible] observes, not employers, for in that case the man was permanently incapacitated in so far that a surgical operation would only afford them temporary relief.

Submitted that pension must be refused unless and until it is established that these men are permanently incapacitated.

Submitted that it is exactly in point. The C.O. says that the operation "may only give temporary relief" but there is nothing in the paper or the medical certificate to this effect. However the view taken in this note is, it is submitted, correct. The men are not permanently incapacitated. They should be discharged but not pensioned.
