4TH SEPTEMBER 1884, NO. 860, PENSION.

# GOVERNMENT OF MADRAS.

## PENSION DEPARTMENT.

READ—the following papers:—

From the Superintendent, Madras Survey, dated 9th May 1884, No. 74-A.

Certificate and report from W. T. PIERCY, Esq., Assistant Accountant-General, to the Acting Under Secretary to Government, Pension department, dated Fort St. George, 12th June 1884, No. A.D.J.-95.

Certified that (subject to the remarks below recorded) qualifying service in superior grades has been duly proved for 15 years and 13 days, and that an invalid pension not exceeding Rs. 4-12-8 per mensem, equal to one-third average emoluments, is admissible under sections 106 and 113 (*b*) of the Civil Pension Code (6th edition).

2. It will be seen from the application that the Superintendent, Madras Survey, recommends that the applicant's service as printer should be regarded as pensionable on the superior scale, in support of which recommendation he states that printers' duties are not purely mechanical. Section 93 of the code lays down that the services of pressmen (including machine pressman) and distributors in printing and lithographic establishments should be treated as inferior, while section 94, rule 1, prescribes that the services of workmen employed in printing establishments, except those whose work is purely mechanical, shall be reckoned as superior. There is therefore no definite provision in the code for the admission of a printer's service on the superior scale. Should Government, however, be pleased to accept the recommendation of the Superintendent, Madras Survey, and accordingly grant the applicant a pension, he will be entitled to the pension already mentioned, otherwise he will only be entitled to a gratuity of Rs. 60.

3. The cause of the applicant's degradation to an appointment on the inferior grade on 17th August 1883 is explained by the Superintendent, Madras Survey, in his letter, No. 74-A, dated 9th ultimo.

4. In accordance with rule 4, under section 134, the attention of Government is respectfully solicited to section 69 of the Code.

### No. 43.

### OFFICIAL MEMORANDUM.

With reference to his letter of the 31st May last, No. 86-A, to the address of the Accountant-General, the Superintendent, Madras Survey, is requested to state what the duties of V. Narayanasamy Pillai, late printer, Central Survey office, were, and in what respect, if any, they differ from the duties of a pressman in the Government Press.

OOTACAMUND,
*2nd July* 1884.

(Signed) E. S. LAFFAN
*Ag. Under Secy. to Govt.*

From Colonel H. T. ROGERS, R.E., Superintendent of the Madras Survey, to the Secretary to Government, Pension department, dated Madras, 12th July 1884, No. 146-G.

With reference to official memorandum, No. 43, dated the 2nd July, Pension department, I have the honor to inform you that the duties of a pressman in the Government Press and a printer in Central office are in no way analogous. The work of a pressman is purely mechanical, while the work of a printer requires ingenuity, watchfulness and a certain amount of artistic taste. In fact the appearance of a map depends to a great extent on the printer.

## CERTIFICATE AND REPORT OF ACCOUNTANT-GENERAL.

No. $\frac{A.D.V.}{95}$ Certified that (subject to the remarks below recorded) qualifying service in Superior Grades has been duly proved for 15 Years and 13 days; and that an Invalid pension not exceeding Rs. 4-12-8 per mensem equal to 1/3rd average emoluments is admissible under Sections 106 and 113(b) of the Civil Pension Code. 5 Edn.

It will be seen from the application that the Supdt. Madras Survey recommends that the applicant's service as printer should be regarded as pensionable on the Superior Scale; in support of which recommendation he states that printers' duties are not purely mechanical. Section 93 of the Code lays down that the services of pressmen (including Machine pressman) and Distributors in printing and lithographic Establishments should be treated as Inferior while Section 94 rule 1 prescribes that the services of workmen employed in Printing Establishments except those whose work is purely mechanical shall be reckoned as Superior. There is therefore no definite provision in the Code, for the admission of a printer's service on the Superior Scale. Should Government however be pleased to accept the recommendation of the Superintendent Madras Survey and accordingly grant the applicant a pension he will be entitled to the pension already mentioned otherwise he will only be entitled to a gratuity of Rs. 60-"-".

The cause of the applicant's degradation to an appointment on the Inferior Grade on 17th August/83 is explained by the Supdt. Madras Survey in his letter No. 74/a dated 9th Ultimo.

In accordance with Rule 4 under Section 134 the attention of Government is respectfully solicited to Section 69 of the Code.

SIR,

With reference to Official Memorandum, No. 43, dated the 2nd July, Pension Department, I have the honor to inform you that the duties of a pressman in the Government Press and a printer in Central Office are in no way analogous. The work of a pressman is purely mechanical, while the work of a printer requires ingenuity, watchfulness and a certain amount of artistic taste. In fact the appearance of a map depends to a great extent on the printer.

I have the honor to be
Sir,
Your most obedt. servant,

A. T. Rogers Colonel R.E.
