GOVERNMENT OF MADRAS.

PENSION DEPARTMENT.

READ—the following papers:—

From H. B. GRIGG, Esq., M.A., Director of Public Instruction, to the Chief Secretary to Government, dated Madras, 18th July 1884, No. 4894.

I have the honor, with reference to G.O., No. 317, dated 9th June 1884, to submit an application for pension on behalf of Mr. V. Krishnama Charriar, late Curator of Government Books. Mr. Krishnama Charriar appears to be eligible for a pension of Rs. 4,000 per annum under section 113 (c) of the Pension Code, but puts forward his claims for a pension of Rs. 5,000 per annum under section 117 (a) of the code. His claims for consideration are well known to Government and need not be repeated here, and although his services can perhaps hardly be classed as *unusually meritorious*, still, as they have been certainly *meritorious*, I shall be glad if the enhanced pension can be granted, more especially as he could no doubt have earned a pension of this amount had he been permitted to retain his office until he attained the age of 55 years, as the business of the depôt was rapidly increasing and would no doubt have continued to increase for some time to come.

Certificate and report from W. T. PIERCY, Esq., Assistant Accountant-General, to the Acting Under Secretary to Government, Pension Department, dated Fort St. George, 7th August 1884, No. A.D.J.-131.

Certified that qualifying service in superior grades has been duly proved for 29 years and that a compensation pension not exceeding Rs. 4,000 a year is admissible under sections 104 and 113 (c) of the Civil Pension Code (6th edition). The calculations have been duly verified. With reference to rule 6, section 104, of the code, the attention of Government is solicited to the proposition statement printed at page 12 of G.O., No. 317, dated 9th June 1884, Educational, from which it will be seen that the revision of the establishment, in consequence of which Mr. Krishnama Charriar's appointment as Curator of Government Book Depôt was abolished, resulted in a saving to Government to the extent of Rs. 461-8-0 per mensem.

2. With regard to the provisions of rule 1 of the section quoted above, the attention of Government is further solicited to paragraph 16 of the letter from the Director of Public Instruction, No. 753, dated 9th February 1884, embodied in the Government Order named above, and to Proceedings of Government, Mis. No. 398, dated 17th July 1884, Educational.

3. With regard to the verification of the statement of commission drawn by Mr. Krishnama Charriar, it is to be observed that the commissions drawn by him prior to May 1881 are not capable of being verified from the records of this office. It is presumed, however, that the Director of Public Instruction has satisfied himself as to the accuracy of the figures given in the statement, to whom the original bills appear to have been submitted.

4. In conclusion, it is observed that Mr. Krishnama Charriar puts forward a claim for a pension of Rs. 5,000 a year under section 117 (a), presumably a mistake for 117 (b) of the code. The Director of Public Instruction, for reasons stated in his letter, No. 4894, dated 18th July 1884, supports the claim, which, however, cannot be admitted without the sanction of the Secretary of State.

5. In accordance with rule 4, under section 134, the attention of Government is respectfully solicited to section 69 of the code.

From H. B. GRIGG, Esq., M.A., Director of Public Instruction, to the Chief Secretary to Government (through the Accountant-General), dated Madras, 2nd August 1884, No. 5208-A.

I have the honor, in continuation of my letter, No. 4894, dated 18th July 1884, to submit, for the very favorable consideration of Government, a letter from Mr. V. Krishnama Charriar, with a printed enclosure, detailing his services during his long connection with this department.

Submitted to Government, with reference to paragraph 5 of this office report No. A.D.J.-131, dated 7th August 1884.

SEPTEMBER.

Pension.

Granting a compensation — of Rs. 4,000 a year to V. Krishnama Charriar, late Curator, Government Central Book Depôt.

Madras 31 July 1884
To
The Director of Public Instruction
Madras

Sir,
In Continuation of my letter of the 1st Instant submitting my application for a Compensation pension and begging that the full pension of 500£ or Rs. 5000 a year may be awarded to me under Section 117 of the Pension Code "Meritorious Service", since I would have earned it ordinarily but for the sudden order to Contract the operations of the Book Department in view of the abolition of the latter resulting in a decline of my emoluments in the shape of Commission, I have the honor in support of my solicitation for the larger pension, to lay before you a series of Extracts from public documents within my reach testifying to the exceptional character of the work performed by me in the Educational Department.

2 The statement is necessarily imperfect as

There is no such
"full pension".

He could not have
earned it if he
remained in the
same place
Rs. 10,000 - 5000
It is possible that
might be worth
his 2 commissions
5000 means
nothing.

as from inaccessibility to old records,
it does not contain all the notices of
the work done by me prior to 1868 as Deputy
Inspector of Schools when the labor of organizing
and developing a system of Education was
really arduous.

3 And it may be as well to mention
that my transfer from the Inspectorate
to the Curatorship was not self sought but
was made to meet the exigencies of the
public service, it being absolutely necessary
at the time to make reform in the working
of the Book Department. That I have
fulfilled the important trust Confided
to me for upwards of 16 years - a trust often
requiring labors of an exacting kind and
involving pecuniary responsibilities so
great that I have never considered myself
at liberty to absent myself from my duty
for scarcely a day and much less to apply
for leave of any kind - is known to yourself
and to the Government.

4 The Statement herewith Submitted does
not also contain the following services
rendered by me to the Government and the
public in the course of the past 17 years
during

during which I have been called upon
to serve on various Committees and to submit
my opinion on questions of public interest
and importance. I was a member of the

- 1 School Fee Committee on two occasions
- 2 Committee for Collecting Specimens of Indian
School materials for the Educational Section
of the South Kensington Exhibition
- 3 Committee for revising the Madras Municipal
Act of 1867, on which I sat as a member and
Secretary
- 4 Committee for examining and reporting on the
School Books used in the Madras Presidency.
- 5 Committee of Examiners for Teachers' Certificate
Examinations and for admission of Students
to the Medical College
- 6 Committee for preparing a Bill for regulating
the administration of Hindu Religious Institutions,
on which I sat as a member and Secretary
- 7 School Book and Vernacular Literature Society
which is intimately connected with the Educational
Department.

8 Madras Branch of the Calcutta Exhibition Committee

I also had the honor of receiving the Delhi
Commemoration Medal as a Citizen of Madras during
the administration of His Grace the Duke of Buckingham.

5 As you have been kind enough to view favorably my application for the larger pension, I beg that you will be so good as to forward with your support this letter and its enclosure to Government as an appendix to my application for pension.

As the Government are aware that my retirement before my time and its attendant loss of emoluments are compulsory, and seeing that, as an officer who entered the Public Service prior to May 1855, I would ordinarily be eligible for the larger pension of Rs. 500 per annum under Section 117 of the Pension Code, but for the accidental though slight deficiency in the amount of my average emoluments on which my pension is to be calculated - a deficiency due, as I have ^{already} said, to the Order to contract the Book Depot operations during the last 20 months, - I respectfully request that my claim for the "Meritorious" Service pension may be submitted, as a special case, for the favorable consideration of Government, this higher pension being all that I shall have to look to as a reward for my lifelong service in the Educational Department.

I have the honor to be

Your most obedient servant

V. Krishnamachari

late Curator of Govt. Books

Extracts from the Annual Reports on Public Instruction, Government Orders and other Documents testifying to the character of some of the work performed by V. Krishnama Charyar in the Educational Department.

"Of the Deputy Inspectors, T. Muthusamy and V. Krishnamachari have been specially commended by the Inspectors under whom they have served."—(Public Instruction Report for 1856-57.)

"It was laid down that V. Krishnamachari the Deputy Inspector originally attached to the (3rd) Division, whose experience, energy and other qualifications render him a valuable officer, should be liable to be sent to South Arcot on any emergency."—(Public Instruction Report for 1865-66.)

"In the course of the year under review, the Book Department was to a certain extent re-organized, and a fresh mode of keeping its accounts was introduced. V. Krishnama Charyar who had previously done good work as a Deputy Inspector of Schools was appointed Curator of Government Books under the new arrangement."—(Public Instruction Report for 1867-68.)

"V. Krishnama Chari, for many years Deputy Inspector of Schools, having been appointed Curator of Government Books, resigned at the close of 1867. It is but due to him to place on record my opinion of the zeal, efficiency and judgment with which he discharged his duties during the whole of his service. No officer could wish for a more able or a more willing assistant."—(Annual Report of the Inspector of Schools, Presidency Division for 1867-68.)

"The Director of Public Instruction attributes the failure of the Central Book Depot Establishment and generally of the system hitherto adopted in the Book Department principally to the fact that for various reasons the Central Curators have not come up to the requirements of their appointments. * * * The Governor in Council concurs with the Director of Public Instruction in the reasons assigned for the failure of the working of the Book Department and considers that the main cause of its unsatisfactory condition has been that the Curators of the Central Depot have been deficient in the qualification required and that they have had other duties to attend to. This appointment will in future be made by the Governor in Council with special reference to the qualifications detailed in Mr. Powell's letter."—(G. O. dated 6th November 1867.)

"The Curator, (Mr. V. Krishnama Chari) I feel bound to remark, is most zealous in the discharge of his duties; and upon the whole, I believe that the Book Department was worked during the year 1868-69 in a decidedly more efficient manner than was the case in any previous year."—(Public Instruction Report for 1868-69.)

"I consider that the Curator of the Government Books conducted energetically and carefully the work entrusted to his charge."—(Public Instruction Report for 1869-70.)

"I Consider that the Book Department has, on the whole, worked well under the energetic supervision of the Central Curator, Mr. V. Krishnama Chariar."—(Public Instruction Report for 1870-71.)

"The management of the Book Department has been as usual highly creditable to Mr. V. Krishnamachariar."—(Public Instruction Report for 1871-72.)

"The work of the Book Department has been efficiently conducted throughout the year * * * Government have frequently expressed a desire that the Book Department should be made self-supporting; in previous years only an approximation was made to such a state of things, but in the year under review the end was completely attained."—(*Public Instruction Report of 1872-73.*)

"The plan of operations continued the same as in 1872-73 and the machinery (of the Book Department) worked pretty smoothly."—(*Public Instruction Report for 1873-74.*)

"The accounts for the last 6 years show that the Book Department has become fully self-supporting."—(*G. O. 10th June 1876.*)

"The general system on which the Department is worked has not undergone any change during the year under review, the present arrangements in fact leaving little or nothing to desire."—(*Public Instruction Report for 1874-75.*)

"I think it due to Mr. Krishnamachariar to say that I consider the Book Department to have been managed by him with great efficiency. Some 9 or 10 years ago when the work was not so heavy as it is now, there was great confusion in the accounts; order has been introduced and great exertions have been made to keep all the up-country Depôts supplied with books. I venture to urge upon the Government the recognition of the importance of the work devolving upon the Central Curator."—(*Letter from the Director of Public Instruction to Government, dated 20th February 1875.*)

"The general management of the Book Department has been very creditable to Mr. V. Krishnamachariu."—(*Public Instruction Report for 1876-77.*)

The general management of the Book Department has been as usual highly creditable to the Curator.—(*Public Instruction Report 1878-79.*)

The Report is on the whole satisfactory and shows that the Depôt is now self-supporting.—(*G. O. No. 374, dated 18th September 1876.*)

"The Depôt has been made self-supporting, and continues to be worked with care and economy."—(*G. O. Edul. No. 342, dated 29th August 1877.*)

"The Depôt has been made steady progress under its present management * * —(*G. O. Edul. No. 462, dated 24th October 1878.*)

Registration of Books.

"The manner in which the catalogue is prepared is highly creditable to the Registrar."—(*G. O. passed on my first quarterly Catalogue by Lord Napier's Government on the 14th November 1868.*)

"His Excellency (the Governor-General) in Council also desires that there should be inserted in the column for remarks a short statement of the contents or descriptions of such books as do not carry this in their titles, or otherwise deserve the distinction. This has been from the first done in Madras with excellent results but in no where else has it been the practice * * A copy of the last Madras catalogue should be forwarded to other Local Governments and Administrations, with a view to the inclusion of similar remarks in the future catalogues of books registered under the provisions of Act XXV of 1867."—(*Resolution of the Government of India, dated Simla, 20th September 1870.*)

"The appointments of Registrar of Books and Curator of Books, although not necessarily connected, are held by the same officer, and in the former capacity Mr. V. Krishnamachariar receives no salary * * * The office requires special qualification, and the way in which V. Krishnamachariar has done his duties has elicited the marked approval of the Government of India, who have cited his reports and catalogues as models for imitation by other Registrars."—(*Public Instruction Report for 1875-76.*)

"I am directed to say that the Government of India have perused with interest, V. Krishnamachari's clear and intelligent analysis of the publications registered in the Madras Presidency during the year 1874."—(*Letter from Government of India to the Chief Secretary to Government, Fort Saint George, dated Simla, 3rd September 1875.*)

Formation of a Vernacular literature.

In an order dated, Simla 30th October 1869, communicating the approval of the Government of India of the steps taken by the Madras Government for encouraging Vernacular literature, there occurs the following:—"I am directed to state that the intelligent memorandum of V. Krishnamachari has been perused with much interest, and that the action of the Government of Madras is approved by the Governor-General in Council."—(*G. O. 29th November 1869 No. 376.*)

"The importance of gradually forming a healthy Vernacular literature can scarcely be overestimated. The monthly Tamil Magazine named Janavinodini has secured an increased number of supporters; and the cost of putting it forward has been reduced in various ways, especially through the liberality of the present Editor who performs his duties without remuneration."—(*Mr. E. B. Powell's remarks in the Public Instruction Report 1873-74.*)

"Foremost among the (School Book) Society's publications is the Janavinodini or Tamil Magazine published monthly. This Magazine has hitherto been published at a serious loss to the Society, but although the Government subscription to it has lately been reduced by one-half, the number of Subscribers having risen to 500, it has become nearly self-supporting. This would not have been the case, however, unless the Editorship had been undertaken gratuitously by Mr. Krishnamachari, to whose care and discernment in the selection of appropriate matter the Magazine mainly owes its present popularity."—(*Mr. E. Thompson's remarks in the Public Instruction Report for 1874-75.*)

The Society's Magazine, the Janavinodini which is now published in Telugu as well as in Tamil, is very popular and will probably become self-supporting at no distant date. It is admirably edited by Mr. V. Krishnama Charyar, to whose disinterested labors the success of the undertaking is entirely due."—(*Col. R. M. Macdonald's remarks in the Public Instruction Report for 1875-76.*)

"The Society's Magazine, the Janavinodini,* which is edited in Tamil and Telugu by Mr. Krishnama Charyar, continues to maintain its high reputation."—(*Col. R. M. Macdonald's remarks in the Public Instruction Report for 1878-79.*)

* Besides the two Magazines, some interesting Tales from Shakespeare and other useful adaptations in Tamil and Telugu have been separately contributed gratis by the Honorary Editor to the Popular Series published by the Society.

To

The Chief Secretary to Government

SIR,

I have the honor with reference
to Government order No. 17 dated 9th
June 1884, to submit an application for
pension on behalf of Mr. V. Krishna
Chari late Curator of Government Books.
Mr. Krishnamachari appears to be
eligible for a pension of Rs 400 per
Annum under Section 113 (c) of the Pension
Code but puts forward his claims for

3127
a pension of Rs 5000 per annum under
section 117(a) of the Code. His claims for
consideration are well known to Government
and need not be repeated here, and
although his services can perhaps hardly
be classed as unusually meritorious,
still as they have been certainly meritorious,
I shall be glad if the enhanced pension
can be granted, more especially as he
could no doubt have earned a pension
of this amount had he been permitted
to retain his office until he attained the
age of 55 years, as the business of the
Dept was rapidly increasing and
would no doubt have continued to
increase for some time to come.

From the

No. 4894.

Accountant-General, dated

Director of Public Instruction dated 2nd Aug 1884 No. 5208.4
Understand of the Accountant-General dated 11th Aug 84 No. 5. A. 8

Mr. Krishnamachari asks Govt. to grant him what he calls the "full pension" of Rs. 5,000. There is no such full pension. What he alludes to is Sec 47 of the Code. Under 17/1 of his average emolument for the last 5 years had exceeded Rs. 10,000 a year, the maximum pension would have been Rs. 5,000. But they amounted only to Rs. 9632-10-5. It is urged that if the deficit had not been abated the average emolument would in 2 or 3 years have reached the required amount, but this however probable is not certain.

17/6 declares that even where emolument falls short of Rs. 10,000 the Secy of State sometimes grants a special pension in excess of Rs. 5,000. "for unusually meritorious services." Mr. Grigg declines to certify that Mr. K's services have been unusually meritorious and in those circumstances there appear to be no grounds on which a recommendation to the Secy of State can be made.
