3. From the Service book the applicant was reduced from 5th November 1878, but in the pension application by head of Office on page 3 of apparently is a clerical error. Vide pension application. He was also suspended on 2 occasions 1st from 13th May 1877 to 31st August 1877, 2nd from 14 October 1878 to 4th November 1878. but there is no correspondence about them except the applicant's own statement which has been attached. The Executive Engineer also explained that the period of 2nd Suspension (from 14th October 1878 to 4th November 1878) seems to be incorrect. - (1) Good.
- (2) There being no copies of service records appertaining to the period of suspension no information can be traced as to the cause of suspension nor ^{can} a clear summary of any available evidence be given as required by G.O. No. 2274 D of 10-8-76 can be given, except the applicant's own statement that he was suspended for delay in bringing cash from the treasury. Time passed under suspension ^(some 10 days) is considered to have been adjudged as a specific penalty as no pay was drawn for the period.
- (3) Nil
- (5) (1) In the service book the following two entries were made.
- (a) "Leave without allowances for 15th to 31-10-78".
- (b) "Suspended from 16th October to 4th November 78".
- In the salary bill the pay of the Lascar was not drawn for the former period i.e. 15th to 31-10-78 and no note was made in part ~~III~~ of the Bill whether the period in question was leave without allowances or suspension. The entry regarding suspension seems to be incorrect as pay was drawn for 15th to 4th November 78 which forms part of the suspension period.
- (2) The dates from and to which the privilege leave of 15 days entered in the service book are not traceable from the copies of salary bills.
- (6) Service is established from service book, salary bills, A. Rolls and contemporary statements and should be admitted.
