9. Abstract statement of Case showing how the disease or disability was contracted, the results of the treatment adopted. In Case the disease or disability is hereditary or has been caused by irregular habits, the reasons for such belief should be stated.

This man, who has been on ordinary leave for four months, was admitted into Hospital on the 16th November 1895 with marked symptoms of insanity. These are: sleeps very little at nights, constantly walks about, talks to himself and frequently offers prayers. He is very anxious to go to shrines. Is very slow in answering questions & often answers them irrationally. He is quiet & apparently harmless. He is not likely to improve. I recommend that he be invalided. Disease contracted on general service & not the result of his own imprudence.

minutes regarding 27th last Court $\frac{D}{232}$
 Munnawney

There can be no doubt Constable
 232 Munnawney was present when the
 man Cappa Achary's leg was broken and
 he was in the act of arresting him at the
 time. There is no evidence to show that he
 could have prevented the blow, but it is quite
 clear he has lied in regard to his presence
 and given a false statement of the affair,
 most disgraceful conduct in a Police Officer.
 His defence he sets up that he was not present
 is false as proved by the evidence of several
 witnesses. I therefore order his warrant
 to be ^{revoked} and warn him against his
 misconduct
