Civil Medical Form No. 32.

(Certificate for retirement on invalid pension or gratuity.)

Certified that I have carefully examined Angappen no. 157

son of Perumal naicken

a 2nd class constable

in the Salem Police.

His age is by his own statement 39 years and by appearance about 39 years.

I consider Angappen

to be completely and permanently incapacitated for further service of any kind or in the Department to which he belongs in consequence of tubercular disease of the lungs.

His incapacity does not appear to me to have been caused by irregular or intemperate habits.

7. Sick leave granted during the service.
8. Disease or cause of disability. Tubercular disease of the lungs.
9. Abstract statement of case showing how the disease or disability was contracted, the results of the treatment adopted. In case the disease or disability is believed to have been caused by irregular or intemperate habits, the reasons for such belief should be stated.

A much debilitated, thin and weakly man whose health has been failing for past 2½ years - he is now suffering from weakness and loss of appetite and inability to perform his duties - his chest is flattened and there is evidence of tubercular disease of both lungs. has been 39 days under treatment this year without any benefit and as he is never likely to recover his health and strength again I consider him unfit for further service.
