PUBLIC WORKS DEPARTMENT.

4th September 1879, No. 2,272-A W.

General.

Establishment.

Read the following papers :—

No. 20-A. From Major H. M. VIBART, R.E., Acting Superintending Engineer, Third Circle, to the Chief Engineer, Public Works Department, dated 2nd August 1879, No. 4,512.

WITH reference to paragraph 3 of *Government Order*, No. 1,801-AW., of 8th July 1879, I have the honor to forward a report from the Executive Officer in charge of Buckingham Canal Division, Mr. Ottmann. The canal is divided into six sections, and the toll stations are to be fixed at—

Covelong.	Pulicat.	Eskapally.
Madras.	Dugarajapatam.	Kottapatam.

These stations have been divided into three classes, in accordance with their importance; Madras, being the most important, is set down as first class; Dugarajapatam, Eskapally, and Kottapatam, second, and Covelong and Pulicat, third class.

2. The Madras station establishment will be—

	RS.
1 Superintendent on	100
2 Clerks	30 and 20
1 Cashier	15
7 Lascars and Peons at Rupees 7	49

This station having no night duty will have only one cashier; but two clerks will be necessary, as the office work will no doubt be heavy.

3. The second class offices will have—

	RS.
1 Superintendent	60
1 Clerk	20
1 Head Cashier	15
1 Assistant do.	12
5 Lascars	35

These stations will have night duty, one cashier will take the day duty and the other the night, alternately. In the same way the Superintendent and clerk will share the work. Madras will have three lascars and four peons: all offices will have to remit money daily to treasuries, and three peons at least at all the less important stations will be required, while four will be required for Madras. Two lascars have been allowed at smaller stations and three at Madras to preserve order among the boats and boat people in the neighbourhood of the toll-house.

4. The third class toll office will have—

	RS.
1 Superintendent	50
1 Clerk	20
1 Head Cashier	15
1 Assistant do.	12
5 Lascars and Peons	35

Temporary sheds can, of course, be run up readily, but it would be safer and more convenient to have proper offices erected as soon as possible. I have called upon the

Executive Officer to send in plans and estimates for these works as soon as possible, but as the canal rules will come into force on 15th September (seven weeks hence) I have directed temporary sheds to be erected without delay. Toll chains will have to be fixed across the canal at the several toll-houses, similar to that at Papun Chattrum office. Each office must, of course, be furnished with office furniture, cash box and good lights. There is plenty of office furniture available as also cash boxes. Good lamps will have to be purchased, as it is of importance that the toll-houses should be well lighted at night. Arrangements, it will be observed, have been made to print the necessary forms at the Gazette Press. All boats on the canal have to be re-numbered, re-measured, &c., and to do this in a satisfactory manner a temporary establishment will be required for three months—

	RS.
1 Temporary Overseer on ...	60
1 Clerk ...	15
1 Painter ...	10
3 Lascars at 7 ...	21

at a cost per mensem of 106, and a total expense of Rupees 318.

5. The total expenses for establishment required for collection of tolls, &c., will be as follows—

				RS.
One first class establishment	Rupees	214	per mensem	214
Three second class	"	142	"	426
Two third class	"	132	"	264
			Total ...	904

6. In addition to this a small establishment is allowed for the division to conduct the canal work—

	RS.
1 Clerk on ...	30
1 Do. ...	20
1 Attender ...	8
2 Peons ...	14
	72

Thus the total monthly charge will be Rupees 976, or Rupees 11,712 per annum. Rupees 788 have been added for contingent charges, bringing the gross cost of establishment up to Rupees 12,500, or rather more than Rupees 1,000 a-month.

7. The Superintendent and cashier will be required to furnish security to ten and twenty times their salaries, respectively.

8. The building at the Basin, now used by lime kiln establishment, will do for the first class office, but five new offices will be required, and these should be built at once.

9. Regarding the publication of information for boat owners, the rules are to be printed in English, Tamil, Telugu, and pasted on boards in the same way as done at Railway stations.

10. In conclusion, I wish to point out that the toll stations are placed at the central point of each section. It would seem to be better to have them at the ends of the sections. The Superintendents will then be in a better position to check evasion of tolls. Mr. Ottmann also points out that the 2½ foot load line will seriously affect the northern boatowners, whose boats are heavy and draw 1½ to 2 feet when unloaded. I have the honor to request that *very early* orders may be passed on the proposals now submitted as in seven weeks the rules come into force. You will observe that Mr. O'Shaughnessy was asked by Mr. Ottmann to give in a memorandum his views on the whole subject; but that he declined unless called on by the Superintending Engineer to do so. I only received Mr. Ottmann's report yesterday,* and was not aware that Mr. O'Shaughnessy had declined to furnish the information

* 27th July.

required, or I would have written to him for it. I cannot do so now as he has gone up the canal with the Sappers, and I think it is important that the papers should be sent off without delay. I consider that Mr. O'Shaughnessy should have sent in a memorandum, but it is, I think, of no material consequence as Mr. Ottmann seems to me to have dealt with the matter in a satisfactory manner.

No. 20-B. From the Superintending Engineer, Third Circle, dated Eskapally, 23rd August 1879.

No. 20-C. ORDER THEREON, 4th September 1879, No. 2,272-A W.

His Grace the Governor in Council resolves to sanction provisionally, for a period of six months, the entertainment of the establishments* proposed by the Acting Superintending Engineer in his letter of the 2nd August, No. 4,512.

2. The monthly cost of these will amount to Rupees 976, to which Rs. 394 will be added for contingent charges during the six months for which this provisional sanction will hold good.

3. Separate orders will be passed on the Acting Superintending Engineer's observations in regard to Mr. O'Shaughnessy's proceedings.

4. The sanction accorded in paragraph 1 of these Proceedings has been registered as Provincial No. 5 W., of 1879-80.

PUBLIC WORKS DEPARTMENT.

1st April 1880, No. 814 W.

General
Establishment.

Read the following paper :—

No. 5, From Captain A. AWDRY, R.E., Superintendent of Works, Buckingham Canal, to the Chief Engineer, Public Works Department, dated Madras, 20th March 1880, 4,231.

I HAVE the honor to request sanction to the toll and lock establishments shown below for the official year 1880-81, and to inform you that I consider it is impossible to reduce it any further and maintain efficiency.

2. The toll establishment asked for shows a saving of Rs. 5,124 per annum on that at present employed.

3. The temporary lock establishments have up to this time been charged to estimates for works, but this is incorrect, and in the list appended I have placed them, like the Shadianoopum lock establishment, on a more correct footing. Wherever tolls are collected at places where locks are situated I have allowed no lascars for the toll establishment, and only one Superintendent to look after both the lock and the tolls.

4. The present Toll Superintendent at Shadianoopum lock (Sambasiva Moodelliar) was for a long time employed under the Revenue authorities in the canal, his pay is Rs. 100 a month, which is more than the revenue of the canal can afford, and, as he has only about two years to serve for his half pay pension, I have the honor to suggest that it should be given to him from the 1st April 1880, without his completing his service.

5. With regard to the remainder of the Superintendents on 20 rupees and over, I have the honor to inform you that if the scale proposed is sanctioned I would endeavour to fill up the places with men of the Public Works Department thrown out of employment, if they have pensions or can furnish security to twenty times the amount of their salaries. Until such men are obtained I must keep on some of the present staff [illegible] the reduced salaries now proposed.

6. It is necessary to have an efficient Superintendent at the Basin, and I have proposed Rs. 30 as the salary and three peons on Rs. 6 each to assist him in maintaining order; until quite lately there were Constables there as well as the toll establishment, but these are now removed and the establishment is, I think required. I should propose, subject to sanction, to appoint Mr. Masters as Basin Superintendent, as he is well fitted for the work and he has passed the Bengal Overseer's Test.

7. The office establishment in connection with the tolls is fixed on Mr. Ottmann's suggestion, after watching its work carefully, and is at the lowest possible numbers for performing the work efficiently.

8. I have the honor to request early sanction to the proposed establishments.

No. 6. ORDER THEREON, 1st April 1880, No. 814 W.

THE scale of establishment proposed by Captain Awdry for 1880-81 for the Toll* Offices and Lock† Establishment on the Buckingham Canal, which shows a saving of Rs. 5,244‡ per annum over the cost of the present establishment, is sanctioned.

* Rs. 6,180
† „ 1,210

	RS.
Toll Establishment	5,124
Lock do.	120
	‡ 5,244

2. The proposals contained in paragraphs 5 and 6 of the letter recorded above are approved.

3. The Government direct that the present Toll Superintendent at the Shadiancoopum Lock, Sambasiva Moodelliar, be ordered to retire at once on the pension that he may be entitled to under the Rules. The Superintendent of Works, Buckingham Canal, will give him the usual three months' notice or three months' pay from 1st April 1880.

4. The sanction accorded in paragraph 1 has been registered as Provincial No. 1 W. of 1880-81.

With reference to your letter No. 3641B of 18th ultimo I have the honor to explain that it is clear that the peon Moonesawmy was holding a permanent post from 16th April 1863 to 7th October 1879, when his services were made temporary under G. O. No. 2272 A.W of 4th September 1879 from 8th October 1879 to 31st March 1880. His subsequent services have also been permanent.

2. As all his services from 26th November 1863, have been in connection with the Madras Basin, and the temporary service under reference has been subsequently rendered permanent by G. O. No. 1336 W. of 27th May 18 and as it will be very hard on the poor peon after rendering 33 years good service to lose the benefit of pension, simply because he was posted for no fault of his to a temporary place for a period of less than six months after a permanent service of 16 years. Further this posting does not appear to have been done under any competent authority; nor does the man appear to have been made aware of the consequence such a transfer. In the above circumstances I very strongly recommend that Government be moved if necessary to make a special concession so that he may get his half pension as he certainly deserves it in my opinion and it would be a very great hardship to cast him off now at the end of his days, without a pension after 33 years of good and

and of faithful service

He held this temporary appointment till 31-3-80 when his pay was reduced from Rupees 7 to 6 per mensem in consequence of a further reduction of establishment, sanctioned for another year under G. O. $\frac{814}{1-4-80}$ W. and this temporary Establishment was eventually declared permanent under G. O. $\frac{1326W}{27-5-81}$. The examiner is requested to report if this view of the case is correct and, if so, whether the applicant is not entitled to count his service prior to October 1879 under the exception (d) to Article 468 C. S. R.

In reply to your official memorandum No. 65 dated 21st, August 1896 I beg to state that T.
