I have the honour to forward here-
= with an application for pension on behalf
of V. Shandavaraya Moodliar, retired -
Overseer of the Mysore Public Works
Department together with the file of papers sent
that accompanied it; received from the
Chief Engineer of Mysore and to invite
your attention to the following points in
Connection therewith.

1. That the applicant had rendered
a service of 10 years, 8 months and 11
days, namely, from 10th December 1865 to 19th
August

to 19th August 1895 in the Madras Government, as a draughtsman and overseer in the Public Works Department on pay of Rs: 25/- to Rs: 60/- per mensem.

2. That the Services thus rendered have been Verified by the Examiner Public Works Accounts Madras and declared to have been rendered in grades eligible for Pension, as communicated in that Officer's letter No. 24 C. dated 6th June 1882 to the Examiner Public Works Accounts Mysore and Coorg. Vide enclosure marked A. on the file.

3. That Thandavaraya Elloodliar secured an appointment in the Mysore Government Service from 20th August 1875 as an Assistant Surveyor on Rs 60/- rupees sixty only, per mensem in the Mysore District, through the then Chief Engineer of Mysore, with the sanction of the head of his office the Collector and president Local Fund Board Salem District, without resigning his British Service - as endorsed in applicant's Service Book, and alleged by

by applicant in his petition dated 19th July 1896, enclosed, and in enclosure marked B. on the file.

4. That the applicant had put in a total service of 31 years & 11 days, of which 30-0-25 qualifies for an Invalid pension under the rules of the Civil Service Regulations (Subject to the British Service being reckoned as eligible) entitling him to a half pay pension of average emoluments.

From the above facts it is apparent that the applicant had a status in the Service of the British Government and was transferred to Service in Mysore whilst under British Government and the Government of India have ruled in Mr. Marchant's case that there is no objection to accept liability to a share of pension of an officer who might have resigned the British Service to enter the Mysore Service before the rendition under circumstances in which similar resignation of one Government is

Government appointment to join another
would not have effected his pensionary
claims. This case in question cannot
be worse than that of such an officer.
I would therefore request to be informed
whether you are prepared to bear a
share of Mr. Shandavaraya Moodliar's
pension proportionate to his service
rendered under the British Govern-
ment.

From

J. B. Harrison Esquire,

Offr ACCOUNTANT-GENERAL TO THE

GOVERNMENT OF MADRAS,

To

THE Secretary to the
Government of India,
Financial Department.

SIR,

I have the honour to submit the following
case for the orders of the Government of India.

Mr. Shandavaraya Moodliar, retired over-
seer of the Mysore Public Works Department &
commenced service under the British Government
in 1864, but in August 1875 was transferred
to the Mairur State. He continued to be in that
service without paying to the British Government
pensionary contribution from 1st October 1882, the
date of rendition of the province, up to 21st *St.*
December 1895, when he retired on a pension. The
Comptroller of Mysore requires whether on grounds &
similar to those set forth in Government of

India

India letter N^o 762 G dated 9th April 1886 to the
Resident in Mysore in connection with Mr.
Marchant's case, I am prepared to accept a
proportionate share of Shandavaraya Mudaliar's
pension as a charge against the British Government
Revenues.

The ruling in Mr. Marchant's case has lately
been applied to the case of Mr. Mascarenhas who
was in the service of the Mysore Government
and was transferred to service under the British
Government before 1882, and the Mysore Durbar
has been made to pay a proportionate share of
the pension for the service under the Mysore
state as the orders in Mr. Marchant's case are
considered to govern all future similar cases.

The present case is one where the Officer
commenced service under the British Government
and took up appointment under the Mysore state
before 1st October 1882. An analogous case was
disposed of by the Government of India in
Government of India, Financial N^o 4075 dated
9th August 1889 and I would enquire whether

the

the present case can be dealt in the same
way.

I would further add that in the latter
case, the Mysore Government preferred to bear the
proportionate share of pension to paying a lump sum
as suggested in the letter N^o 4075 dated 9th August 1889.
In the present case if the liability is accepted,
I request orders whether a lump sum of Rs. 1459.11.8
should be tendered to the Mysore Government in lieu
of a monthly payment of Rs. 12-10-11.

Sir,

With reference to your letter No. $\frac{342}{399}$ dated 1st December 1896, regarding the appointment of the charge

on account of the pension of V. Thandavaraya Mudali a retired overser of the Major Public Works Department, I am directed to say that you should refer the case for the orders of the Local Government, who can, if they consider it necessary, refer any doubtful point in it to the Government of India.

Copy of letter No 762 G dated the 9 April 1886,
from the Under Secretary to the Government of India,
to the Offg. Resident in Mysore.

I am directed to forward herewith copy of a letter from
the Resident at Hyderabad, No 45 G dated the 15th
February 1886, and of its enclosures regarding the liability
of the Mysore state to pay a share of the pension granted
to Mr Marchant, late a Superintendent of the office of
the Comptroller of Hyderabad.

2. Mr Marchant was in the service of the Govern-
ment of Mysore before he joined the service of the British
Government. He resigned the former service in 1859 and
immediately joined the latter service. There was no inter-
ruption of service ^{and} under such circumstances there
would have been no difficulty about his pension, if
he had resigned an appointment in the British service.

3. The Mysore Durbar has, however, objected to bear
any share of Mr Marchant's pension "according"
it is stated by the Comptroller "to the ruling of the
Government of India in the case of Mr Ranga Chariar
and others who similarly resigned British service
for employment in Mysore". I am, however,
directed to explain, that the principle which
it is proposed to follow in the case of Mr Marchant

7
4
83/85

is exactly the same as that which has been —
followed in the case of Mr. Rangachariar and
the other officers to whom reference is made.
Mr. Rangachariar resigned the service of the
Government of Madras to join the service of the
Mysore Government, and it has been decided
that his pension should be calculated on the
combined services, the British and the Mysore
Govts. bearing their proper share of the
pension. In this case the British Govt. did
not accept liability on account of Mr.
Rangachariar's Mysore service, but the
British Govt. did not object to pay a share
of Mr. Rangachariar's pension proportionate
to his service under the British Govt. This
decision was passed in view of the Con-
sideration that when Mysore was under
British administration it was natural
that officers in Govt. service proper should
have felt no hesitation in resigning their
appointments to join Mysore service and
vice versa under circumstances in which
similar resignation of one Govt. appoint-
ment to join another would not have
affected their pensionary claims. If under
such circumstances the previous service,
whether

49 16
whether in Mysore or under the British Govt.
should be rejected, the result would be
unmerited hardship to the officers concerned.
4. On these grounds I am to request that
you will be good enough to move the Mys.
Darbar to reconsider the question.

Dated Bangalore 22nd June 1886.

Sir,

In reply to letter No. 762 G dated 9th April 1886 from your office and subsequent reminder, requesting that the Mysore Durbar may be moved to reconsider the question regarding the liability of the Mysore state to pay a share of the pension granted to Mr. Marchant, late a superintendent of the office of the Comptroller of Hyderabad, I have the honour to forward a copy of letter No. 280 dated 15th June 1886⁷, from the Chief Secretary to the Dewan stating that as the Government of India has been pleased to recognise the principle of the rule of proportions involved in cases like those of Kasturi Rungachari and Mr. Marchant, the Durbar gladly accepts its liability to pay a portion of Mr. Marchant's pension proportionate to his service in Mysore.

2. It will be observed that the Comptroller
of

22/19
of Mysore has been requested to arrange for the payment
of the portion amounting to Rupees 5-1-5 of Mr. Marchant's
pension for which the Mysore state is liable.

Sir,

I am directed to acknowledge the receipt of
your letter No 453 dated the 6th May 1889, and in reply
to say that the Government of India have no objection
in this case to the grant of a pension according to the
Rule of Proportions to Gulam Mahomed, late head
clerk in the Plantation office at Bangalore. I am
however to observe that it would be convenient if
payment of the pension could be made entirely from
one source, and with this object in view I am
to suggest that the Mysore Durbar may be asked
to pay down a lump sum equal to the capital
value of the share of the pension payable by them,
which would end their liability in the matter.
