CERTIFICATE AND REPORT OF THE AUDIT OFFICER (1).

Certified that should Government under Article 464 of the Civil Service Regulations be pleased to commute the periods of the applicant's absence without leave noted in the margin into leave without allowances qualifying service in Superior grades will be duly proved for 13 years 1 month and 27 days; and that an Invalid Pension not exceeding Rs 7-9-4 per mensem equal to $\frac{13}{60}$th average emoluments will be admissible under Articles 485 and 518 (b), of the Civil Service Regulations, 2d Edition.

From 15th to 17th October 1888.
" 20th to 21st June 1890.

The calculations have been duly verified.

2. The applicant was on leave on Medical Certificate from 1st April to 14th July 1894; but the absentee allowance due for that period has not been disbursed to him pending sanction of Government for which the Collector seems to have applied. Vide his remarks No. 7 on the 3d page of the application. Assuming that the sanction will be accorded, the applicant's average emoluments for the period in question have been reckoned at Rs 35, the pay he would have ~~been~~ drawn had he not been absent on leave.

3. It is observed from the remark opposite to No. 1 in the 3d page of the application, that the character and past conduct of the applicant are entered as "Indifferent". It rests, therefore, with Government to make such reductions in the amount of Pension that may be sanctioned to him as it may deem proper with reference to Article 514 (b) of the Regulations.

4. The delay in the submission of this application is explained by the Collector in para 7 of his remarks attached separately to the application.

(7). In the Course of verification in this office in the last week of October last of the applicant's Services it has been ascertained that he was on sick leave from 1.2.94 to 14.7.94 and that his pay from 1.4.94 to 14.7.94 is shewn as being withheld for future payment. On a reference being made to the Head Assistant Collector he reported finally on the 2nd Decr 1896 after ascertaining from the Tahsildar that no payment has yet been made and then it was discovered that the original order sanctioning the leave was said to have been mislaid; the Collector then in his Ref. on No. $\frac{3968}{acc}$ of 96 dated 9.12.96 accorded fresh sanction and the Tahsildar was ordered to submit supplemental paybills for the said period which was received in this office on 27th Instant; but as these relate to a period exceeding two years application for the

For Collector [illegible]

Proceedings of the Collector of S. Arc
dated 14th August 1886.–

1. Read this office letter to the G. D. Dy Collector dated 27th April last, No. 738 and Proceedings of the same date.

Read also G. D. Dy Collector's office letter dated 29th June last No. 247.

2. Sama Row admittedly received the report in question and cannot account for it. He says he took no receipt for the papers handed over by him to Parthasaradi Pillai.

3. Parthasaradi Pillai cannot say whether a list of the papers was made or not when he assumed charge.

4. Each officer is thus, on his own admission, answerable for grave irregularity in neglecting the precautions ordinarily practised in transfer of papers in such cases.

5. Cases of the disappearance of papers from Taluq records having been frequent in this District, it is necessary to punish severely irregularities such as the present the effect of which is to render it impossible to fix the responsibility for the safe custody of any document upon a single individual.

6. I determine therefore to direct that Sama Row (who has since been transferred to Tirukoilur) and Parthasaradi Pillai be each suspended for one month, for grave neglect of duty.

Order.

The tank built by Nagi Reddy and Kesava Reddy many years ago in Veerasolapuram village, Kallakurchy taluq, has at its waterspread Rev. Survey No. 623 & 624. The former Government poramboke measures Ac. De. 20.68. The latter number is on puttah. In 1888 the Deputy Collector on a report of the Revenue Inspector Shama Row ordered that 10 years' assessment should be paid for the land covered, which the Revenue Inspector then reported to be C. 2.1.0, and the value of the trees Rs 20, that the lands should be granted on puttah and that no Kassar should henceforth be charged. The mistake arose from the Revenue Inspectors report which was written after an inspection of the land

land. He reported the area submerged to be about C. 2.12.1 of which ·-11.1 was in puttah. The Tank owners now refuse to take up the field and pay 10 years' assessment or to pay the value of trees.

2. I do not see any reason to suppose any fraud on the part of the Tangal owners, and the Deputy Collector K Subba Rao's order appear to have been wrong and not in accordance with S.O. No. 8. I have seen the Tanks and I do not see any reason to suppose its construction to have been objectionable. It is substantial and well Constructed. The owners should under para 5 of the S.O. be allowed to have the bed of the tanks free of assessment and as the bed has not been cultivated in past 10 years, any trees now standing on the waste number should be sold at a fair valuation to the Tank owners. In order to prevent any larger area of land being brought under waterspread by a lengthening of the bund, only the

area

area which has been Cultivated with wet Crop on an average during the last 10 years should be allowed free of Kasser charge, and any cultivation over that area should be charged the usual water rate. The Dy Collector should dispose of this case and the Inadam Tank case on the above principles and inform the Tank owners accordingly: that is to say, The area under waterspread which has not been cultivated for 10 years should be granted free of assessment, the trees should be sold and the Ayacut should be fixed on a 10 or 5 years' average.

3. There remain the Case of the Revenue Inspector to be dealt with. He was ordered in 1888 to report on the petition of the Construction of the Tank and in that report he said the Veerasolapuram Tank Covered Cs 2.12.1 of which Cs. "-11-1 were in puttah and Cs 2.1 Govt. waste: as a matter of fact when I saw the tank in September 1891 the tank had

only/

only a few days' water in it and that water covered certainly some 12 or 14 acres or more. The water only reached to the foot of the bund. The Revenue Inspector's explanation is (1) that when he examined the tank he looked into the Land Register and saw S. No 623 given as 2·72 in extent and so he was led into an error; (2) that there was no water in the tank bed, so he could not say what the waterspread accurately was; (3) that he measured the waterspread which the Kurnam pointed out to him and put pencil marks in the rough sketch to show what he had done; (4) that recent improvements to the Bund have enlarged the waterspread.

I cannot accept any of these excuses as satisfactory. As regards the land Register there was in it a glaring error of the ~~division~~ omission of 17 acres and if the Revenue Inspector

had

had done his ordinary duty and seen on the ground the boundaries of No 623 entered in the Register as tank waterspread, he would have seen at once the error in the Register. He can never have examined the ground at all. The second excuse that there was no water in the tank is equally unsatisfactory. The tank bund is a very long one and the Revenue Inspector's story that he was led to believe that the breadth of the waterspread was only 1/10 of the length of the bund is ridiculous. If he had been to the spot he could not have made the mistake, if he had taken the slightest trouble and the length of the bund itself should have shown him at once that the land Register contained a glaring error. The recent improvements to the Bund have not increased the waterspread to make it at all probable or possible that the waterspread

in

in 1888 was as little as $\frac{c}{2.1}$. The bund has certainly not been lengthened. If anything has been done it is that the bund has been raised. But as I have remarked above, the waterspread, when the tank holds a few days water, is 10 or more acres. The improvements to the bund did not affect that. It is also clear from the Survey map and the land Register as corrected by the map that in 1883 the waterspread of the tank was what it is now. If the Revenue Inspector had looked at the map he could not possibly have made the error he made. I do not believe he even looked at any record at all and the pencil mark showing the measurements in the sketch map are I imagine a recent addition. I find on the perusal of all these papers that the Revenue Inspector was either acting fraudulently in the matter or in such a disgracefully careless way as to deserve a severer lesson. I found this Revenue Inspector out in the Jamabundy of the Taluq doing a fraudulent act to conceal his carelessness, by antidating an entry in the village accounts and he was warned and fined Rs 10. I now consider he must have a severer lesson and I therefore order his reduction from 1st class Revenue Inspector to 2nd class.
