6. Service. 15 years & 5 months
7. Sick leave granted during the service. Nil
8. Disease or cause of disability. Leprosy (variety Tubercular)
9. Abstract statement of case showing how the disease or disability was contracted, the results of the treatment adopted. In case the disease or disability is believed to have been caused by irregular or intemperate habits, the reasons for such belief should be stated.

On 9th October 1896 Assistant Surgeon A. J. Westlake reported as follows to the Superintendent of Police North Arcot.

"With reference to your letter C No 2439 dated 27th September 96 I have the honor to state that I have examined 3rd Grade Head Constable No 303 Govindaraju Mudali and find him suffering from leprosy. The chest and abdomen are covered over with small nodular swellings as large as peas. There are a few on the inner surfaces of the forearms and arms; on the thighs and legs are small round dark patches, which are the remains of old nodular swellings similar to those now present on the chest and abdomen. The feet present a shining appearance and there is slight thickening of the ears. The skin of the face is rather vascular and appears as if thickened. I do not consider him fit to return to duty but as he has improved considerably since the past year, I would recommend that he be granted a further extension of leave for a period of another year or at least 6 months."

The Superintendent of Police pointed out in reply that according to W.P.O No 267 of P.O. book the man if a lepro could not be given leave but must be discharged the service. I agree with Asst. Surg. Westlake's description & diagnosis & therefore recommend that the Constable be discharged the service as unfit. Disease contracted in service & not the result of vice or intemperance. R.
