C. No. 1361.

From the Surg. Genl. with the Govt. of Madras. 8/12-9-96 No. 4870.

" Acct. fml. Dated 8 Dec. 1896, No. $\frac{A2J}{508}$.

FOR ORDERS.

Please see the applicant's invaliding certificate flagged B. He has been incapacitated for further service in consequence of 'Chronic Bright's Disease'. The Medical Board is of opinion that the applicant's incapacity is the result of irregular or intemperate habits. This, as the Acct. fml. certifies, would bring the case under art. 498 C.R., and initiate the applicant's claim for pension. The applicant's character otherwise having been recorded as good, reference is solicited to the note for orders under f.O. $\frac{214}{6.3.93}$ Pension, wherein the individual referred to was granted a pension under similar circumstances.

It is not possible from the papers to judge whether the circumstances were similar, as there is nothing to show the nature of Mr. Morgan's irregularities. In this case the

*: The qualifying words "to some extent" appears in Mr. Morgan's medical certificate

C.9/11/97

applicant's incapacity is the result of drink. The Medical History sheet shows that he drank himself into Delirium tremens ^{April & May} in 1874 when on privilege leave. & was, on return to duty, sent on sick leave in consequence of the fact that he had not recovered. He was subsequently suspended for one year "on account of intemperance," the period of suspension following immediately after the sick leave. - There is no reason to doubt that his incapacity for further service is due to "intemperate habits" & it is difficult to see how the effect of Art. 498 of the C.S.R. can be avoided. The penalty of loss of pension is a severe one, but the rule is plain, & P.O. no. 787 Rev. D. 7. July 1891 to my mind contains nothing justifying a different course, whatever may have been done in W. Moreau's case.

LD
7-1897

It seems to me that if this article is the basis in this case it must be so in all.

INSTRUCTIONS.

With the cognizance of the head of his office, or if he is himself the head of the office, of the head of his department: the applicant must present himself with 3 copies of the statement of his case in a cover sealed by his medical attendant at the seat of the Government under which he is serving, or at such other place as may be appointed by that Government where a committee of medical officers can be assembled under the orders of the Surgeon-General. The board should see that the applicant fulfils these conditions.

Before deciding whether to grant or refuse the certificate the medical board may in a doubtful case, detain an applicant under professional observation during a period not exceeding fourteen days.

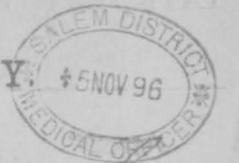

If it can be avoided, the medical attendant on a case should not be a member of the board which considers it, and under no circumstances can he sit as president. He should, however, be required to attend the board to furnish any information whenever his presence is considered necessary.

The medical board, after a careful examination of the officer, and consideration of the medical attendant's statement of the case, will record in the proceedings as follows:—

- Whether change of climate in or out of India is necessary.
- The period of absence recommended in or out of India, care being taken that leave in excess of the period to which the sick officer is entitled by regulations is not recommended.
- In the case of an officer requiring furlough or leave of absence owing to illness caused directly by intemperance, the medical board, whilst recording their opinion, will confine their recommendation to the officer appearing periodically before fresh boards, or to the treatment of the case as one of discipline, whichever may be deemed necessary.

In urgent cases when a medical board considers it absolutely necessary that an officer recommended for change of air, either in or out of India, should proceed in anticipation of sanction, a recommendation to that effect should be made in the proceedings.

GAZETTED OFFICERS ONLY.

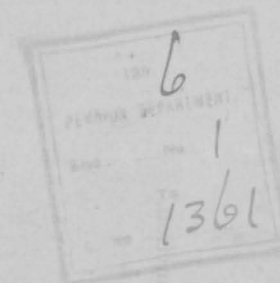

Proceedings of a Civil Medical Board assembled at General Hospital on the 18th day of April 1896,

to report on the state of health of Asst. Surgeon A. Noronha of the Medical Department

PRESIDENT Brigade Surgeon M. Col. A. M. Braufort
 Surgeon Major D. F. Symonds
 MEMBERS { Surgeon Captain P. G. Gabbett

We do hereby certify that according to the best of our professional judgment, after a careful personal examination of the case, we consider the health of Asst. Surgeon A. Noronha of the Medical service to be such as to render him unfit for duty and that he is unlikely to be ever fit for further service in the department for a period of absolutely necessary for his recovery.

And for aforesaid
 B. Surgeon M. Col. President.
 Surgeon Major
 P. Gabbett. Surgeon Capt. Members.

STATEMENT of the case of

Assistant Surgeon
A. Noronha, Salem

Age ... years 35

Total Service ... years 12 years

Service in India ... years 12 years.

Previous periods of leave of absence on medical certificate or private affairs. Leave for 6 months
Suspension for 1 yearDate of return from last leave ... 5th November 1895.

Habits ... Intemperate.

Temperament ... Sanguine.

Disease ... Chronic Bright's Disease.

General health was good up to early part of 1894 and during April & May of that year was on privilege leave during which time he joined freely in certain marriage festivities with the result that he rejoined his appointment at Trivellore at end of May in a state of Delirium tremens and was under medical treatment till 26th June when he was recommended 6 months' leave towards the end of which time he was suspended from duty for one year. He returned to duty at Salem on the 5th November 1895 in an indifferent state of health being extremely nervous and having the appearance of having suffered from alcoholism, in the operation room his nervousness was very conspicuous. Since his return he has suffered from boils on the lower part of his legs, at first the left leg was affected and recently the right leg. On 3 occasions he has been laid up with fever for 2 or 3 days at a time and on the last occasion about a month ago when he returned to duty I examined him & found that in addition to the boils on his leg he had an enlarged heart with a quix (144) hard & small pulse area of hepatic dulness somewhat diminished, urine

Whenever a medical officer considers an officer under his charge to be in such a state of health as to render a change of climate necessary, he will, with the cognizance of the head of the department forward the prescribed certificate and a statement of case to the office of the Surgeon-General with the Government of Madras with a view to his being brought before a medical board.

A medical officer, who may be called upon to grant a certificate to an officer when absent from his appointment, will—except in cases of emergency require the officer to obtain a statement of his previous medical history from his authorized medical attendant. When, under similar circumstances, an extension of sick leave is required, the medical officer in attendance will request the sick officer to procure a copy of the medical statement on which the original leave was granted.

Medical officers on leave at hill stations are prohibited from granting certificates to officers residing there to enable them to appear before a medical board. Such certificates will only be granted by the regularly appointed local medical officer.

The case of an insane officer recommended to be sent to Europe, or to an asylum in India, will be specially considered by the medical officer drawing up the medical history, and by the medical board with a view to distinct recommendations being inserted by both as to the necessity for a servant, or other escort, or any special accommodation being provided for him en route.

The following rules relating to the admission of patients into the Government Lunatic Asylum, Madras, are issued for the information and guidance of all medical officers:—

I. No patient can be admitted into the asylum, under any circumstances, without a medical certificate of insanity (Form A) and an admission order.

II. Admissions into the Asylum are divided into two classes:—

- (a) Private—paying.
- (b) Public—non-paying.

NOTE.—Exemption from paying in the case of private patients is only made when it appears to the Superintendent that the friends or relatives are unable to contribute towards the maintenance of the patient.

III. The documents required for the admission of private patients are as follows:—

- (1) Two medical certificates (Form A) signed by two Physicians or Surgeons, of whom one should be a Presidency Surgeon or a Surgeon in the Government Service.
- (2) Admission order (Form B), one copy. This should be signed together with the statement attached to it by the relative or friend who places the patient in the asylum.
- (3) An indemnity bond to be executed before the patient's admission. Form and full particulars for filling in can be obtained on application.

IV. Medical Officers are prohibited from sending private patients to the Commissioner of Police, Madras, or to any Magistrate for an order for their admission to the Lunatic Asylum when such patients have friends or relatives competent to sign the order. The interference of a Magistrate or the Commissioner of Police is only necessary when a patient has no friend or relative competent to sign an order or is not properly cared for by such friend or relative if he exists, or is found wandering at large or is dangerous. In all other cases the procedure referred to in the preceding rules should be invariably adopted.

V. In the case of a public non-paying patient, the following documents are necessary:

- (1) Medical certificate (Form A), one copy signed by the Surgeon of the District.
- (2) Medical statement (Form C), one copy signed by the Surgeon of the District.
- (3) Admission order signed by a Magistrate.

The disability seems to be due to intemperate habits rather than to service or climate.

A clear opinion should be included in this statement as to whether, or not, or how far, the disability was contracted in and by the service and from the effects of climate, with the reasons for so concluding.

S.G. 1032 high color, slightly turbid, acid reaction albuminous 1/3 trace of bile pigment—^{no sugar} under the microscope numerous epithelial granular & hyaline casts were observed—

At present his bodily condition is good with an inclination to stoutness & feels fairly well but appetite is indifferent—on the lower 1/3 of the left leg there are two unhealthy looking unhealed boils which become painful if he stands long—tongue moist & brownish at base pulse 144 small & hard but regular, respiration 28 heart enlarged, systolic impulse strong particularly over base of heart and aorta—the area of hepatic dulness is somewhat diminished: urine S.G. 1024 high colored, slightly turbid, acid reaction, albuminous 1/3 on standing a considerable mucous deposit formed & under a microscope epithelial & granular casts were observed—

Has not been under treatment & is now on duty but his condition is incompatible with efficiency.

Salem 24.3.1896

Surgeon Major Harrison
Surgeon Colonel
Dist. Medical & San. Officer

I, Surgeon Colonel A. N. Rogers Harrison, do hereby certify that Assistant Surgeon A. Noronha of the Indian Medical service is in a bad state of health, and I solemnly and sincerely declare that according to the best of my judgment, a change of air is essentially necessary for his recovery, and do therefore recommend that he may be permitted to proceed to Mangalore for a period of twelve months.

Surgeon Major Harrison

To,

The District Medical &
Sanitary Officer, Salem

Sir,

With reference to your letter 7038
dated 13th Instant, I have the honor
to give the following information:—

Objections

I The date of the posting order of Assistant
Surgeon Mr A Noronha to Tinnevely
was 5-8-1890 which has been
quoted in the annual returns for
92 & 93, although he actually
joined the District on the 2nd Jan^y
92. In the interval Assistant Surgeon
Mr Gnanam Kuar was acting here.

IV The date of commencement of
Mr Noronha's suspension was
5-11-94 only.

V The pay of the Assistant Surgeon
is only Rs 100 - including the
local allowance of Rs 50.
which has been by mistake
added to the pay.

I have the honor to be

M. W. Munn

Salem
16.11.1896

Brigade Surgeon & Colonel
Dist. med. & San. off.

No 9/6

To
The Secretary to the Surgeon General
with the Government of Madras
Madras.

The pension application returned
with minute II is herewith forwarded
with necessary corrections made
therein.

2. The various objections made
by the Accountant General, Madras,
in his letter no. A.D.K. dated the 28th Sep-
tember 1896 are replied to as follows:-

I (2). The applicant was in this district
only for a few months; all the particu-
lars of his service had to be obtained
from different districts and hence delay.

(8a) Necessary memo is attached.

(12a) Although the medical certificate
is dated 18th April 1896, it was received
from the Surgeon General only on the
23rd April, on the afternoon of which
date he was relieved from duty.

II (a)

II (a) The Annual returns from 1884 to 1889 were not submitted from this office in respect of the applicant. on a reference to the District medical and Sanitary officer, South Banara, where the applicant was first appointed to Government service, the District medical and Sanitary officer states in his letter no. 2237 dated the 21st October 1896 (here-with sent) that the correct date of the applicant's service is 31st August 1883 and the entry on the 2nd page of the application is accordingly altered and initialled.

(b). The April lists for 1892 & 1893 in respect of the applicant were submitted by the District medical and Sanitary officer, Tinnevely, who reports that the applicant was permanently appointed as Assistant Surgeon of Tinnevely from 5th August 1890; but on the 2nd page of the application it is shown that he was permanent Assistant Surgeon and officiating at Calicut from 1st August 1890 as given in the History of Services of the Gazetted officers. The entry

entry has, however, been altered as stated by the District medical and Sanitary officer, Tinnevely.

III. The necessary certificate is herewith submitted.

IV. The correct date of the Commencement of the applicant's suspension is reported to be 5th November 1894 and necessary correction is now made.

V. The April lists in respect of the applicant were not submitted from this office and I am therefore unable to offer any explanation on this point, but from letter no. 2687 of the 19th October 1896 from the District medical and Sanitary officer, Tinnevely, (here with sent) it appears that the local allowance was included with pay by mistake.

3. Correspondence is returned.
