venue department until after one year
from the date of his resignation, and the period
of his 9 years' service therefore became
unaccountable towards his service.

2. That at the time of his enlistment in the
Police his age was put down as 26 years
most probably from the appearance of his
robust constitution not from any horoscope
of his, nor from his knowledge and no doubt
the writer of the enlistment must have made
a rough calculation towards his age
unprofessionally, as in the course of business
a Magistrate or judge does not at trials
of cases in which ignorant persons appear
as witness and are unable to give out
their exact ages. The petitioner's case is
just exactly so. In the service registers
of petitioner his age appears to have
been entered with reference to the Police
enlistment but not from any other
service. It must be considered that
the both the registers are wrong in
comparison with a subsequent date of his
age fixed by the District Surgeon in 1890
which is entered in the same service
register as 47 years that now it comes to
1896 and that therefore

There is yet more 6 or 7 years to complete his
Sixtyth year.

3. The petitioner begs to Submit That
The Acting Tahsildar has in his letter
to the Deputy Collector of Adoni State
his opinion that petitioner looks below
60 years and must be sent to the District
Surgeon for a certificate but that the
Deputy Collector without testing his
age or fitness by the aid of a Medical
Officer has ordered that he must
retire at once ~~immediately~~ Even if any
body looks at him he will at once
say he is 54 or 55 years old and not
beyond that. That when the Acting
Tahsildar took charge of the office he
fell ill and applied for leave, but it
was refused. The weakness caused by
the illness with which he was then
suffering must have struck the Acting
Tahsildar to recommend petitioner
for retirement. After 3 months he was
restored to a primitive state of his
health. He looks strong and robust. possesses
no white hair and can work without fatigue.

ERS.
6.
That the opinion of the District Surgeon
in 1890 is a stronger source of reliable
Calculation as regards the age of petitioners
than the Service register or the police
enrolment in the absence of his horoscope.
Hence it is a quite conclusive proof that
petitioner is less than 60 years and the
petitioner trusts that the Government
will pay a greater regard to the Doctor's
Calculation than any other journal.
He is a man of 8 children and if he
is insisted upon to retire with all
that goes in his favor he would starve
to death with all his children especially

now a days at a pension of £20 a month
5. That he begs to ~~state~~ ^{submit} ~~that~~ ^{state that he has submitted} for the favourable
consideration of Government. The following

records thro' the Collector Bellary on 8/1/97
with reference to a Govt. Endorsement no
2347 Revenue Dept. D 8/12/96.

1. The Tahsildar's Sakid D 9/11/96 directing him to retire.
2. The Tahsildar's letter to the Dy. Collector of Adoni recommending Peter for retirement.
3. A certificate granted by the Police Supdt. D 8/4/99.
4. Copies of testimonials obtained from those under whom he served and that he did his work most satisfactorily and never taken to task at any time.

prays that His Excellency the Governor's Council will be pleased to give a favourable Consideration to his case and allow him to remain in his office of Daffadar for at least four or five years more when his minor sons will attain majority and seek employment elsewhere to protect his large family. The Collector has endorsed that the Govt. has not yet passed orders on my petition made on 8/1/97.

But the Govt. has favoured an endorsement that the petition made on 8/1/97⁺ sent thro' your honor has not yet reached. Copy of the endorsement No. 804 A. Received from the Govt. on 2/5/97 by me is here in enclosed.

I pray to your honor to forward this petition to the Govt. once more & to get me a favourable reply at an early date, as I must draw my six months pension in the next month without fail as I ordered by your honor.
