Amaragathi Mudaliar entered the public service in the P.W.D. on the 18th October 1873 as Monegar of Red Hills and Cholavaram tanks on a salary of Rs.15, and in Jany. 1877 he was promoted to the post of Sub-Overseer 1st grade on Rs. [illegible]. He remained in the P.W.D. until the 29th Feby. 1880, when on the reorganization of the Dept. he was transferred on a lower pay to the post of sub-Overseer in the Local Fund Dept. On the 3rd June 1880 he was dismissed by the President of the Local Fund Board having been found unfit to hold the appointment, and on appeal he was informed that the Govt. could not interfere on his behalf as the power to dismiss Local Fund Servants was by law vested in the President of the Board.

In 1884, he applied to Govt. for the grant of some retiring allowance for his service in the P.W.D. rendered prior to his transfer, but the request was negatived on the ground that at the time of transfer he had not completed 30 years' service nor attained the age of 55 years nor obtained a medical certificate of incapacity for further service. The Govt., however, [illegible] of opinion that the sentence of dis

sal passed upon him was unduly severe and accordingly declared that should he be reemployed his previous qualifying service under Govt. would be reckoned as qualifying for pension if his final retirement was under conditions which entitled him to a pensionary allowance. Amarapathi Mudaly failed to obtain re-employment in Govt. service, and in '95 he again petitioned the Govt. repeating his request for the grant of a retiring allowance. In an exactly similar case disposed by G.O. 205 (Pension) d/ 13-7-95, the Govt. granted a pension to the individual* therein mentioned and the grant was confirmed by the Secretary of State. With reference to the decision of the Secy. of State in that case, the President, District Board, Chinglepul was directed to report the circumstances under which Amarapathi Mudaliar was dismissed from the Local Fund Service in 1880 and if his dismissal was considered as unmerited,+ to submit the usual pension application for his services ending with the 29th Febry 1880. The pencion application has come and the Accountant-General certifies that under ordinary circumstances a compensation gratuity of Rs. 420 will be admissible to the applicant for his qualifying superior service of 7 years, ~~///~~ 2 months and 18 days and that it is for Govt. to determine whether he should be given a gratuity with reference to the views of the Secy. of State in G.O. 132 dated 14-2-96. In the analogous case referred to, the Secy. of State says that in such cases it is desirable that the allowance to be granted should be rather less than the maximum compensation pension (or gratuity) admissible under the rules in order to mark the compassionate nature of the grant. The applicant's character while he was in the Local Fund Board is recorded as bad, as he was dismissed. There is nothing against him prior to his transfer to the Local Fund Board.

From para 3 of the Sec of State's Despatch under G.O. Hypd A it is seen that the applicant should get something under the full gratuity admissible. His conduct in the L.F. Service is given as bad but apparently he served well during the famine of '77. Vide page 5 of G.O. 724 Rev d/ 11 June 1883 (F.) Para 3 of the Sec: of State's despatch

flagged A. (but A, or A2) is very important. It lays down: "He shd not have any claim to pension or gratuity except in so far as Govt. may be disposed to ~~grant~~ award it" "but if there is reason to think that the man deserves some compassionate allowance it shd be open to the Local Govt. to award such an amount as it thinks fit." The position then really is that this man has no claim unless Govt. chooses to recognise it. The case is not an uncommon one. The man was not up to the standard of the D.P.W. and he was pushed out in the reorganisation. He was taken into the L.F. service where he was again found incapable and was pushed out there again. I do not see myself why he shd be given anything. But Govt. have given a pension in a similar case. If precedent be followed the only question is what the amount of gratuity shd be.

Under all the circumstances I think we shd give R 415

CERTIFICATE AND REPORT OF THE AUDIT OFFICER (1).

Submitted to Government. The applicant commenced service in the Imperial Public Works Department in October 1873, and continued in Service up to 29 February 1880 when, owing to reduction of establishment was transferred on lower pay to the post of Sub Overseer in the Local Fund Department. He held the latter post up to 3 June 1880, when when he was dismissed from the service on account of neglect of duty. After an interval of about 15 years he applied to Govt: for a retiring allowance for his service rendered in the Public Works Department, and the Government thereupon directed the President, District Board, Chingleput to submit an application for a Retiring allowance on behalf of the applicant for his service ending with 29 February 1880. Hence the present application.

The applicant's pensionable service in the Public Works Department reckoned up to 29 February 1880, amounts to 6 years, 2 months and 18 days; to which one year's famine service being added agreeably to Govt: Order No. 724 dated 11 June 1883 Revenue, his whole service amounts to 7 years 2 months and 18 days; for which under the strict letter of the rules, no retiring allowance would be admissible as the applicant was dismissed from the service on account of neglect of duty. But with reference to the views expressed in an analogous case by the Secretary of State in his Despatch d/ 19 Decr: 1895 embodied in the Govt: of India No. 819 [illegible] Final [illegible] Government [illegible] whether any, if so, what amount of gratuity should be granted to the applicant as a Compassionate allowance for the service rendered by him to the Govt. Under ordinary circumstances a compensation gratuity not exceeding Rs 420-0-0 equal to 7 months emoluments would be admissible to him. Rs 314-13-1 entered by the President on the 1st page of the application as the proposed amount of gratuity is apparently due to an erroneous method of calculation adopted in the Presidents' Office.

From the Presidents' letter No 681 dated 5 October 1897, enclosed, it would appear that the applicant's past conduct has been characterized as bad. It rests with Govt: to decide, in the event of any gratuity being granted to him, whether any reduction should be made with reference to Article 514 (b) of the Civil Service Regulations.

SIR,

Having Completed my inspection of the roads in the principal division of the Chingleput District. I have now no hesitation in stating that their Condition almost everywhere is bad and I Can only attribute the same to neglect and want of proper Supervision over the Sub overseers who were employed in Carrying out the annual repairs.

7
7
839

2. The roads are particularly bad in the Ponnery and Trivellore Talugs also in the Western portion of the Sydapet Talug and this I think is due to systematic neglect for a period extending over Several years.

With the exception of those roads that were leased out to a Contractor for three years by the Sydapet Local Fund Board. the D.P.W officers are I believe responsible for their present Condition.

3. When I was engaged in taking over temporary Charge of the old Sevroolee Range from Captn Taylor in November 1875. I inspected the Northern Trunk Road up to Tada in Company with that officer it was then in Splendid order throughout at present as you are aware, nearly two thirds of its length is so bad that the greater part of the road must be recoated and for which an estimate amounting to large Sum of Rs: 26,250 was Sent to you not very long ago.

4. With the liberal allowance of Rs: 450 per Mile this road Could have been Maintained and kept in good order that is if the money granted year after year were Judiciously Spent on it.

5. I am of opinion, and I am not Singular in this opinion, that overseers Amarapathy Mudaly and Naramachary Should be held responsible for

the

the abominable Condition of the roads under their Supervision, the former States that he was incharge only for a Short period and endeavours to Shift the blame on to others, vide his written Statement enclosed in this letter I am not in a position to State who are responsible besides these two men; there is no doubt that the roads have been in Several hands during the past 5 years and it would be difficult at this Stage to ascertain precisely what degree of responsibility is attached to each overseer. There has been, I am certain Systematic Swindling and neglect extending over a period of 5 years; but from the fact of Amarapathy Mudaly being incharge of the N. Trunk road for the past Seven months and considering the large amount of money that has been Squandered during the past year on this road, exceeding the liberal grant by Rs. 2770^×^, and since, from his own admission and my check measurement it has been Shewn that no account of the materials at Site has been kept by him. I have no

hesitation

Expenditure = 12730
Liabilities = 2640
15370
Grant = 12600
× Rs. 2770

hesitation therefore in recommending his Summary dismissal. The man has no special knowledge for the work, he holds no certificates of qualification and in my opinion should never have been pitch forked into a responsible position for which he is in no way fitted.

6. In regard to Narainachary's Roads, they are a little better, but still neglect and waste are apparent everywhere, he is an old Servant and since Sergt. Taylor his Sub Divisional officer has given him a good testimonial I feel reluctant to recommend his dismissal I would therefore suggest that he may be kept on probation and if after a definite period say 12 months, he fails to render satisfaction then his Services may be dispensed with or he may be called upon to retire, his Service I believed extends over a quarter century.

7. If Amarapathy Mudaly's Services are dispensed with and the sooner they are the better, I beg to propose with reference to my letter No: 36 of 13th April/80 that either Mr. Scanlon or Krishnasawmy Mudaly may be appointed on a Salary of Rs: 40 and posted to Chingleput, the present incumbent at Chingleput being sent to take Amarapathy Mudly's place at Ponnery on a Salary of 40 Rs. per month. This arrangement will complete the Staff of overseers according to the Scale lately proposed and approved by you.

I have the honor to be &c.

in his service register. The original order of dismissal from the service of the Local Fund Board is not forthcoming and this fact was reported to Government in this office letter ref. on No. 173/2 dated 16th October 1896, copy of which is enclosed. So far as his conduct while in the Local Fund department is concerned, it must be characterized as bad in as much as the man was dismissed. Please see also copy of the District Board Engineer's letter No. 188 dated 22nd May 1880 herein enclosed, on which the order of dismissal was passed.

Nos. 10 and 11 of the same memo of instructions. The Executive Engineer's reply on these points is herewith submitted. As the applicant was dismissed from Local Fund service, there was no necessity to find employment for him elsewhere.

Point 2. The applicant's signature has been obtained at the required places in his service Book.

Point 3. The amount of gratuity noted in the application was calculated with reference to article 518A of the Civil Service Regulations. In calculating it the one year's service granted as a bonus in G.O. No. 724, Rev; dated 11th June 1883 was taken into account.

Point 4. The required certificate of the Examiner of the Public Works Accounts is enclosed.

Point 5. This is a special application

submitted in obedience to the order of Government. It is not known in this office under what head the Government desires the gratuity to be classed.
