Secy.

H.M.

The reduction of pay in 1893 has affected the pension now earned, ~~[illegible]~~ thus the punishment follows him into his retirement. But a classifier's false diaries are a very serious business, & it is a question whether the pension should be further reduced to say R 3:12

W
8.12.97.

Considering what he has lost already in pay & pension I think it will be enough to deduct the 8 pies

Remarks on the pension application of Vellore Govindaraju Mudali, classifier of Revenue Settlement Party No II and sub pro tem classifier of Party No III.

1. The applicant was granted a year's furlough from 4th August 1896, but at the expiration of the period he applied for leave on medical certificate getting himself admitted as an outpatient in the Hospital at Vellore. The Medical Officer who was addressed to examine the applicant ~~and~~ certify as to his illness stated ~~[illegible]~~ in his letter No 2153 dated 20th August 1897 that the applicant was "suffering from an old-standing reducible Hernia which would probably disqualify him for further service." The applicant also presented a petition praying that he might be sent to the General Hospital Madras for further medical examination. As the District surgeon at Vellore had already once examined the applicant he was again sent to that Officer. That Officer has now furnished the present certificate dated 25th September last invalidating Govindaraju Mudali for

2

for further public service. He has accordingly been retired from that date, the period from 4th August 1896 to 24th September 1897 being treated as leave on medical certificate under article 266 of the Civil Service Regulations.

2. Explanation for the delay in submitting the pension application.

As the signature of the applicant had to be obtained in the last page of the Service Register the book was sent on the 11th September to the Tahsildar of Vellore where the applicant was absent on his leave;

As the Service Register was not returned till the 6th October, a telegraphic reminder was sent to the Tahsildar on that date. Though the signature of the classifier appears to have been taken on the 8th October, the Service Register reached me in camp only on the 19th idem whence it was sent to my Head Quarter Office which it reached on the 23rd idem. The pension roll had to be prepared thereafter and sent to me in camp again.

3. From some of the entries in the Service book it appears that the applicant was granted by the Dy Commissioner of Party No II leave without allowance for 4 months from 12th October 1895, in continuation of leave on medical certificate which commenced from 12th August of that year, and that subsequently the said period of leave without allowances was commuted into leave on medical certificate and extended up to 12th March 1896. In other words the classifier was granted leave on medical certificate from 12th October 1895 to 12th March 1896 and this final entry appears in the pension roll.

As the annual April returns prior to 1897 were submitted by the Dy Commissioner No II Party, any explanation on that subject that may be called for by the Accountant General, should be obtained from the Dy Commissioner at Mangalore.

CIVIL MEDICAL FORM No. 32.

(Certificate for retirement on invalid pension or gratuity.)

CERTIFIED that I have carefully examined V. Govindaraju Mudaly

son of Ekambara Mudaly

a Classifier, No III Party, Revenue

~~in the~~ Settlement.

His age is by his own statement 38 years and by appearance about 40 years.

I consider V. Govindaraju Mudaly to be completely and permanently incapacitated for further service of any kind or in the Department to which he belongs in consequence of

Atonic dyspepsia and Inguinal hernia

His incapacity does not appear to me to have been caused by irregular or intemperate habits.

STATEMENT OF CASE.

1. Rank. Classifier
2. Name. V. Govindaraju Mudaly
3. Department or Office. No III Party, Revenue Settlement
4. Marks of identification. { A dark brown mole on the left shoulder; A scar on the left side of the forehead; A black mole below the left collar bone
5. Age. 38 years.
6. Service. 20 years.
7. Sick leave granted during the service. 7 Months in 1895.
8. Disease or cause of disability. Atonic Dyspepsia & Inguinal Hernia
9. Abstract statement of case showing how the disease or disability was contracted, the results of the treatment adopted. In case the disease or disability is believed to have been caused by irregular or intemperate habits, the reasons for such belief should be stated.

This Officer complains of weakness and frequent attacks of colic. He was treated in the General Hospital, Madras, two years ago for atonic dyspepsia and was relieved, but the symptoms have now recurred. His digestive capacity is weak, and appetite much impaired. Any exertion such as that required by his occupation soon exhausts him and brings on palpitation and shortness of breath. There is pain in the stomach after food, and indisposition and apathy for active work. He has also got a large reducible inguinal hernia of 10 years duration which very much inconveniences him during his field work. The disease is probably due to irregular meals as regards quality and time necessitated by the nature of his work. The disease is chronic, and, I believe, he is not likely to be cured, should he continue in service, as his present work would only aggravate the complaint.
