CERTIFIED that I have carefully examined Jagannath Patra

son of Korono Patra

a Head Master

in the Government Upper Primary School, Balliguda

His age is by his own statement 60 years and by appearance about 60 years

years.

I consider Jagannath Patra

to be completely and permanently incapacitated for further service of any kind or in the Department to which he belongs in consequence of defective vision due to incipient cataract and debility the result of old age.

His incapacity does not appear to me to have been caused by irregular or intemperate habits.

Sir,

In reply to your R. No 6049/28-10-97 I have the honour to report as follows:-

2. The reason for the discrepancy noticed in your 1st objection is that the man was ordered to go for medical certificate during the recess, which lasted from July 1st – August 31st. As he failed to go in time and even when he did go, he failed to come and get a letter from me to the District Surgeon was some delay in getting certificate.

Urgent

TATEMENT OF CASE.

28 OCT. 97

As he did not join his post on September 1st, I retired him from that date.

3. The delay occurred as follows: first I had to wait for the medical certificate, after it came, I being in camp, had to wait for papers from Head Qrs., and these took time. As it was, I sent off the application on 31-9-97 within 15 days of receipt of the medical certificate.

Read - the following papers:-

From J. G. Horsfall Esq., Agent to the Governor in Ganjam, to the Chief Secretary to Government, dated Chatapore, 18th October 1888, No. 603.

With reference to paragraph 11 of G.O., dated 7th August 1888, No. 1666, Judicial, I have the honour to report that double rates are at present allowed uniformly for Khonds and Uriyas without distinction, and that my Special Assistant intended to recommend a further increase for Khonds. As, however, double rates are already paid, I am not inclined to recommend any further increase in the case of Khonds.

Referred to the Director of Public Instruction for remarks, in continuation of paragraph 11 of G.O., 7th August 1888, No 1666.

From H. B. Grigg Esq. M.A. Director of Public Instruction, to the Chief Secretary to Government, dated Madras, 17th January 1889, No: 344.

In returning the enclosed reference, dated 8th November 1888, on current No: 4662, Judicial, I have the honour to state that I agree with Mr. Horsfall that

that it is not desirable to increase the results portion of the teachers' stipends, but I am inclined to think the Salary portion of the stipend may be raised. The Inspector has submitted proposals, which I am referring for opinion to the Agent. On receipt of his reply, I will address the Government again.

From H. B. Grigg Esq. M.A., Director of Public Instruction, to the Chief Secretary to Government, dated Ootacamund, 11th June 1889, No 6-302.

Adverting to reference on No: 234 of 1889 and in continuation of my letter, No: 344, of the 17th January last, I have the honor to enclose letter, No: 142, dated 11th April 1889, from the Agent to the Governor in Ganjam, referred to in my letter above cited. The Inspector of Schools, to whom I referred the Agent's letter, approves of the modifications proposed by Mr. Horsfall, and accordingly recommends them for Sanction.

2. I have very carefully considered the proposals, as they are rather important as affecting the education of one of the backward classes in a district which has not the educational advantages that other districts possess, and I am of opinion that all the Schools should be organized on the Salary results system, that the new Salary results Schools should be included in the reorganized establishment, and

that

that the teachers in the two classes of Schools, 56 in all, at present should be graded as follows:-

Class	Number	Pay	Total.
I	2	Rs 15	Rs 30.
II	10	11	110.
III	20	8	160.
IV	24*	5	120
Total	-	-	420

* Including 3 Assistants.

It is needless for me to dwell here on the advantages of the Salary results system. Experience has fully shown that in backward tracts no other system works so satisfactorily as this. The advantages of having a graded system of appointments are many. Teachers will exert themselves better when there is a prospect of their being placed in a higher grade. The scale of pay recommended above only differs slightly from that proposed by the Agent. Instead of 10 appointments on Rs 12 each, I recommend 10 on Rs 11 each; and one appointment on Rs 7. I have converted into one on Rs 5, so as to arrive at a proper distribution of Salaries for the different grades.

3. I beg also to propose that the fourth class should include assistants, and that no teachers not already in the Service of Government be appointed to the third class without the special sanction of the Director of Public Instruction. I would also make it

a condition that teachers of the third class should be holders of Normal certificates of primary grade, lower, and those of the second and first classes should possess Normal certificates of Primary grade, Higher. Of course, these conditions need not be insisted on in the case of teachers already confirmed. It should be left to the Agent to the Governor to distribute the teachers in the different Schools, and to promote or reduce them according to circumstances.

4. I beg also to suggest that, if new Schools are to be established, the teachers in these Schools should be appointed, in the first instance, to the fourth class until the number in this class rises to 30, and if the ~~of~~ progress of the School justified the measure, the higher classes be gradually strengthened.

5. The present sanctioned scale of the Salary Schools and of the Salary results is Rs 410 and Rs 92, respectively, making a total charge of Rs 502 per mensem. The proposals made by me in paragraph 3 supra, if given effect to, will cost Government Rs 420, leaving a net saving of Rs 82/- per month, or Rs 984 per annum. This saving may be utilized towards the payment of the results portion of the masters' stipend. The figures of the last two years show that each of the salary-results schools

earned

earned, on an average, Rs 65 in the shape of results grants. Taking this to be the average earning of the Schools, a sum of Rs 1,800 will be needed for payments by results. The saving in stipends, Rs 984, shown above will meet a considerable portion of the extra expenditure under results grants. Results grants should be paid at the rates fixed for results schools in Agency tracts under Chapter III

6. I have every reason to think that the scheme above proposed will, if carried out, give a further stimulus to education in the Agency tracts of Ganjam. The proposal, moreover, involves only a slight extra cost to Government, which can be met from savings under Grant-in-aid.

7. I beg that the early sanction of Government may be obtained for giving effect to the scheme from 1st July next.

Enclosure

From J. G. Horsfall Esquire, Agent to the Governor in Ganjam, to the Director of Public Instruction, Madras, dated Chatrapur, 11th April 1889, No 142.

In reply to your letter, dated 16th Ultimo, No 2411, communicating a copy of of your Proceedings, dated 1st March last No 1843 for my remarks, I have the honor to inform you that I fully concur with the Inspector of Schools as to the advisability of converting all the existing Salary Schools into Salary results schools. It is the surest plan for securing efficiency in the teaching staff.

2. He also proposes to increase the pay of the Masters in the existing salary Result Schools, and in this I also agree.

3. The Special Assistant Agent has always advocated these two measures, and, as there appears to be no question as to their advisability, I confine my remarks to the manner of the changes.

4. The Inspector of Schools has drawn up a scheme (vide paragraph 4 of his letter) showing the present and proposed pay of the masters. This list is, however, incorrect, both as to the number of masters and the pay they draw.

5. It appears that he is under the impression that the Schools were graded, in the matter of pay, whereas in fact it is the masters who are so, which is a much better system, inasmuch as the strength and relative importance of the school varies from time to time.

6. He proposes to reduce the pay of the Salary School masters by one-third approximately, which is right enough; but, he says, "In the case of Schools whose attendance is small, the salaries of the masters are reduced by a higher proportion". This, I submit, is not necessary, for as the masters are graded, if a school declines, the master can always be reduced to a lower if it his fault, or if it is not so, a lower grade master can be transferred to the School. This is the practice hitherto observed.

7. It is fairer to take the existing masters into consideration, leaving out the Schools, and reduce their pay by about one-third all round. The result of this is shown below.

The present sanctioned scale of the salary Schools is —

			Rs
2	Masters on	Rs 24 each	48
10		18	180
7		12	84
1		10	10
11		8	88
	Total cost per mensem		410

The proposed reduction of the pay of

of Masters is —

			Rs.
2	Masters on Rs	15 each	30
10		12	120
7		8	56
1		7	7
11		5	55
	Total monthly Cost		268

8. The Inspector proposes a reduction of pay from Rs 18 to 10 without adverting to the suggestion of the Deputy Inspector, that a second master should be appointed for each of the three Schools — Ramagiri, Udayagiri, in Peddakimidi & Maliahs, and Chandragiri.

9. These three schools show a larger percentage of average daily attendance to total number on the rolls than any other Salary System School, and the actual average daily attendance is equal to that in five other schools, according to the Senior Assistant Agent's statement for each of which a second master is proposed.

10. To secure efficient instruction to the infant class, on which such strong insistence is rightly placed, I think it essential to appoint two masters to each of the Schools in question. I would therefore appoint three more teachers on Rs 5/ each.

11. By this the proposed total monthly cost of Rs 268 will be increased to — Rs (268 + 5 × 3) = 283. As the cost of the present sanctioned establishment is Rs 410, there will be a saving of Rs 410 − 283 = 127 per mensem or Rs 1,524 per annum.

12. In regard to the Salary result masters, I propose to raise their pay all round, as they are at present absurdly underpaid. The Inspector of Schools also comes to the same conclusion. The present and proposed establishment is as follows: —

Present Establishment.

		Rs
13	masters on Rs 5/ each	65
9	3	27
	Total per mensem	92

Proposed establishment

13	masters on Rs 8/ each	104
9	5	45
	Total monthly Cost	149

The increase is Rs 57 per month or 57 × 12 = 684 per annum.

13. There is thus an annual saving of Rs 1,524 in salary schools and an annual increase of expenditure of Rs 680 in the Combined system schools on the existing scale. The net saving will be Rs 1524 − 684 = 840

= 840 per annum.

14. The savings thus effected will nearly suffice to meet the expenditure incurred in giving results grants to the Schools in which at present under the pure salary system nothing is paid.

15. There is very little practical difference between my proposals and those of the Inspector of Schools as shown below.—

	Inspector's scale. Rs	Agent's modification Rs	Difference. Rs
Savings in salary schools per annum	1620	1524	96.
Loss in results salary Schools	696	684	12.
Net saving	924	840	84 per year

I think if these modifications were referred to him, he would probably admit that they are an improvement. Strictly speaking, the saving in the Inspector's scale is Rs 1728 under salary system Schools. The mistake is due to the exclusion of a master on Rs 24 — according to the present scale or on Rs 15 according to the revised one. The excess expenditure under the Combined System schools would have been greater had he taken the Schools at Barukunnma and Grottingia into consideration. The three masters of these two schools at present draw Rs 13 — two at Rs 5 each and one on Rs 3.

16. I recommend the early introduction of the revised scheme.

Order — dated 22nd June 1889. No 1068, Judicial.

The Director of Public Instruction's proposals are approved and sanctioned.

Objection 1 — The applicant being an Uriya man has no house or country name.

Objection 4 — The applicant was Head master of Udiagiri in Peddakemidy maliahs which was in the jurisdiction of the Senior Assistant Agent, from 1876 to 79. Hence his name did not appear in the annual returns for those years submitted from this office.

Objection 5 — The name Jagannatho Behera is identical with Jagannatho Patro but Jagath Behera might have been a clerical mistake for Jagannatho Behera.

Objection 6 — The applicant was, as stated above, in the division of the Senior Asst. Agent up to 20-12-79 and his service book during the period could not have been, in this office. It was, I think not received here at the time the annual return for the year was prepared, i.e., in April 1880 and the date of birth entered in the return must have been a mere guess.

The date of birth entered in the Service book is correct.
