GOVERNMENT OF MADRAS
23 MAY 1898
PENSION DEPARTMENT.

To

The Honourable the Chief Secretary to Government
Pension Department
Madras.

Honourable Sir

1. I most humbly beg to submit that I have been a servant of Government of 26 years standing having risen from a Clerk on Rs 17-1/2 per month and latterly a District Munsiff of 12 years standing occupying a place in the middle of the 2nd Class of District Munsiffs and drawing a pay of Rs 300 per mensem — with a service of 21 years Counting for Pension.

2. As I failed to perform my duty by Sickness and debility the District Judge of Bellary sent me with his letter dated 23rd September 1895 No. 1338 to the District Medical officer of Anantapur for examination & report.—

Ex. 8

3. The

3. The District Medical Officer of Anantapur found me after observation as suffering from Intermittent Glycosuriya Chronic Gastritis, nervous Exhaustion &c and declaring me Incapacitated for further Service issued a Pension Certificate dated 7th October 1895; and I was relieved from duty on the evening of 14th October 1895. {Ex. 9/10

4. I was serving at Penukonda in the interior of the Province and the amount of Pension claimable by me was less than Rs100 per mensem but the Honourable High-Court while ordering me in their letter No. 2845 dated 11th October 95 to submit my application for an Invalid Pension erroneously and unnecessarily required me to produce the Certificate of a Medical Invaliding Committee to Convene which they at the same time addressed the Surgeon-General without any orders of the Gracious Government under Article 488(d) of the Civil Service Regulations and without allowing the Gracious Government an opportunity to exercise their discretion to accept the Certificate of the District Medical Officer of Anantapur under the same Clause of the same Article. {Ex. 13 {Ex. 12

5. Nevertheless the Surgeon-General without Complying with the Honourable High-

-Courts requisition to Convene an Invaliding Committee at a Convenient place ordered me to appear before the Standing Medical Board at Madras which order worked a great hardship upon me while in a Sickly Condition.

6. I next appeared before the Medical Board at Madras who having examined me and informed by me that I had no such diseases as Piles, Diabetes or Venerials, about which they questioned me, and declaring, among themselves, to the effect, that they did not Know what Kind and amount of work had a District Munsiff to do, sent me to the General Hospital at Madras, for observation as per their Proceedings dated 19th October 1895. {Ex. 14}

7. The three Doctors who formed the Medical Board namely (1) Surgeon Lieutenant Colonel Price (2) Surgeon Major Dymott (3) Surgeon Captain Giffird, belonged all to the General Hospital and, more over, Surgeon Lieutenant Colonel Price was the Senior Medical Officer and Surgeon Captain Giffird was the Resident Doctor therein. But the task of observation was not undertaken by any of those three Doctors and I was placed for observation in the Cline Ward of the General Hospital which was in the Charge of Surgeon Captain

4 Captain R. Robertson who treated me too hardly by prescribing that I should not eat anything except Canji & Milk which should be taken only in the presence of the Ward Nurse and at my bed side, and that I should not go even out of the Hospital on any account. I expected however that I would be dispensed within 14 days from the date of my admission (27th October 95) and also borrowing a book of the Civil Service Regulations from a friend of mine referred Doctor Robertson to Articles 895 &c of the same but that officer very summarily rejected my proposition and entered a note in the Statement of my bed case that the Medical Board had sent me for a month's observation. I am a brahmin and had to perform two annual Ceremonies of my deceased brother and his wife but I was not allowed to go out to perform them although I very axiously represented about it to the Ward Apothecary Mr. Harris and it did not appear that he even brought the matter, as I solicited, to the notice of Doctor Robertson who would not come into this Ward for a number of days about that time on the Ground that, as it was said, he had had too much work to do in other Wards. The two religious Ceremonies passed away unperformed and moreover to my greater sorrow a Telegram arrived from Penukonda to say that a very fondly grand Child of mine aged 4 years had died, which, as I felt, was for want of proper Care during my absence. When I went before Doctor Robertson showing the Telegram to him when he next appeared in the Ward and represented that I had to observe a mourning for the deceased Child he allowed me four days leave during which period I went and lived in the house of my friend in Triplicane. There a friend of my friend who was a Madrasee Mudaliyar and who Came to visit my friend happened to see me and Know about me and my then Condition and having sympathized with me and saying that Doctor Robertson was a friend of his, spoke, as he said, to Doctor Robertson that I was a religious brahmin and belonged to the Class of his priests and should not be suffered to take any meal in the General Hospital, in the manner above stated. When I next appeared before Doctor Robertson after those four days he said that I need not there after be under close detension in the Hospital as I has already been

been, but should be attending early in the morning everyday and remain till he has left the Hospital which was usually up to 11. A.M., to undergo observation and receive treatment. The period of my Close detension in the Hospital was eighteen days and the whole period of observation was five weeks. When Doctor Robertson was drawing up his report about me, which was in the Committee Room of the General Hospital, in which all the Doctors were seated, he asked me publicly, as all there heard, if I was intending to become an ascetic and it appeares that he got that wrong idea by the representation of my friend's friend - I humbly denied the truth of the suggestion to Doctor Robertson but he, however, entered a remark in his report that my friends had informed him that my thoughts are centered on religious subjects.

8. Surgeon Captain R Robertson Physician of the General Hospital under whose observation I was Kept for five weeks declaring, in his reports, that I was disabled for duty by Atonic indispositions, Ex. 17

Contracted by

Contracted by Service and Climate but yet hoping that my general health might be improved by further treatment recommended that I should be granted one years leave to Ganjam —

9. The Medical Board at Madras before which I was again sent on 2nd December 95 adopted the recommendation of Surgeon Captain R. Robertson and issued a Medi-
Ex. 18 - Cal Certificate for one years leave to Ganjam which was granted to me by the Honourable High-Court with effect from 15th October 95 the date next after my relief from duty.

10. The District Medical officer Lieutenant Colonel E. Ferrand of Ganjam under whose observation I was kept for many months during my leave submitted
Ex. 19 his report to the Surgeon-General on 13th August 96 stating that my health was not improved and that I would not be benifitted by further treatment and should be Invalided.

11. The above report having been drawn up on ordinary paper the Surgeon-General returned it to the District Medical officer of Ganjam, with a request to draw

to draw up the Statement of my Case on printed forms then furnished to him. The forms furnished were such as were prescribed for recommendations for leave and the Lieut-enant Colonel E. Fox and resubmitted his same report Copied on the printed forms furnished but without signing the recom-mendatory Certificate for leave which was printed at the bottom, because his recommendation was not for leave-

12. The Surgeon-General next ordered me to appear again before the Medical Board at Madras on the 19th September 96 and I accordingly appeared before it.

13. The Medical Board after perusing the report Statement of the District Medical officer of Ganjam and observing that that officer had not signed the formal Certificate printed at the bottom returned the same to the Surgeon-General for obtaining that Certificate.

14. The Surgeon-General returned the said statement again to the District Medical officer of Ganjam with instructions

instructions to fill up the form printed at the bottom of the Statement but the latter officer resubmitted the statement as received and refused to sign the Certificate printed at the bottom evidently on the ground that it did not apply to a Case of Invalidation as he recommended in his Statement but was applicable only to a Case of recommendation for leave.

15. The same Medical Board which again assembled at Madras on the 26th September 96 before which the above Statement and refusal were sent seeing that the Certificate specially required by them was not furnished, declined to take the Statement into their Consideration and, then, after very summarily examining me, (1) by making me read the large Capital letters at the top of a Diet Sheet in the General Hospital from a distance of 1½ yards and saying that my sight was good (2) by asking me about the memory of the place of my birth and saying that my memory was good (3) by beating softly on my abdomen and saying that there was fat in it; and without Con-sidering

10

sidering even the then Condition of my health which was reported to be very bad Signed {Ex. 19 a Certificate that they Considered me fit for {Ex. 20 further Service.

16. The Doctors who formed the last Medical Board were (1) Surgeon Major Reeves (2) Surgeon Major Dymott who belonged to the General Hospital and who was one of the members of the first Board that had sent me for observation in the General Hospital and (3) Surgeon Captain Wright. Surgeon Major Reeves was the President of the Board but Surgeon Major Dymott took all active part in the Proceedings and declared to the other two gentlemen that I was a religious brahmin and was preparing to become an ascetic which was an erroneous idea firstly entertained by Doctor Roberts on and expressed in the presence of Doctor Dymott and others as related in the latter part of para 7, which prejudiced the minds of those gentlemen

17. I, then, transmitted to the Honourable High-Court my report on the 29th September 95 together with a formal Application

11

{Ex. 4 / 5 / 11 / 13} application for such invalid Pension of Rs 94-5-3 per mensem as directed in their letter No. 2845 dated 11th October 95 and other papers as per-appended list and with a request that my application for Pension might be passed or if the Honourable High-Court would wish that I should serve further they might be pleased to permit me to join duty in another station of (light work) lighter work in the Northern Districts because the Medical reports proved that my disability had been due to Climate and Service, and in the latter case to favour me with a little further extension of leave with or without allowances for my preparation, taking into Consideration, the fact, that the one year's leave recommended in the Medical Board's Certificate dated 2nd December 95 had been granted not from the date of the Certificate but from 15th October 95, the date next after my relief from duty, inclusive of the period of five weeks during which I was kept under medical observation.

18. It was not Convenient, then, perhaps, to the Honourable High Court either to dispense with me for ever or to transfer me to another place with a small extension of leave

of leave on any terms as I solicited, and
they by a Telegraphic order dated 22nd October {Ex. 21}
96 ordered me to join duty at my old Station
Pennukonda and refused to grant me, any
further extension of leave.

19. My one year's leave had expired
on the 14th October 96 i.e, 8 days before the issue
of the above order and although the refusal
to grant me any further extension of leave
operated to deprive me of my appointment
under Article 249 C. S. R and although I was
then in a worse state of health, I prepared
myself to give effect to the orders of the Honorable
High-Court, and travelled down from Berhampore
upto Vizagapatam where I was attacked
by a very bad relapse of Diarrhoea & Fever,
which quite disabled me to proceed down
any further. I halted at Vizagapatam to try
if I would be better but seeing that that attack
was not likely to leave me soon & seeing
no other alternative I made up my mind
not to hope to be able to serve any further and
transmitted to the Honorable High Court
my Telegram dated 27th October 95 soliciting {Ex. 22}
their acceptance of my that resignation,
which they

which they Kindly accorded in their Proceedings
{Ex. 23} dated 2nd November 96 No. 903.

20. Next with the object, as I had in view
when I submitted my resignation of trying chance
of having myself employed in the Registration
Department in which the work is said to be easier
I applied to the Honorable High-Court by my
{Ex. 24} letter dated 10th November 96 for a recommendation
to employ me as a Registrar on the occurrance
of a vacancy within one year from the date of
my resignation under Article 460(6) C. S. R, but
the Honorable High-Court expressed as per note
{Ex. 25} dated 26th November 96 that it Could not make
the recommendation solicited by me. I still
entertained a hope to be able to take up again
some one Kind of employment under Govern-
ment, if I felt better within one year from
the date of my resignation, but the gradual
decrease of my health & strength has since
frustrated all my hopes.

21. Since I failed as above represented
to find any way or Capacity to hold any office
under Government I solicited the Honour-
able High-Court by my letter dated 12th
November 97 to submit to the Gracious
Government

14 Government my formal application for
Pension forwarded with my letter dated
29th September 96 but the Honourable High
Court informed me, in reply, by their Pro-
-ceedings dated 15th December 97 No. 2179,
that, as I resigned my appointment al-
-though the Medical Board declared me
fit for further Service, I am not eligible for
Pension of any Kind under the Civil
Service Regulations.

22. I have never hitherto had
any occasion to argue with my Superiors
in any matter of my own but since this is
my last & critical occasion, I beg the leave
of the Gracious Government to represent
my circumstances with a little argument
to explain the grounds of my humble representation.

23. This Memorial is in effect
an appeal against the Proceedings of the
Honourable High-Court dated 15th Decem-
-ber 97 No. 2179 which is herewith Sub-
-mitted in original. In these Proceedings
the High Court find fault with me for
resigning my appointment when the Medical

Medical Board had declared me fit for fur-
-ther duty and very summarily set aside
my Claim for Pension & virtually refused
to submit my application for Pension to the
Gracious Government for their Consideration.

24. It was with very great pain
that I sent my resignation to the Honourable
High-Court and it was so done as no other alter-
native presented itself to my weak mind
and, even for argument, I felt myself justified
in doing so, because my services had already
terminated and my application for Pension
had already been submitted before the trans-
-mission of my Telegraphic resignation.

25. The Certificate of the Medical
Board, on the ground of which the Honourable
High-Court have made up their minds to deprive
me of my poor Pension, was not only arbitrary
but also unauthorised because the Medical
Board itself had not been Convened under the
authority and sanction of the Gracious Govern-
-ment and besides that Certificate does not
Invalidate the decisions of the Doctors Hankin,
Robertson, and Ferrand which support
my application for Pension.

26. When the

26. When the District Medical Officer of Anantapur had issued his Certificate for Pension I ought not to have been directed to appear before the Standing Medical Board at Madras without any order of the Gracious Government under Article 488(b) C.S.R.

27. When the Honourable High Court had asked the Surgeon-General to convene a Medical Invaliding Committee the latter authority might convene such a Committee at a place where the Doctors were aware of my duties and where myself and my Medical attendant, if necessary, might conveniently attend but he ought not to have ~~ordered~~ (me) to proceed to Madras to appear before the Standing Medical Board at the Presidency.

28. The Pension Claimable by me not exceeding Rs 100 per mensem and the Station Perumkonda where I was lastly serving not being a place at or near the Presidency town, the Pension Certificate issued by the District Medical Officer of Anantapur might be accepted by the Gracious Government, as sufficient

sufficient to retire me or they might in their discretion order a Special Invaliding Committee at a Convenient place under article 488(d) C.S.R but the action of the under authorities in requiring me to appear before the Standing Medical Board at Madras, without even reporting my case to the Gracious Government, was not necessary and proper, as it operated to deprive me of the advantage of the Gracious Government ~~exercising~~ exercising their discretion ~~(to sanction)~~ to sanction my Pension (on the) Certificate of the District Medical Officer of Anantapur under the same Article.

29. When the Medical Board wished to send me to the General Hospital for observation, it might in its Proceedings or in a Separate Certificate under article 356 C.S.R, prescribe the period of observation not exceeding 14 days in all as limited in article 895 C.S.R but it was not proper on its part to privately instruct Doctor R. Roberts or to keep me under observation for a month or further.

30. When I personally pointed out the rule and represented to Doctor R Robertson that I should not be detained in Hospital for more than 14 days, he ought not to have rejected my representation, saying that Medical.

Medical authorities were justified to detain officers for any length of time -

31. My disabilities are latent being Nervous & Stomachaic and Internal, and as they were not ostensible for mere inspection & perception the Medical Board as first assembled on 19th October 95 declared that they could not find Medical grounds in me and accordingly sent me for observation in the General Hospital - Doctor A Robertson the observing Officer of the General Hospital endorsed that I was suffering from Atonic, Physical & Mental Debility and recommended for further European treatment with a hope for the improvement of my General health - Doctor Lieutenant Colonel E. Ferrand the District Medical officer of Ganjam who further observed & treated me endorsed to the effect that there is no hope for any improvement and decided that I should be Invalided. The Medical Board before which I was again sent for the last time ought to have followed the opinions of Doctors Hakim, Robertson and Ferrand in deciding whether I was fit for further Service and ought not to have issued a quite Contrary

Contrary Certificate which was issued in the manner stated in paragraph 15.

32. The Medical Board or any of its members should have, if they wished, kept me under their personal observation and as they did not wish to do so, but wished that I should be observed by other officers, the Board in making their final decision ought to have followed the opinion of those officers.

33. The Certificate of the Medical Board dated 26th September 96 was issued in a hasty and mistaken manner as explained in paras 10 to 16 and is not fit to be treated, as, to any degree, minimising the Character or effect of the Medical reports of the three Medical officers who personaly observed and treated me. Further the Members of the Medical Board who signed that Certificate are two majors & a Captain, whereas the officers who personally observed and proved my disabilities are a Lieutenant-Colonel, a Major & a Captain, & Doctor Ferrand who finally observed and decided my Case and whose report the above Board refused to take into Consideration is a Lieutenant-Colonel.

34. Doctor Hakim, District Medical Officer of Anantapur declared me unfit and issued a Pension Certificate on the 7th October 95. The Honourable High Court in their Proceedings dated

18

29 dated 11th October 95 No. 2845, ordered me to submit my application for Pension - I submitted my application for Pension dated 18th October 95 in the form of a letter under article 993 C.S.R. to the District Judge of Bellary, who, in his Proceedings dated 21st October 95 No. 2567, ordered me to submit my application for Pension, in the printed form A, which he supplied to me. I was (next) granted leave up to 14th October 96 and I submitted my formal application on the 29th September 96 for Pension to commence from the expiry of my leave under article 501 C.S.R. My application for Pension is therefore in Conformity with the Civil Service Regulations.

35. Up till I gave over charge of my office, I was serving in the interior of the Province and the Pension Claimed by me is less Rs 100 per month and I have proved my disabilities by (the reports of) two District Medical Officers of Anantapur & Gooty and of the medical officer of the General Hospital to whom the Medical Board sent me for observation; The reports of the said three medical officers are sufficient to support my application for Pension under articles 487(a+b) C.S.R. {Ex. 9, 10, 15, 16, 17, 19}

37. The Honorable High Court granted me one year's leave on Medical Certificate from the date of my relief from duty preliminary to observation and it was to expire on the 14th October 96. I had no right to resume office on the expiry of my said (long) leave without special permission of the Honorable High Court under article 258 C.S.R. and I applied for such permission on the 29th September 96 within three days after the last Medical Board disposed of my Case, which was on the 26th Ulto, to the Honorable High Court, who Communicated to me their Telegraphic permission 8 days after the expiry of my leave, together with its refusal to grant me any further extension of leave, even to Cover the period overstayed and the period required for joining, which Procedure of the Honorable High Court very hardly and unexpectedly operated to put an end to my past services from the end of my leave on the 14th October 96 under article 249 C.S.R. {Ex. 21}

38. My past services have now terminated on the 14th October 96 by operation of rule as above explained, without any fault on my part, and I having already submitted my application for Pension with the Medical

proof

Madras Survey

21
22

proof of my incapacity as prescribed by rule and directed by Superior authority, with which termination, my application for Pension is one which deserves the Consideration and Sanction of the Gracious Government.

39. The permission of the Honorable High Court which was Communicated to me on the 22nd October 96 i.e, 8 days after the expiry of my leave and termination of my past services ~~(and my application for Pension claimed on account)~~ accorded to confer on me a new sterling appointment which I was obliged to resign, by ill-health and incapacity. The resignation submitted by me did not therefore affect my past services which terminated on the expiry of my leave and my application for Pension claimed on account of those services.

40. I have already submitted the grounds on which and quoted the rules under which my application for Pension is made and it rests on my luck and the mercy of the Gracious Government to sanction it but the Honorable High Court have been very unkind and so seemingly rejected my Claim, without even making a report of it to the Gracious Government.

41. I am

23

41. I am now 50 years old very nearly the full age of my horoscope and all this life has been spent in training myself and in serving the Gracious Government and I have retired from my service with the leave of the Honorable High Court, when I was too much exhausted and disabled to render further active service. I have wished still to serve for both livelihood and honour, but both my physical and mental Capacities have been too much exhausted and disabled to perform any regular work. My proposals to have my life insured have twice been rejected on the ground of bad health.

42. With a large family of six been members I am at last left quite unprovided, the little that I have saved during my service having been mostly lost by misfortune and partly spent for my travels from place to place at distances during the last five years on duty or leave and I am at present left to find my hard means by a little unsuccessful practice as a pleader with trouble and deadly humiliation towards the needy and, without the least recognition for my long and devoted service in a high position under the Gracious Government.

43. Throughout the whole of my Career I spared no pains but did hard work and wished to acquire the good will of my superiors and there was never
