Statement of case.

- 1 Rank. Ward attendant.
- 2 Name Sebastian
- 3 Department or office. General Hospital
- 4 Marks of identification. Circular Scars on Chest and pit of Stomach.
- 5 Age 55 years.
- 6 Service 27 years.
- 7 Sick leave granted during the service. 3 months & 8 days.
- 8 Disease or cause of disability. Debility the result of advanced age.
9. Abstract statement of case showing how the disease or disability was contracted, the results of the treatment adopted. In case the disease or disability is believed to have been caused by irregular or intemperate habits, the reasons for such belief should be stated.

I have kept the ward attendant under observation in my wards from the 26th January 1898. During his service of 27 years he has done his work well; but from the last ten or twelve months, from mere physical inability, he has not been doing his work satisfactorily. He complains of weakness of his limbs, sleeplessness, failing eyesight and burning of the soles of his feet. He looks prematurely old and much debilitated. I am of opinion that he is unfit to perform efficiently the work of a ward attendant of this Hospital.

P.S. This man is not likely to be benefited either by treatment or by leave and therefore will never become efficient again.
