STATEMENT OF CASE.

1. Rank. *Supervisor*
2. Name. *Mr. J. M. Taylor*
3. Department or Office. *Public Works Department*
4. Marks of identification. *Mole on neck under right jaw -
Two deep scars on left thumb.
Mark of abrasion on right leg about knee.*
5. Age. *49 $\frac{4}{12}$ years*
6. Service. *About 30 years*
7. Sick leave granted during the service. *1 year and 11 months.*
8. Disease or cause of Disability. *Neurasthenia (Malarial)*
9. Abstract statement of case showing how the disease or disability was contracted, the results of the treatment adopted. In case the disease or disability is believed to have been caused by irregular or intemperate habits, the reasons for such belief should be stated. -

This officer was employed in a feverish district on the Lower Pulneys in 1895 when he had repeated attacks of remittent fever - He was then transferred to the Sangam District where he was again attacked with fever - He then took one year & three months leave - In 1897 he returned to the Coimbatore District & was again attacked by malarial fever - In April 1898 The Superintending Engineer sent Mr Taylor for examination to the District Med^l Officer with the remark that "for some years" he had been practically useless & that his further retention in the service was undesirable - The District Med^l Officer remarks that "as the nervous symptoms complained of are stated to have been of some years duration relaxation from work might do him good" & recommended for 3 months leave - During his sick leave he has been under the care of Surg^m Capt Grant in the General Hospital, who considered that Mr Taylor was suffering from malarial neurasthenia. Since He is still complaining of inability to concentrate his mind, loss of memory, giddiness

& dyspeptic symptoms - also wandering neuralgic pain His general health seems to me good & his symptoms are entirely nervous & subjective. Taking into account the history of repeated attacks of malaria, the opinion of his superior officer as to his loss of working power, & the fact that he has not improved after treatment at the General Hospital I recommend that he be invalided as permanently unfit -

Made as
4th July 1898

M. J. Abbott
Surg^m Capt
as Surg^m 2nd Dist.

His Honor would seem to me good & his
 suggestions are very numerous & sufficient.
 Taking into account the list of reported
 attacks of malaria, the opinion of the
 superior officer as to his loss of working hours,
 & the fact that he is not improved
 after treatment at the General Hospital,
 I recommend that he be invalided on
 permanent duty.
