Please read the notes extracted from the statements of case furnished by other medical officers-attached.

C. Vathachala Iyer was under my observation for about a week. I kept him for some hours daily in the office-room to note his behaviour and countenance. He looks gloomy, forehead wrinkled, eye-lids drooping, seldom looks up at any one, answers questions in a low tone, now and then lapses into a morose & melancholic condition. He is sometimes absent minded, his pronunciation is distinct but his conversation is slow rambling seldom animated or bright in narrating any event that has occurred. When questioned regarding his religious daily devotion, he said he reads Ramayanam for an hour daily & yet he did not know the name of Rama's Father. It was mentioned to him, half an hour after, to test his memory, he was asked the same question but he forgot it and had to be told again, this shews his memory to be bad. At short intervals he gets into absent mindedness.

He imagines that all the clerks in his office have cliqued together to work his ruin. His several office-notes shew that he is irritable in disposition, his answers to his immediate superiors amount to insubordination. He always complains of Dyspepsia, when asked to enumerate the symptoms he gave "dryness of Stomach, dullness, windiness (flatulence) and inability to take a large quantity of food", although his physical condition does not indicate to have suffered from poor or small Diet.

Heart's action excited, pulse 110 while seated, respiration 28, area of hepatic & splenic dullness normal, urine pale, Sp: gr. 1014°, no albumen or Sugar present. The Patella tendon-reflex & ankle-clonus of the left

leg increased while that of the right leg is decreased. His vision at reading dots of the test-types is indefferent, he soon gets tired to count the dots, being unable to fix his attention at the dots; his sensation in the limbs is not affected, walks with short paces but totters when he quickly turns back. I Perused the Medical Statements of four Medical officers under whose observation & treatment he happened to be placed.—(Setting aside the evidence furnished by two Deputy Collectors in a big bundle of papers consisting of office notes and slovenly written 24 post-cards) there are two letters, one written and sent to the Collector by Vathachala Iyer himself and the other by his brother, both× of them go to shew the state of unsoundness of his mind beyond doubt; I am led to believe that the Dyspeptic symptoms which he bitterly complains of are hypochondriacal,—his intellectual capacity of concentrating thoughts on a given subject or computing numerical figures is defective. He has had rest from work for 2¾ years but has not derived any appreciable benefit from it. He is therefore in my opinion unfit for mental work. I recommend him to be invalided.

A To,
The Treasury Dy Collector

Most Respected Sir,

I most respectfully beg to submit the following few lines for your honour's favourable & kind considerati

I was on sick leave for 6 months from 17th September 1896, and on the expiry of the leave, I returned to the Head Quarters to join my appointment. As I was not however able to get a certificate for fitness for duty, and as I was still in a weak state of health, I put in an application for further sick leave for more 3 months, as advised by the Dy Collector Mr T. Ramachendra Ayyar. Thereupon a letter was sent to the Civil Surgeon Chittoor to inform whether the extension applied for was necessary. But that officer did not reply to the letter although I waited on him for 3 consecutive days; and as I was put to much inconvenience for my meals &c owing to my not having taken my people with me, I was obliged to return to my native place. This I have informed the Civil Surgeon and also the Dy Collector. Ever since my return to this place, I have been under the treatment of the Ry Station master here, who is a good magician (for that is the sort of treatment which my case requires), and who promises to cure me before the end of my leave. The result of my above applicatn for further sick leave has not yet been communicated to me, and I cannot therefore draw my leave—allowance. I am consequently put to great pecuniary want. Under these circumstances, I most humbly beg to request the Civil Surgeon may be asked by another letter to furnish a medical certificate to support the above application and the Collector's sanction may be obtained for the leave and communicated to me. I beg to add that the above station master says that I cannot leave this place until his—treatment is over, and with my weak state of health I am also quite unable to go again to Chittoor, to appear, before the Civil Surgeon and that all

the facts connected with the history of my case have been recorded by the late Civil Surgeon Mr Hesterlow. which the present Surgeon has also perused,

To,

The Collector of the
North Arcot
District

Most Honored Sir,

I most humbly beg to submit that my brother C. Vathachela Iyer the Local audit-clerk of your honour's office has put in his application for retirement from service. Though the services of this man extends over a period of 22 years, yet the qualifyin service for pension comes up to only 18 years, and as such he can only get a very small pension. In this connectio I beg to state that my brother qualified himself by way of examinations for higher appointments in the Uncovenanted Service. He was however not fortunate enough to rise (about) above the grade of acting sub-magistracy owing to the want of that valuable commodity called "interest" His misfortune did not cease here. He acted as Sub-Magistrate for nearly 4 years and when the scheme for the ("recognization") reorganization came up in 1893 his case was not taken into consideratio and he was only appointed Head accountant, on Rs 50 in the Polur Talug.

The Series of misfortune and disappointments he met with in the Revenue departm has told upon his health and it is nothing but through sheer disgust he has now put in his applicati for retirement. This has also affected his brain a little; most of his Juniors are above him in the Dist

and his claims for higher appointments were not considered by the higher authorities of the District although he stands senior in the service. His family consists of 5 children and wife and a poor old mother of 65 years old, depending on him for their maintenance. If he is retired the family will entirely be undone and the members of it should only succumb to starvation. There are a lot of other poor relations hanging on this man for bread. The man is not fit object for retirement. If he is only given long sick leave for a period of 6 months so that he may have complete rest, I am of humbly opinion that he will be all right, nothing ails him except the fact that the series of disappointment have affected his brains. I therefore most humbly and respectfully beg that your honour will be pleased to take this poor miserable man's case into your benign consideration and grant him sick leave for 6 months or so and not accept his application for retirement.

For which act of kindness I with all the members of the family shall ever pray for your honour's Long life and prosperity

I beg to remain

Notes extracted from the Statements of case furnished by other Medical Officers

In 1893 – 94 { Vathachala Iyer was under medical treatment at Polur for Debility and was granted sick leave for 4 months (from 30 - 1 - 94 —— to 25 - 5 - 94)

The Symptoms enumerated by 1st C. H. Assist Kunniah Naidu No132 were as follows ——

Pale, anæmic & dull, conjunctiva & lips extremely anæmic; face slightly puffed

—— × —— × —— × ——

Slight nervous headache, restlessness and disturbed sleep at nights, suffers from complicated diseases –

When Kunniah Naidu was asked to state what he meant by complicated diseases, he explained in his letter No. – D/89 6.6.96 thus, —— There was some evidence of Acute softening of the Brain attended with a deal of Nervousness.

He was for the most part, sitting idle and often in bed without reference to time. His habits were slow and dull and often looked fatigued

His indifference to personal clothing and domestic affairs was remarkable and deserves attention.

He further explains that Vathachala Iyer had weak & flabby heart, a sluggish liver, habitual constipation, piles & loss of appetite associated with Brain Disease.

The leave granted above was extended for a further period of 2 months.

Again the leave was extended on the recommendatio of Civil Apothecary Syed Mahd Ismail of Sydapett for 2 months (from 30. 7. 94 to 29 - 9 - 94)

The symptoms mentioned by him in the statemen of health given by him are ——

11

906

× —— × —— ×

Nervous System —— Pain (from dull varying to sharp kind) is felt about the temples & eye-brows, it troubles him almost daily about the evenings which continues some times till the next morning, confusion of thoughts follows together with extreme exhaustion, sleep not sound but much disturbed. Vathachela Iyer obtained extension of leave on conversion of the sick leave into furlough for the above period namely (from 30-1-94 to 29-1-96.) —(1875..)

On 10th April 1896. He applied for pension & asked to be relieved of his duties as soon as possible.

1896. — In July 1896. He was sent up before the Civil Surgeon of Chittoor for examination as to his physical fitness for further service, followed by letter No. 200 Dt 1.6.96. & No. 200 Dt 21-7-96 from the Head of his Department + + (enclosed) A & B.

Vide Dr. Hesterlow's medical statement of health & certificate who recommended leave for six months from 17.9.96 to 16.3.97. Dr. Hesterlow states in the medical history that — × — × — × — × — × —

I have examined him carefully and find him to be in fair bodily health but his mind seems to be partially at fault. His intellectual capacity or power of concentrating his thoughts on a given subject appear deficient & weak; has slight dazed expression, is dull, apathetic & melancholic & his speech is somewhat slow & hesitating. × × ×

Dr. Hesterlow recommended that on the expiry of the above leave he shd be directed to appear before a Medical officer for examination as to his fitness for — retention in the service. On the expiration of this leave he appeared before the Civil Surgeon of Chittoor (Surgeon Captain R. H. Elliot) who directed him to remain under observation for a short period, but Vathachela Iyer instead of doing so, left Chittoor for Conjeeveram reporting to Dr. Elliot his inability to remain at Chittoor any longer. & furnished a certificate recommending extension of leave for 3 months more — from the Civil Apothecary of Conjeeveram who in his statement of health (counter signed by the Dist Medical & sanitary Officer Chingalpet & the Surgeon General with the Govt of Madras.)

mentions thus { — Vathachela Iyer was recommended sick leave by me on several occasions & his complaints consist as usual of gastric symptoms and its consequences, viz impaired appetite, — aphthous tongue, general debility & disinclination to bodily & mental works × — × — ×

On the last occasion he was recommended sick leave for 6 months by the Civil Surgeon of Chittoor on the ground of being subject to melancholia. He is now free from this complaint & is quite cheerful (?) mm × — × — × — ×

Vadachela Iyer should have returned to duty on 17th March 1898, after obtaining a certificate of physical fitness to resume his duties. He therefore appeared before the Dist Medical & Sanitary Officer of Vellore on 16th June 1897 (for one day) unaccompanied by his several certificates & statements of health & was granted certificate of fitness to return to duty. —

Vathachela Iyer resumed his duties on 18th June 97 & did not seem to have given satisfaction since in the discharge of his duties as reported to the Civil Surgeon Chittoor when called for to furnish details of his conduct in his office as learnt from Vathachela Iyer's brother clerks —
