4. It is observed from the remark opposite to No 1 in the 3d page of the application, that the character and past conduct of the applicant have been recorded as Bad. (?) In the case of Civil Engineers and Telegraph Officers who are eligible for the additional pensions authorized in Article 714, the following addition should be made to the usual form of certificate:—

He has served for three years as (Chief Engineer, Superintending Engineer, &c., as the case may be) and is eligible for a special additional pension of Rs 1,000/2,000 if he is considered to have rendered "approved service" under Article 714 of the Civil Service Regulations.

…TION) OF … R. K. Monachi Iyer

Certified that qualifying service in pensionable grade has been duly proved for 19 years 8 months and 3 days and that an Invalid Pension not exceeding Rs 8.6.8 per mensem equal to 19/60th average emoluments is admissible under Articles 485 and 518 b, of the Civil Service Regulations, 3d Edition.
The calculations have been duly verified.

2. In recommending the applicant for a pension of Rs 8.10.0, the Superintendent, Madras Survey has included the acting allowance of Rs 5/- drawn by the applicant from 25th August 1894 to 30th April 1895 in the calculation of average emoluments which should properly be excluded from the calculation under article 530 (ii) of the Civil Service Regulation. This and the erroneous method adopted in the Superintendent's office in determining the date of commencement of the applicant's last 3 years service, accounts for the difference between the amount of pension proposed on the 1st page of the application and that certified to be admissible to him in the preceding para.

3. The applicant enjoyed Privilege leave for 1 month and 16 days from 11.2.86 to 26.3.86 to which he was not entitled not having served for 6 months since his return from similar leave which he enjoyed from 3.11.85. The grant of the leave is therefore irregular and it rests with Government to decide whether or not the leave allowances irregularly drawn by the applicant should be recovered from the pension that may be sanctioned to him. The Medical officer has attributed the incapacity of the applicant to general debility though he is less than 55 years of age (vide Article 487 Civil Service Regulation). The general debility appears however from the Statement of the case given on the reverse of the Medical certificate to be due to specific causes and not to old age.

4. It is observed from the remark opposite to No 1 in the 3d page of the application, that the character and past conduct of the applicant have been recorded as Bad. It rests, therefore with Government to make such reductions in the amount of Pension that may be sanctioned to him as it may deem proper with reference to article 514 (b) of the Regulations.

5. The delay in the submission of this application is explained by the Superintendent Madras Survey in para 3 of his letter No. 287/A dated 22 November 1897 accompanying.

Sir,

I have the honour to inform you that the application for pension ~~gratuity~~ of Pillapolum L. Meenakshi Ayer, late Deputy Surveyor, Town Surveys is being delayed for want of the information noted in the margin. Where possible your answer should be written underneath the several points to which your attention is drawn.

2. The enclosures and your reply should be returned with the least possible delay.

I have the honour to be,
Sir,
Your most obedient Servant,

Attention is drawn to Nos 27, 29 and 39 of the revised printed Memo. of Instructions from this office No. 39 with reference to the acting allowance of Rs 51 drawn by the applicant from 28 August 1894 to 30 April 95.

2. The applicant marks of identification given on the 2d page of the application should be copied in the service book also.

3. Explanation of the following discrepancies is requested.

(a) In the annual Returns for 1877 and 1880 the applicant pay is shewn as Rs 12 and Rs 14 while in the Service book and on the 2d page of the application he is shewn to have drawn pay at Rs 15 and 12 respectively.

(b) In the annual Returns for 1877 and in those for 1878 and 1879 the date of the applicant's appointment is shewn as 1st May 1873 and 1st November 1877 respectively while these dates do not appear on the 2d page Of the application. On the 2d page of the application the applicant is shewn to have been employed as a Probationary Dy Surveyor on Rs 20 per mensem from 17 January 1890 to 1st April 1890. The circumstances under which this period was treated as service qualifying for pension should be explained. Vide article 408 of the Civil Service Regulations. The permanent appointment on which the applicant had a lien while he was so employed should also be entered in the Service book.

Attention is drawn to No. 27 of the revised printed memo of Instructions -

Attention is drawn to No. 29 of the revised printed memo of Instructions

Attention is drawn to No. 39 of the revised printed memo of Instructions from this Office with reference to the acting allowance of Rupees 5 drawn by the applicant from 28 August 1894 to 30 April 1895 -

2 - The applicant's marks of identification given on the 2nd page of the application should be copied in the Service book also -

Detailed reasons are given on the back of the Medical Certificate -

The medical certificate was granted by the Surgeon of the Salem District where the Surveyor was last employed.

The appointment was not fully vacant as the original incumbent was on furlough and the applicant acted in the furlough arrangement.

Copied -

3. Explanation of the following discrepancies is requested.

(a) In the Annual Returns for 1877 and 1880, the applicant's pay is shewn as Rupees 12 and Rupees 14 while in the Service book and on the 2nd page of the application, he is shewn to have drawn pay @ Rupees 15 and 12 respectively.

Rupees 12 shewn in the annual Return for 1877 is correct. Rupees 3 is the extra allowance given to the applicant while on famine duty. Hence his pay was shewn as Rupees 15 in the Service book and on the 2nd page of the application.

The pay of the applicant on 31 March 1880 was Rupees 14. The annual Return for 1880 appears to have been prepared from the information available up to 31 March 1880.

(b) In the Annual Returns for 1877 and in those for 1878 and 1879, the date of the applicants appointment is shewn as 1 May 1873 and 1 November 1877 respectively while these dates do not appear on the 2nd page of the application.

4. On the 2nd page of the application, the applicant is shewn to have been employed as a Probationary Deputy Surveyor on Rupees 20 per mensem from 17 January 1890 to 1 April 1890. The circumstances under which this period was treated as service qualifying for pension should be explained vide article 408

The dates of the applicants appointment shewn in the Annual Returns as well as on the 2nd page of the application are correct. Vide Entries in the annual Returns opposite to the name of Pillapaliem Ramasami Minachi Iyer not Pillapaliem Minachi Iyer.

The applicant was appointed as a Probationary Deputy Surveyor in a permanent vacancy on Rupees 20. No one counted service during the period while he was on probation and no lien was kept for him

of the Civil Service Regulations.
The permanent appointment
on which the applicant had
a lien while he was so
employed should also be entered
