							Read report presented by the Sweeper explaining why he did not attend the court on the 3d & 4th instant August 83 order; - The Head Clerk says that the man was not found in Court on the 3d also, when he attended it. Leaving this however out of consideration the Sweeper has been absent on the 3d & 4th Instants without leave and he was unwilling to present his report of the reason of his ~~report~~ absence; up to the 11th Instant. The excuse given by him is not at all appearance true. He has been often found to be irregular in his attendance and performance of duty and has been fined. Hoping that the punishment will have good effect on him he is ordered to lose the salary of 4 days for the 2 days he was absent without leave which I consider is a lenient punishment. 13. 8. 83.

Statement of Subbaraya Pillai late Sweeper District Munsif's Court Tiruturaipundi on solemn affirmation.

Out of the two suspension periods entered in my service Book, one was in 1879. I know that process server Appasami Naik affixed a copy of sale proclamation in court and got my attestation thereto. As the dates therein were found to be incorrect, he was suspended for a month and I for 15 days. I remember only this much.

On another occasion i.e in 1884 I don't remember why I was suspended for a month.

Cal

Subbaraya Pillai, Late Sweeper Dis
Munsif's Court Tiruturaipun

Entered service first on 13th August

The 1st leave on loss of pay for 8 days was from 5 September 1882.

2nd leave on loss of pay for 10 days was from 9 July 1883.

On the whole, he had leave on loss of pay on 10 occasions within a service of 18 years 8 months and 23 days.

Leave with allowances could have been granted for six months. But was not so granted.

On previous occasion as he was not granted leave with allowances, he was entitled to such leave for six months. But such leave was not granted.

During this period, he could have been granted leave with allowances on 2 occasions each for a period of six months at an interval of six years' service excluding the period of his leave on each occasion.

But the nature of his work is such, that without a substitute it could not easily be carried on and therefore leave on several occasions appears to have been granted to him on loss of pay only.

I The following discrepancies should be explained.

(a) In the service book the applicant is shown to have been employed as a Masalji throughout his service while in the pension application he is shown as a sweeper. Again in the Annual Returns he is shown as sweeper and Masalji in 1876 as Masalji in 1877 and 78 and as sweeper thereafter from 1880, his name not being traceable in the return for 1879.

(b) In the returns from 1880 to 1883 the date of applicant's birth is given as 10th November 1850 instead of 10th March 1850.

II On page 5 of the service Book an entry "a day's pay has been stopped in November 1887" is noticeable. If it was due to absence without leave, the date of such absence should be reported.

The District Judge

Sir,

with reference to the endorsement, dated the 24th Instant, on the letter of the Accountant General No. ADK/84 dated the 22nd Instant, I have the honor to submit the following explanation and report:-

I(a) At the introduction of the Service Registers, the Sweeper used to be called Mashalje, and was entered accordingly in the Service Register. As Sweeper and Mashalje denote one and the same office, one or the other term appears to have been used in the returns.

b. It appears from the acquittance rol

roll that the applicant was in service in March 1879 and drew his pay as Mashalji. The omission of his name in the return for 1879 seems to be a mistake.

(b). The date of the applicant's birth is 10th March 1850. The entries in the returns from 1880 to 1883 appear to be incorrect. They ought to be amended.

II. The stoppage of a day's pay in November 1887 appears to be a fine, from the following remarks in the office copy of pay bill for November 1887:- "A day's pay of the sweeper is stopped as a fine".

The Accountant-General's letter referred to above with the enclosures is herewith returned.
