Petition from ~~the~~ K. Murtirazu Pantulu dated 31st Octr. — 1898, ~~No.~~

Letter from the Registrar, High Court, d/17th Novr. 1898 No. 2002.

Endt. No. 920 Pension, d/14th Decr. 1898.

Letter from the Registrar, High Court, d/9th Jany 1899 No. 34.

Order — 22d February 1899 No. 116

Secy

The petitioner voluntarily resigned his appointment on the 27 Octr. 1896, and as he had neither completed 30 years' service, attained 55 years of age, nor obtained a medical certificate of incapacity for further service, he is not entitled under the rules to any pension or gratuity. His petition is accordingly rejected.

REVENUE DEPARTMENT.

No. 31.

From the Registrar. High Court, Madras.

Dated 9th January 1899.

FOR ORDERS.

K. Murtirazu Pantulu, late Dt. Munsif of Penukonda, entered the Govt. service on the 4th Jany. 1869 and continued in it till the 7th Octr. 1895, when he was incapacitated for further service by the Dt. Surgeon, Anantapur, in consequence of "Intermittent Glycosuria and chronic Gastritis." The High Court then informed the Dt. Judge, Bellary, that Murtirazu Pantulu should produce the certificate of a Medical Invaliding Committee and Murtirazu Pantulu was also called upon to submit his application for an Invalid pension. The High Court, also appears to have addressed the Surgeon General with the Govt. of Madras to convene an Invaliding Committee at Madras, and Murtirazu Pantulu appeared before this Committee on the 19th Octr. 1898. The Committee, after a careful examination, found no medical grounds for considering him unfit, but recommended that he should be sent to the General Hospital for observation. He was accordingly kept under observation for 25 days and on the 2d Decr. 1895, was again examined by the Committee. The Committee then certified that according to the best of professional

A

B

C

1895?

D

idgments, after careful examination of the case, E
e health of Murtirazu Pantulu was such as to render leave of absence to Ganjam for a period of one year absolutely necessary for his recovery. He was accordingly granted one year's furlough from the 15th Octr 1895.

On the 26th Sepr 1896, he was again examined by a Medical Board at Madras, and found F
fit for further service. He however, applied for extension of leave, but this was refused. He was G
ordered to join his appointment at Penukonda forthwith. On receipt of this order, he sent a telegram to the Registrar of the High Court, stating that he was unable to proceed to Penukonda and asked that his resignation of the public service might be accepted and this was accepted. He then wrote H
to the Registrar, High Court, saying that he resigned his appointment of Dt. Munsif, as after several trials he found himself unable to perform the hard duties of that office, and with a hope of securing other employment of a light character within a year from the date of his resignation; and asked the Registrar to recommend him for the post of Dt. Registrar, but he was informed in reply that the High Court, could not make the recommendation I
asked for.

In Decr. 1897, or one year afterwards he asked the High Court, to submit to Govt. his pension papers, but was informed that as he resigned his appointment, though declared by a Medical Board to be fit for further service,
J he was not eligible under the rules for pension of any kind.

He now appeals to Govt. and asks for a pension.

A On the date he voluntarily resigned his appointment, he had neither completed 30 years' service, nor attained the age of 55 years. He was moreover declared fit for further duty. So he is not, under the rules, entitled to any pension or gratuity, as already stated by the High Court. The application should therefore, it is submitted, be rejected.

It does not appear from the papers forwarded, whether, as required by para. 2 of G.O.
K 246 d/9-3-86 Pension, a written statement was taken from the applicant to the effect that he understood the consequences of his resignation. For orders as to whether the attention of the Hon'ble the Judges of the High Court, should be drawn to it.

KS
12.99

Secy

The man is clearly not eligible for a pension under the Rules. It seems very hard that he should get no pension at all but this seems to be due to his own

Note

The High Court ought to have submitted the papers to Govt. with reference to para. 2 of G.O. 479 d/3-9-77 Pension. (L)

KS
12.99

fault.

The attention of the High Court may be invited to the necessity of giving a full warning ~~to~~ of the consequences of resignation to an officer intending to resign.

2/2/99

H.M.

[illegible]

3/2/99

Petitioner knew on Sept 26th /96 that the Medical Board ~~had~~ pronounced him fit for duty, and that his leave would expire on Oct 14th nevertheless Petitioner proceeded back to Berhampore and deliberately overstayed his leave, knowing as he admits in para 19 that he thereby was liable to forfeit his appointment – If as he states he was taken ill at Vizagapatam on Oct 26th it was open to him to have shown himself to the District Surgeon, or other Medical Officer, at that place with a view to obtain a medical certificate but instead of so doing he sent in his resignation to the High Court –

Petitioner thus rendered himself ineligible for pension, and Govt. is unable to entertain his present application –

C 4.2.99.

4-2-99 –

FOR ORDERS.

Yes: it must be done very cautiously, as they may tell us that they are quite competent to manage their own business

[As petitioner had deliberately overstayed his leave, without making any effort to obtain a fresh medical certificate after the verdict of the Medical Board, he had as he says already forfeited his appointment –
I don't think H.C. need be addressed)

Medical Statement of case of K. Murtirazupan garu. District Munsiff of Peddapur

Disease. Beri Beri
Name - K. Murtirazu
Occupation. District Munsiff
Service - 20 years & 6 months
Age - 43 years
Temperament - Nervous
Habit - sober
Residence - Berhampore
Furlough - sick leave

Mr Murtirazu, the District Munsiff of Peddapur arrived here on the morning of 5th January 1892 for treatment for Beri Beri. He suffers from dyspepsia and oppression in chest, slight numbness in the lower extremities, no swelling of the feet. He passes urine scantily. Urine high coloured. Sp Gr 1010, acid reaction & contained no albumen. He is subject to habitual constipation and once in 4 days passes scybalous stools with great difficulty. He is anemic & greatly emaciated and is so weak that an attendant is required to help him when he tries to move about

Patient states that he was originally a strong & healthy man. His health was first disturbed in 1882 by diarrhoea accompanied with severe pain which lasted for about a year in spite of treatment. His medical attendant recommended him 2 months sick leave, and after the expiry of leave, he joined his appointment but his health was still not satisfactory. He continued to do his work with difficulty for a period of 6 months, when he could not work any longer, he obtained a years furlough & rejoined his post in Septr 84. although he did not sufficiently recove

his health. In 1885, he was transferred from Ganjam
5030
to Ellamanchilli in Vizag District, where he contracted fever and dyspepsia. Since then he suffered from these attacks regularly twice a year for 4 years and then Beri Beri supervened with swelling & numbness of feet; difficult of breathing; heaviness of chest; loss of appetite constipation, burning sensation of stomach, pain around the navel immediately after food. He reported his ill-health to Mr Kelsal, the then District Judge of Vizag for a transfer to another healthy District. In July 1889 he was transferred to Peddapur, Godaveri, but his old complaints (fever & dyspepsia) continued to appear twice a year as before and he was debilitated considerably.

Since November last he became worse of dyspeptic symptoms, heaviness and pain in the chest became worse his appetite impaired, his bowels constipated, moving only on taking a purgative. He suffered from dry cough pain in the loins and difficulty of micturition.

Since last December he vomits the food he takes. Once the vomiting was so intense that he became collapsed. Latterly he was vomiting blood. He was under the treatment of Hospl Asstt at Peddapur, but derived little or no benefit He is now very weak and hardly able to get up from the bed. His constitution is completely shattered from long illness and unless long leave is taken he will not adequately recruit his health. He is therefore recommended 15 months furlough.

Statement of the case of Mr K. Muttaiya Pantulu - District Munsiff of Penukonda.

Age - . : Years 47

Total Service. Years 24 years & 3 months.

Service in India. Years - do do

Previous periods of leave of absence on medical certificate or private affairs - } 1 year, 2 months & 12 days.

Date of return from last leave. 11th February 1893.

Habits - Sober.

Temperament - - -

Disease - Intermittent Glycosuria and Chronic Gastritis.

This officer was ordered to appear before me on the 25th instant, by the District Judge of Bellary with letter No 1338 dated 23rd September 1895 for examination as to whether he is fit for further service or should be granted leave on medical certificate. He was under observation up to 28th idem. On examination he is found to be weak and debilitated

INDEX

9
Pension Department
9
31

eyes dull, Conjunctiva slightly tinged yellow, Tongue flabby and fissured longitudinally. Hearts action weak, Urine Sp Gr 1020 Acid Reaction Contains trace of Sugar. He suffers from intermittent Glycosuria. He is subject occasionally to puffiness of eye lids and face and also slight oedema of legs, burning of eyes, hands and feet. Appetite is impaired, bowels irregular and he passes once in 2 or 3 days with great difficulty and straining, accompanied with discharge of seminal fluid, hard scybalous motions tinged with blood. He suffers from puffiness of abdomen immediately after food attended with burning and pain in the epigastrium and oppression in the chest which are partially relieved by vomiting. He passes restless nights and sleeps only for 2 or 3 hours towards morning. He feels his head heavy and complains of failure of memory.

Previous history from the Case made out at Rajamundry on the 12th Janry 1892 shows that he suffered from diarrhoea with severe pain for nearly a year in 1882 and had sick leave for 2 months & twelve days and subsequently a year's furlough in 18~~9~~83 on account of his ill health from the above complaints. From 1885 he suffered from fever and dyspepsia regularly twice a year up to 1891 when Beri-Beri supervened and he became worse at the end of December with vomiting of blood. His health was then so shattered in spite of all treatment that he was granted a year's leave by a Medical Board that assembled at Rajamundry vide Certificate No. 22 dated 12th Janry 1892. (Copy No 2 enclosed) At the end of the said Medical leave he joined his duty at Cocanada. After a year and 2 months he fell back into nearly the same state of ill-health ~~but~~ and became again unfit for work notwithstanding the Medical aid that he remained at that station & on the advice of his Medical attendant 1st Class Hospital Assistant in Charge of Local Fund Dispensary, he obtained one year's furlough for change of climate. He returned to duty on the 17th April /95 and worked for 5 months and after which he has fallen into the present state of ill-health rendering him unfit to perform his duties.

As his general health has broken down by repeated attacks of intermittent Glycosuria, nervous exhaustion and dyspeptic troubles in spite of frequent leave for change of climate and varied treatment he has had without benefit during the past 4 years. I am of opinion that he is unfit for further service and his incapacity does not appear to me to be the result of irregular or intemperate habits.

GAZETTED OFFICERS ONLY.

INSTRUCTIONS

With the cognizance of the head of his office, or if he is himself the head of the office, of the head of his department: the applicant must present himself with 3 copies of the statement of his case in a cover sealed by his medical attendant at the seat of the Government under which he is serving, or at such other place as may be appointed by that Government where a committee of medical officers can be assembled under the orders of the Surgeon-General. The board should see that the applicant fulfils these conditions.

Before deciding whether to grant or refuse the certificate the medical board may in a doubtful case, detain an applicant under professional observation during a period not exceeding fourteen days.

If it can be avoided, the medical attendant on a case should not be a member of the board which considers it, and under no circumstances can he sit as president. He should, however, be required to attend the board to furnish any information whenever his presence is considered necessary.

The medical board, after a careful examination of the officer, and consideration of the medical attendant's statement of the case, will record in the proceedings as follows:—

(*a*) Whether change of climate *in* or *out of India* is necessary.

(*b*) The period of absence recommended in or out of India, care being taken that leave in excess of the period to which the sick officer is entitled by regulations is not recommended.

(*c*) In the case of an officer requiring furlo' or leave of absence owing to illness caused directly by intemperance, the medical board, whilst recording their opinion, will confine their recommendation to the officer appearing periodically before fresh boards, or to the treatment of the case as one of discipline, whichever may be deemed necessary.

In urgent cases when a medical board considers it absolutely necessary that an officer recommended for change of air, *either in or out of India*, should proceed in anticipation of sanction, a recommendation to that effect should be made in the proceedings.

STATEMENT of the case of Mr Kanthukuri Murtiraz Pantulu

Age ... ... years 47

Total Service ... ... years $24\frac{4}{12}$ years

Service in India ... ... years do.

Previous periods of leave of absence on medical certificate or private affairs. 1 year, 2 months 12 days

Date of return from last leave ... 17th April 1895

Habits ... ... Sober

Temperament ... ... Phlegmatic

Disease ... ... Chronic Dyspepsia

Mr K. Murtiraz Pantulu was sent to the General Hospital for observation on the recommendation of a Medical Board. He was in my wards for 25 days. During his residence he showed signs of atonic dyspepsia with the usual concomitants viz Constipation, gaseous distension, mental depression &c. His motions were hard and of a scybalous nature often tinged with blood. His friends inform me that his thoughts are always centered on religious subjects. There was no Glycosuria found. Urine is clear. Specific Gravity 1010, neutral, and shows no trace of albumen or sugar. This case should be read ~~submitted~~ along with that submitted by Surgeon Major ~~Mr Hakim~~ Hakim.

His treatment in this institution It has been stomach tonics and laxatives. If the patient put himself under European treatment for a short time I have no doubt but that his general health would be very much improved. As far as I see, he has impressed himself with the idea that he should be pensioned.

Whenever a medical officer considers an officer under his charge to be in such a state of health as to render a change of climate necessary, he will, with the cognizance of the head of the department forward the prescribed certificate and a statement of case to the office of the Surgeon-General with the Government of Madras with a view to his being brought before a medical board.

A medical officer, who may be called upon to grant a certificate to an officer when absent from his appointment, will—*except in cases of emergency* require the officer to obtain a statement of his previous medical history from his authorized medical attendant. When, under similar circumstances, an extension of sick leave is required, the medical officer in attendance will request the sick officer to procure a copy of the medical statement on which the original leave was granted.

Medical officers on leave at hill stations are prohibited from granting certificates to officers residing there to enable them to appear before a medical board. Such certificates will only be granted by the regularly appointed local medical officer.

The case of an insane officer recommended to be sent to Europe, or to an asylum in India, will be specially considered by the medical officer drawing up the medical history, and by the medical board with a view to distinct recommendations being inserted by both as to the necessity for a servant, or other escort, or any special accommodation being provided for him *en route*.

The following rules relating to the admission of patients into the Government Lunatic Asylum, Madras, are issued for the information and guidance of all medical officers:—

I. No patient can be admitted into the asylum, under any circumstances, without a medical certificate of insanity (Form A) and an admission order.

II. Admissions into the Asylum are divided into two classes:—

(*a*) Private—paying.
(*b*) Public—non-paying.

NOTE.—Exemption from paying in the case of private patients is only made when it appears to the Superintendent that the friends or relatives are unable to contribute towards the maintenance of the patient.

III. The documents required for the admission of private patients are as follows:—

(1) Two medical certificates (Form A) signed by two Physicians or Surgeons, of whom one should be a Presidency Surgeon or a Surgeon in the Government Service.

(2) Admission order (Form B), one copy. This should be signed together with the statement attached to it by the relative or friend who places the patient in the asylum.

(3) An indemnity bond to be executed before the patient's admission. Form and full particulars for filling in can be obtained on application.

IV. Medical officers are prohibited from sending private patients to the Commissioner of Police, Madras, or to any Magistrate for an order for their admission to the Lunatic Asylum when such patients have friends or relatives competent to sign the order. The interference of a Magistrate or the Commissioner of Police is only necessary when a patient has no friend or relative competent to sign an order or is not properly cared for by such friend or relative if he exists, or is found wandering at large or is dangerous. In all other cases the procedure referred to in the preceding rules should be invariably adopted.

V. In the case of a public non-paying patient, the following documents are necessary:

(1) Medical certificate (Form A), one copy signed by the Surgeon of the District.

(2) Medical statement (Form C), one copy signed by the Surgeon of the District.

(3) Admission order signed by a Magistrate.

A clear opinion should be included in this statement as to whether, or not, or how far, the disability was contracted in and by the service and from the effects of climate, with the reasons for so concluding.

The disability is the result of the service and Climate. His employment is entirely of a sedentary character. Confined in stuffy offices and improper hours

I Surgeon Captn Robertson IMS

do hereby certify that M.R.Ry K Murtiraz Pantulu

of the Judicial Department service

is in a bad state of health, and I solemnly and sincerely declare that according to the best of my judgment, a change of air is essentially necessary for his recovery, and do therefore recommend that he may be permitted to proceed to Ganjam for a period of

GAZETTED OFFICERS ONLY.

INSTRUCTIONS ~~Jn~~ 29.9.96

With the cognizance of the head of his office, or if he is himself the head of the office, of the head of his department: the applicant must present himself with 3 copies of the statement of his case in a cover sealed by his medical attendant at the seat of the Government under which he is serving, or at such other place as may be appointed by that Government where a committee of medical officers can be assembled under the orders of the Surgeon-General. The board should see that the applicant fulfils these conditions.

Before deciding whether to grant or refuse the certificate the medical board may in a doubtful case, detain an applicant under professional observation during a period not exceeding fourteen days.

If it can be avoided, the medical attendant on a case should not be a member of the board which considers it, and under no circumstances can he sit as president. He should, however, be required to attend the board to furnish any information whenever his presence is considered necessary.

The medical board, after a careful examination of the officer, and consideration of the medical attendant's statement of the case, will record in the proceedings as follows:—

(*a*) Whether change of climate *in* or *out of India* is necessary.

(*b*) The period of absence recommended in or out of India, care being taken that leave in excess of the period to which the sick officer is entitled by regulations is not recommended.

(*c*) In the case of an officer requiring furlo' or leave of absence owing to illness caused directly by intemperance, the medical board, whilst recording their opinion, will confine their recommendation to the officer appearing periodically before fresh boards, or to the treatment of the case as one of discipline, whichever may be deemed necessary.

In urgent cases when a medical board considers it absolutely necessary that an officer recommended for change of air, *either in or out of India*, should proceed in anticipation of sanction, a recommendation to that effect should be made in the proceedings.

Proceedings of a Civil Medical Board assembled at General Hospital Madras *on the* 12" *day of* September 1896,

to report on the state of health of M. R. Ry. K. Martirazu Pantulu, District Munsiff of Pamkondah

PRESIDENT Surgeon Major F. C. Reeves

STATEMENT of the case of Murtirazu Puntulu
District Munsiff of Penukondah

Age ... ... years 48

Total Service ... ... years 25 - months 3, to the end of present leave 14 October 1896.

Service in India ... ... years

Previous periods of leave of absence on medical certificate or private affairs. 4 years, 2 months and 12 days.

Date of return from last leave ... 17 April 1895

Habits ... ... Sober

Temperament ... ... Nervous

Disease ... Nervous Debility and Chronic Gastritis

History

Mr K Murtirazu Puntulu was under treatment under several Medical Officers during the past four years for Chronic dyspepsia, debility, Intermittent Glycosuria and Beri-beri. He came to this district on one year's leave sanctioned by the Medical Board and had been kept under treatment at the Jubilee Hospital Berhampore, since April last, during which time he suffered from Chronic Gastritis and Nervous debility.

Present State.

A weak looking subject with puffiness of face, Pulse 110. feeble and small. A sensation of uneasiness felt in the region of the heart, suffers from dyspnœa [illegible] exertion. Tongue coated, gets acid eructations and occasionally vomiting, flatulence and Constipation alternating with diarrhœa, his appetite bad. Urine - Specific gravity 1020 No albumen. No Sugar.

He is extremely weak and is suffering from repeated attacks of Ague, with a temperature of 104° and is quite unable to travel at present.

Whenever a medical officer considers an officer under his charge to be in such a state of health as to render a change of climate necessary, he will, with the cognizance of the head of the department forward the prescribed certificate and a statement of case to the office of the Surgeon-General with the Government of Madras with a view to his being brought before a medical board.

A medical officer, who may be called upon to grant a certificate to an officer when absent from his appointment, will—*except in cases of emergency* require the officer to obtain a statement of his previous medical history from his authorized medical attendant. When, under similar circumstances, an extension of sick leave is required, the medical officer in attendance will request the sick officer to procure a copy of the medical statement on which the original leave was granted.

Medical officers on leave at hill stations are prohibited from granting certificates to officers residing there to enable them to appear before a medical board. Such certificates will only be granted by the regularly appointed local medical officer.

The case of an insane officer recommended to be sent to Europe, or to an asylum in India, will be specially considered by the medical officer drawing up the medical history, and by the medical board with a view to distinct recommendations being inserted by both as to the necessity for a servant, or other escort, or any special accommodation being provided for him *en route*.

The following rules relating to the admission of patients into the Government Lunatic Asylum, Madras, are issued for the information and guidance of all medical officers :—

I. No patient can be admitted into the asylum, under any circumstances, without a medical certificate of insanity (Form A) and an admission order.

II. Admissions into the Asylum are divided into two classes :—

(*a*) Private—paying.
(*b*) Public—non-paying.

NOTE.—Exemption from paying in the case of private patients is only made when it appears to the Superintendent that the friends or relatives are unable to contribute towards the maintenance of the patient.

III. The documents required for the admission of private patients are as follows :—

(1) Two medical certificates (Form A) signed by two Physicians or Surgeons, of whom one should be a Presidency Surgeon or a Surgeon in the Government Service.
(2) Admission order (Form B), one copy. This should be signed together with the statement attached to it by the relative or friend who places the patient in the asylum.
(3) An indemnity bond to be executed before the patient's admission. Form and full particulars for filling in can be obtained on application.

IV. Medical officers are prohibited from sending private patients to the Commissioner of Police, Madras, or to any Magistrate for an order for their admission to the Lunatic Asylum when such patients have friends or relatives competent to sign the order. The interference of a Magistrate or the Commissioner of Police is only necessary when a patient has no friend or relative competent to sign an order or is not properly cared for by such friend or relative if he exists, or is found wandering at large or is dangerous. In all other cases the procedure referred to in the preceding rules should be invariably adopted.

V. In the case of a public non-paying patient, the following documents are necessary:

(1) Medical certificate (Form A), one copy signed by the Surgeon of the District.
(2) Medical statement (Form C), one copy signed by the Surgeon of the District.
(3) Admission order signed by a Magistrate.

Dt medl & Sanitary officer

A clear opinion should be included in this statement as to whether, or not, or how far, the disability was contracted in and by the service and from the effects of climate, with the reasons for so concluding.

I am of the opinion that the disability was contracted in & by the service & is the result of climate as he has suffered from repeated attacks of Ague. I am further of the opinion that he will not improve from further treatment & so I recommend his being invalided.

I

do hereby certify that Mr K Murtirazu Puntulu
of the Uncovenanted Civil service
is in a bad state of health, and I solemnly and sincerely declare that according to the best of my judgment, a change of air is essentially necessary for his recovery, and do therefore recommend that he may be permitted to proceed to for a period of

Humble representation K. Murtirazu Pantulu late District Munsif of Penukonda

Sir

I beg to Submit that I have resigned my appointment as District Munsiff having after several trials fou myself unable to perform the hard duties of that office and with a hope to secure another employment of a light Character within a year from the date of my resignation as provided for in the Civil Servic Regulations on the point (of Counting) ~~of~~ Services ren dered before resignation

2 The reports of the medical officers who kept me under their observation and treatment for long periods prove that I was unable to perform ~~any~~ duties and that my disability (was caused) by Climate and Service.

3. I think I can perform th duties of a District Registrar of Assurances and hope to try a chance in that Department

4 In these circumstances. beg to request that the Honourable Court may pleased to view my poor case with Kindness favour a recommendation for providing m with the post of again District Registrar when a vacanc may hereafter occur.

I beg to remain
Sir
Your most obedient Servan
