"Became slow & useless during the past two years of his service"

ORDER THEREON, 17th March 1899 No. 182,

In March 1897 the Dt. Magistrate of Ganjam reported the applicant to Govt. for misconduct in his Magisterial work as 2d Class Magistrate of Purushottapur, recommended that he should be reduced to a 3d Class Magistrate and transferred to a less important station. This recommendation was accepted - vide G.O. No. 451 Judl. d/29-3-97. - flag C

Reference is solicited to the Hon. Member's remarks in this G.O. which run as follows:-

"This is perhaps the best course to take. The Sub Magte. will, however, get off extremely lightly & the case should be further taken into consideration when his pension application comes up for disposal."

Maxm. pensn. = Rs 57-7-5 p.m.

In forwarding the papers, the Collector points out that if the applicant had not been reduced in 1897, he would have been eligible for a pension of Rs 60/- p.m. against Rs. 57-7-5 now admissible, and accordingly thinks that in the circumstances of the case the reduction in pay may be deemed a sufficient punishment without any further special reduction being made in the pension. The Board supports this recommendation.

For orders.

Secy The Collector's recommendation seems to be based on a misapprehension of the

P.T.O.

Under articles 485 & 518 (b) of the Civil Service Regulations (3rd Edition), His Excellency the Governor in Council is pleased to grant to Samineni Venkatachellam Mudaliar Naidu, late Dy Tahsildar & Sub-Magte of Narsannapet, an invalid pension of Rupees (50/-) Fifty only p.m. payable at Chicacole from 2nd Sept 1898 in consideration of his qualifying Supr. service of 25 years, 5 months and 22 days.

The Govt regret to be unable to accept the Collector's recommendation & the
2. The full pension admissible under the rules has not been granted as the applicant's character & conduct have not been thoroughly satisfactory.

REMARKS BY HEAD OF OFFICE.

1. As to character and past conduct of Applicant. Character has always been good. He became slow and useless during the past two years of his service. Apparently due to premature old age.

2. Explanation of any suspension or degradation. Copy of the order is enclosed. Degraded from Rs 120 to Rs 100 for neglect of duty in connection with a magisterial case.

3. Regarding any gratuity or pension already received by Applicant. (*See* Chapter XXI.) Nil.

4. Explanation under Article 469 so far as the Head of the Office can give it. Nil.

5. Any other remarks. Invalided from sickness and unfitness for further service.

6. Specific opinion of Head of Office whether the service claimed is established and should be admitted or not [*See* Article 991]. The service is established and should be admitted.

CERTIFICATE AND REPORT OF THE AUDIT OFFICER (1).

from 9.7.72 to 9.5.73
25.10.73 to 6.9.7

Certified that, should Government be pleased to admit the period of service noted in the margin, claimed on the evidence of the applicant's contemporary employes (which are also verified from the records of this office) qualifying service in superior grades will be duly proved for 25 years 5 months and 22 days and an Invalid Pension not exceeding Rs 57. 7. 5 per mensem equal to 30/60" average emoluments will be admissible under Article 485 and 518, b, of the Civil Service Regulations 3rd Edition.

The Calculations have been duly verified.

From the remarks entered opposite to No. 2 in the 3 page of the application and from para 11 of the Proceedings of the Board of Revenue (Revenue Settlement) No. 422 dated 8 June 1897 it appears that the applicant's character and past conduct have not been entirely satisfactory although his character has been recorded as good against entry No. 1 in the former. But the Collector in the concluding part of his letter No. 901 R. dated 27 November 1898 recommends that no reduction should be made on this account and this recommendation is accepted by the Board of Revenue in its Proceedings No. 7043 Mis. dated 7 December 1898. In the circumstance it rests with the Government to decide, with reference to article 514 b, of the Civil Service Regulations, whether any, and if so what, reduction should be made in the amount of pension admissible to the applicant. The delay in the submission of this application is explained by the Collector of Ganjam in para 9 of his letter dated 27 November 98 accompanying.

OFFICE OF SURGEON-GENERAL
12 SEP. 1898
WITH GOVT. OF MADRAS.

CERTIFIED that I have carefully examined S. Venkatachellam Mudalliar Naidu son of S. Kanakachellam Naidu a Sub Magistrate in the Revenue Department, Ganjam District, (Narsannapeta)

His age is by his own statement 50 years and by appearance about 55 years.

I consider S. Venkatachellam Mudalliar Naidu to be completely and permanently incapacitated for further service of any kind or in the Department to which he belongs in consequence of impaired power of muscles of right hand due to ankylosis of right shoulder joint consequent on an accidental fall; also unfit in consequence of debility combined with premature old age.

His incapacity does not appear to me to have been caused by irregular or intemperate habits.

STATEMENT OF CASE.

1. Rank. Sub Magistrate.
2. Name. S. Venkatachellam Mudaliar Naidu.
3. Department or Office. Revenue Department
4. Marks of identification. Raised mole above left shoulder – one scar on right shin – 2 scars on left shin – Scar in front of left thigh. Fair complexion. Face oval. Small mole in front of ~~right~~ left wrist (roundish, near right eye, though there is a tiny one on the right upper eyelid)
5. Age. 50 years.
6. Service. 27 years, 4 months 17 days.
7. Sick leave granted during the service. nil.
8. Disease or cause of Disability. Ankylosis (right shoulder). Debility & premature old age.
9. Abstract statement of case showing how the disease or disability was contracted, the results of the treatment adopted. In case the disease or disability is believed to have been caused by irregular or intemperate habits, the reasons for such belief should be stated.

About the middle of 1896 it is stated while travelling on duty his cart got upset & he was violently thrown out receiving injury to his right shoulder and various other bruises about his person. He suffered from pain in the shoulder joint which gradually increased; he was unable to move his right arm freely and the action of the shoulder joint was much impaired. He also experienced shooting pains in the right arm and fingers of the right hand. He states that he was unable to discharge his duties satisfactorily as his ailment materially interfered with his scriptory work which forms a major portion of his duties. Finding greater & greater difficulty in performing his duties he obtained six month's leave on private affairs on 3rd March 1898 and he placed himself under treatment at the Jubilee Hospital, Berhampore, on the 29th July last. On examination I found that the action of the shoulder joint was much impaired, he being unable to raise his arm at a higher level than at right angles to his trunk. Rotation also was not free & also forced movements of the joint was very painful. He was placed under Chloroform & some of the adhesions broken down but perfect movement of the joint could not be restored. His subsequent progress has not been satisfactory; movement remains limited & painful, & his condition not appreciably improved. He is feeble physically, & is unable to hold his pen firmly & his writing is very unsteady. He has been suffering also from oedema about the right foot and ankle joint & has had pains probably of a rheumatic character in the right leg and right wrist.

I consider that he is not likely to benefit by further treatment and therefore recommend that he be invalided.

From

Acting Collector of Ganjam

To
The Secretary to the Commissioners
Of Land Revenue
Madras

Sir,

With reference to Board's Proceedings No 1324 Mis dated 7 April communicating Government order no 451 dated 29 June 97 in regard to the transfer of M.R.Ry S. V. Mudaliar Naidu from Purushottapur to a less important station and reduction of his powers to those of 3rd class, I have the honor to state that the only station to which he can conveniently be transferred in the interests of the Public service is Narsannapet.

2. The Pay of the Purushottapur post is Rs 120 and that of the Narsannapet Post is Rs 100. By continuing in his Post at Purushottapore he will in four months' time have earned a Pension of Rs 60 whereas a transfer to Narsannapet on Rs 100 will reduce the amount of Pension payable to Rs 59.

3. Had this officer obtained the medical certificate, that he was ordered to apply for in March last, he would have obtained a Pension of Rs 47. 8. 0 only, so that his transfer to Narsannapet involves a much less serious Penalty than was contemplated by my predecessor.

4. I may note that the work of this

9

Officer both magisterial and executive continues to give me dissatisfaction. He appears to be quite worn out and incapable of active work and his transfer from Purushottapore, which at present comprises the worst affected part of the District, is essential.

5. I request that sanction to my proposal, if approved, may be communicated by wire as there will be several important changes shortly in connection with Famine Establishment.

I have the honor &c &c

Huzur Revenue annual list for 1872, the date of commencement of service is noted as 13.4.71 which is apparently a mistake for 14.4.71 as the latter date is exactly verified with the Pay Bill of the corresponding period.

3. Thus from 14.4.71 to 8.7.72 he worked in the Principal Assistant Collector's office Chicacole, whence he joined the Local Fund Board Establishment Chicacole on Promotion, wherein he continued till 31.12.72. The service in the Local Fund Establishment is 5 months and 23 days; and it is countable for Pension under article 53 of the Local Fund Account Code. 52

4. As for the period of service, ranging from 1.1.73 to 9.5.73 and 25.10.73 to 6.9.74, in the D.P.W. of the Parlakimedy Estate, the required contribution statement could not be submitted for want of information and documents on the subject. The statement will have to be prepared in the Accountant General's Office; and the rate of contribution is given in Court of Wards' Proceedings No 5752 M's dated 8.9.73, a copy of which is enclosed for information.

5. The applicant was also Sheristadar in the Estate Manager's office at Parlakimedy from 15.4.87 to 26.6.88. A memo, shewing the several items of contribution, paid for this period is enclosed.

6. It appears that the applicant was appointed Sub Pro tem Head clerk on Rs 50 in the Principal Assistant Collector's Office Chicacole from 27.3.84 to 20.4.84. But the corresponding annual list of the year 84 shows the applicant to have received only Rs 30 per mensem. But a Supplemental Bill was since drawn for the difference of Rs 20. The entry of Rs 30 for Rs 50 in the Annual List appears to be due to the late issue of the Supplemental Bill, referred to, while the annual list was issued on 19.4.84 the Supplemental Bill could not be prepared earlier than 27.6.84. Hence,

the difference in the annual list could not be avoided.

7. Again, the applicant was appointed to act as Deputy Tahsildar Sempet from 7.12.88 to 12.3.89. But the corresponding annual list of 89 shews 6.12.88 as the date of commencement of the appointment in question; and it is apparently a mistake for 7.12.88, the date from which pay was drawn.

8. From 1.10.92 to 26.5.97 he was Deputy Tahsildar on Rs 120 but since 27.5.97 he was degraded to Rs 100; and a copy of the Collectors' order ~~degrading~~ regarding the degradation is herewith submitted.

9. The delay in the submission of this application is due, partly to the time required in verifying the applicants' services with reference to the annual lists, original and supplemental, Pay Bills &c and partly to change of hands in this office owing to the illness of the permanent men. The medical certificate also was not received until the 25th of September 98.

10. I have submitted this application through the Board with reference to the remark of the Board in para 11 of its Proceedings No 422 dated 8 June 97 (Revenue Settlement Land Records and Agriculture). M.R.Ry S. V. Mudaliar Naidu was degraded for gross delay in connection with a magisterial case. He appears to have been prematurely aged (vide medical certificate) and incapable of active work; and I prefer to attribute his bad work during the latter portion of his service to that cause rather than to intentional neglect. He has always throughout his service borne a good character for honesty and appears in his younger days to have done good work. But for his degradation, his pension would have been Rs 60 instead of Rs 57.7.6., and I think that, having reference to

all the circumstances of the case, this may be deemed a sufficient punishment without any further special reduction being made.

I have the honor to be,
Sir,
Your most obedient servant

PROCEEDINGS OF THE BOARD OF REVENUE

(Revenue Settlement, Land Records and Agriculture).

Read—the following Fortnightly Narrative for the Ganjám District during the period ending 15th May 1897 :—

State of the Country.

Rainfall and water-supply—

District rainfall.	Actual up to 8th.	Up to 15th.	Expected rainfall.
	INCHES.	INCHES.	INCHES.
In the fortnight	·72	·80	1·29
Up to the fortnight from April	1·88	1·96	2·14

There has been a slight rainfall throughout the district during the fortnight. Water-supply is insufficient for irrigation purposes except in villages bordering on the Vamsadhára and the Langulya rivers of the Chicacole taluk. There was good rainfall of 3 inches at Digupudi in the Pedda Kimedi estate where it was much needed while Suradá had 2·79 inches. Mr. Partridge reports that there were slight freshes in the Langulya and Vamsadhára rivers due to rainfall in the hills.

2. Water-supply is generally insufficient for drinking purposes in the Berhampur and Huzur divisions, in some parts of the Goomsur, and in Tarlá and Tekkali of Chicacole. Pits are being dug in some villages to supplement the water-supply of wells. The amount spent on the improvement of drinking water-supply during the fortnight was Rs. 2,760. Additional funds have been allotted for this purpose by the District Board. Much of the available water-supply in tanks is foul and polluted both by men and cattle.

Agricultural operations and condition of the standing crops.—Ploughing operations are still carried on in the Goomsur and Berhampur divisions and in some parts of the sub-division. Gingelly and red gram are being sown in some villages of the Goomsur division. Gingelly is being harvested in some parts of the Chicacole taluk, but its outturn is bad to middling.

The standing crops are light paddy, ragi, gingelly, indigo, sugarcane and chillies. The condition of crops in Berhampur taluk is poor, while it is moderate in Goomsur and Chicacole taluks. Sugarcane in the latter taluk is reported to be in want of rain.

Supply of fodder and pasture and condition of cattle.—Fodder is generally sufficient and available except in a few places in the sub-division. It is getting scarce in some parts of the Head-quarters Deputy Collector's division. Pasture is insufficient except in parts of sub-division and Goomsur taluk, but it is improving in places where there was rainfall.

The condition of cattle is generally good, but cattle diseases are reported to exist in Varanasi khandam of the sub-division and in some parts of Berhampur and Goomsur taluks. The condition of the cattle and pasturage generally cause no anxiety for the future.

General remarks on the previous subjects.—The slight rainfall during the fortnight, which is below the average up to date, has not improved matters except in Pedda Kimedi. Distress generally is deepening and insufficiency of water-supply is causing grave anxiety in many parts of the district. The next fortnight will be a very anxious period in this respect.

Food-supplies and the State of the Markets.

There is a marked rise in rice at Sómpéta and Narasannapet. The latter is due to export to Vizianagram, the former to short supply. The rise in the price of ragi at Purushottapur, Berhampur, Sómpéta, Tekkali and Narasannapet is due to the demand in kitchens and for gratuitous relief which is being given in grain doles and to expenditure on works which enables persons who formerly subsisted on jungle roots and leaves to purchase a meal of ragi. The rise in the price of ragi is very marked in Parushottapur and Sómpéta. Prices of food-grains especially ragi are higher generally than in 1889 for the corresponding period.

Activity of trade.—Supplies are available at the rates quoted in the various marts; but the trade within the district is reported to be dull. The Goomsur Deputy Collector reports that 1,700 cart-loads of paddy have been imported into his division from Nyagarh where there is still a large stock remaining. The Head-quarters Deputy Collector also reports that imports of paddy from Orissa still continue. Exports from Chicacole and Narasannapet to Vizianagram both by road and rail continue to take place.

Exports and imports of food-grains by rail and sea are as follow :—

	Exports.	Imports.
	MDS.	MDS.
By rail	10,549	2,151
By sea	6,041	...

Information as to stocks is scanty and unreliable, but I am informed that it will be unnecessary specially to import seed-grain. I ascertained that two merchants in the Bengur-Naupada Circle had 3,000 and 1,000 *bharnams* respectively, and were holding for a rise. The General Deputy Collector estimates that there is seven months supply in Aska and Goomsur taluks. Other details are either unfurnished or unreliable except for Sómpéta and Pedda Kimedi where there is an estimated four months supply.

Condition of the People.

On works.—The condition of people on works is generally good. People coming in to the works from Government villages are in better condition than those from zemindari tracts. A few persons who came into Udayagiri from some outlying Khond villages were too weak to work. I have directed special enquiries to be made in the adjoining villages.

In villages.—The condition of people especially in zemindari villages of the head-quarters and Senior Assistant Collectors' divisions is deteriorating. Relief is being given by grain doles and by cash to dependants at works; the numbers on relief are steadily increasing.

The following remittances are reported from emigrants to Burma through the Port officers noted below :—

	RS.
	4,528
Kasibugga	283
Jalmur	1,446
Kota Bommali	1,372
Tekkali	
Total	7,629

Sickness and mortality.—No deaths from want of food have been reported except one doubtful case at Boirani. Opinions were divided as to whether the death was due to small-pox or want of food. I fear it was the latter. Fevers and small-pox are generally prevalent. The latter is very virulent in parts. More than half the people, entered on the relief list in one village, visited by the same, had either died or were laid up with the epidemic. Cholera is now subsiding at Tekkali but is bad near Narasannapet and Humma.

Remarks.—The following test-works and kitchens have been opened during the fortnight:—

Test-works.

(1) Mukundapur.
(2) Repairs to Patta Mahadevi tank at Tekkali.
(3) Pilli tank at Chatrapur.
(4) Santhoshapuram.

Kitchens.

(1) Haripur.
(2) Digupudi.
(3) Jalantra.
(4) Jarada.
(5) Daigam.
(6) Ballipadra.
(7) Jalumur.

The test-works are now attracting labourers. The attendance at kitchens is not as might be looked for under the present state of the season. This is due to caste prejudice fostered by the village officers in their own interests. In the sub-division amongst the Telugus, kitchens are freely attended.

The test-works at Atagada, Sorosingi and Mukundapur have been converted into relief-works, and orders have been issued for the conversion of Johomi and Pilli Cheruvu test-works into relief-works and for starting the extension of the Rushikulya canal as a relief-work at once.

Private charity.—There is no organized private charity at work, but the zemindar of Kallikóta and Attagada continues to maintain the kitchen at Haradamalli, near Kallikóta and the total number fed thereat on the 8th instant was 133. The General Deputy Collector, Goomsur, reports that some gentlemen of Aska and Russellkonda are daily giving a single meal to 60 and 20 beggars, respectively, on the average. The zemindar of Chinna Kimedi still continues feeding at his temples and feeds 90 persons daily having regard to caste prejudices.

GENERAL REMARKS.

The weavers in the sub-division are now coming forward for relief. Two depôts have been opened at Palasa and Tekkali. The Deputy Tahsildars of Parlákimedi and Tekkali have indented for thread.

INSPECTIONS OF THE DISTRICT OFFICERS.

Taluks and places visited.—The General Deputy Collector, Goomsur, has visited 46 villages in response to a special order from me, as I feared that the Ballipadra and Jagannadha Prasad, Muttas of Goomsur, which march with the Attagada taluk may be equally affected. He reports that though no acute distress exists, yet work is required and a few kitchens are wanted. A kitchen has been opened at Ballipadra and arrangement made for a test work on the Aska-Korchili road.

From what I have seen on the borders of this tract during the last few days, it is not a bit too early to start work and a very considerable amount of relief may be required here unless an early monsoon sets in.

The Principal Assistant Collector, Mr. Partridge, has been able to do but little touring and has only visited four villages. He was called away from his division to relieve me of part of the Agency sessions and was detained for five days in Chatrapur. There is no material change in the prospects of his division ; there is a slight increase in the number of kitchen inmates and the weavers are also coming forward for relief. A test work at Tekkali has attracted a few labourers consisting for the most part of able-bodied persons discharged from the kitchens. The zemindar of Parlákimedi continues to employ about 1,000 persons, gives much relief both to his own zemindari and Tekkali taluk. Prices continue to rise in the Ramagiri Agency, but there has been good rain. The Khonds are engaged in cultivation and reported to be doing well.

The Special Assistant Collector, Mr. Willimot, has reported 12 villages as visited by him. I think that these are only his camps and do not include villages visited from his camp, as I know that he has been putting in very useful work. He apprehends that the state of Ichchhápuram taluk may soon be the same as that of Sómpéta, and if the price of food-grains is any criterion, Ichchhápuram should be one of the most badly affected tracts in the district. The worst parts are the villages bordering the foot of the hills, and the savaras of Thumba, Saba, the Lower Agency ranges are also reported to be in a bad way. The zemindar of Mandasa is opening a few works, but no help in this direction can be expected from the proprietors of Jarada, Chikati and Budarasingi estates. I have applied by wire for a special agency grant of Rs. 5,000 for task works in the Thumba maliahs. This is out of the control of the district board and a special grant is therefore necessary. There has been an enormous increase in the number of recipients of grain-doles. Mr. Willimot states from his personal observation that this is not due to any want of strictness on the part of the circle inspectors who are rather too prone to reject cases of destitution without proper inquiry. I wish that I could say the same for the Ganjám division where my experience has been very different and the original lists have had to be entirely revised. Mr. Willimot remarks again, "with reference to B.P., dated 27th March 1897, No. 254 (Revenue Settlement), it may be mentioned that there is not the slighest hesitation in coming on the parish by taking out-door relief in the shape of grain-doles." Here again my experience has been different, but not in the sense intended by the Board. Some persons of higher caste have told me that they did not want grain-doles, as such grant would be detrimental to their caste. I informed them (as they were not in any way urgent cases) that they must wait till their hunger added a sauce to the dole and that money would not be given. I was, however, very pleased to note to-day that a lot of aged women whom I wished to draft on to gratuitous relief from the work at Lorasingi to-day expressed their preference to do a task and earn their wages. This is quite a new trait in the Uriya character. It may be that they thought they would get a higher wage and preferred money-payment to grain, but I think not.

The Uriya weavers of Purushottapuram have again attempted to raise a plea that to work for hire and to receive grain-doles for their dependants is derogatory to their caste. They wish for a box of thread and Rs. 4 ; this is a mere attempt to revert to the position of 1889. They say that they will do contract work, but not work for hire. It was pointed out to them that the work was contract work only, that the contract worked out to Rs. 2 instead of Rs. 4, but they refused to see it in this light. They will, no doubt, come to terms, as they have done e sewhere when really in need.

Collector's movement.—After leaving the Famine Commissioner, I visited Sómpéta and inspected the weavers' depôt and kitchen. As I found weavers being detained for payment, I sanctioned the entertainment of an assistant appraiser for the depôt where the work is very heavy; I then proceeded to Berhampur and inspected the kitchen, arriving at Chatrapur on the 3rd, remained there till the 6th, when I was relieved of the balance of my agency sessions cases by Mr. Partridge. My subsequent tour has taken me up through the Humma and Palur zemindaries to near the Bengal frontier and across the Kallikóta and Atagada zemindaries to Boirani. I have visited and made enquiries in 64 villages and checked the circle lists of those villages as far as possible. I was accompanied for the first week of my tour by Mr. Ashe, whom I have now placed in direct charge of relief operations in the Ganjám taluk. He has since been carefully through the Biridi zemindari, but reports things there not so black as they had been painted by the Circle Inspector.

With the single exception of Boirani to which I refer later, I found that the original lists prepared by the village officers were totally unreliable and some had apparently been adopted by the Circle Inspectors without proper inquiry. I found that in many cases strong, able-bodied, persons or persons who were not destitute but dependants of the village officers were entered in the list, while low caste persons, who really needed relief, had not been entered.

This is the difficulty of having to work with the aid of zamindari officials who are frequently absent from the villages: indeed it is the exception rather than the rule for them to reside within their village. I enclose an extract from the diary of the new Biridi Circle Inspector, which describes the position fairly accurately: "The karnams of all the villages in the zamindari do not live in the villages themselves but far away from them, *i.e.*, at Biridikota, Rumbha and Ganjám. The karjis are illiterate. I rarely find one independent ryot. Even to write a few lines each village must have its karnam. The grain-dealers cannot but keep accounts for the distribution of doles. They also being illiterate, cannot do so without the karnams and they who are karnams both by caste and profession are, in my humble opinion, apt to play consummate roguery with the grain-dealers and villagers. The karnam and karji are tigers in the opinion of the people. They think it is they that got them those doles. The present system is not quite sufficient, I think, to prevent fraud in the distribution of grain-doles."

I have myself had forced upon me the conviction that the so-called caste prejudice of certain classes against attending kitchens is no caste prejudice at all, but a chimera originating with and studiously fostered by the village officers who are in close touch with the heads of the caste. These officers know from past experience that Government will not allow people of any caste, however low, to die of starvation if it can be helped: they know that though hunger may be endured for a few days, doles will come in the end and they know that these doles cannot, whether in money or in kind, be distributed without their influence and aid. Whatever care and check may be exercised, there is no doubt that the entire Government dole is not always given: a shopkeeper will not weigh out his doles, but deals them out in measures of his own. The recipient takes what is given, makes no enquiries and probably is none the wiser. The shopkeeper's book is signed by the punchayetdars who are probably the village karji, the village karnam and the heads of the caste. The spoil, whatever it is, is shared. Detection is impossible. Were all these people free to attend Government kitchens this "profit" would be lost to the village official, over whom, at present, Government officers have no control. Hence the claim of caste prejudice is put forward for a class of people, whom the very people, who secretly urge it on, would be the last to admit in their own private relations as possessing any caste whatsoever.

I am not merely theorising, though the theory is sound enough, but I have been thinking over the cause of the failure of the kitchen in this division. I find, firstly, that people who will not resort to a Government kitchen will go freely to an institution maintained by a zemindar. This I saw at Haradamali, where I inspected the kitchen maintained by the zemindar of Kallikóta. I found there not only Bavuris but Odiyas and a karnam.

Secondly, (the instances of this are numerous); many people who will not attend a kitchen within the limits of their own village go to the next one trusting that the fact may not be known.

Thirdly, persons who have, in my presence, refused to go to a kitchen under any circumstances, have taken bread cooked by my own cook and biscuits from my hands. These three facts go a long way to show that in some case the so-called caste prejudice is only skin deep. It is the heads of caste and the village officers who egg the people on to put forward this plea, to satisfy their own honourable avarice. I do not deny that there are no exceptions, but the general rule is as stated. This will and must continue until village officers and heads of caste are rendered personally responsible for any death in their respective village or caste owing to refusal to attend a kitchen when no reasonable prejudice exists. A possible alternative is to restrict the grant of grain-doles to central depôts to be established by Government.

One or two cases of difficulty have occurred. The first is in regard to able-bodied women of certain castes (Aravas and the like) who, as a matter of fact, can perform no out-door work except agricultural operations within the limit of their own village. Fathers and sons can come to work. Children under seven can be dealt with as dependants, but I think that the wives and daughters over seven years of age, so long as they are in robust health and fit for work, are not entitled to Government doles but may be proper subjects for the "Charitable Relief Fund."

There is again the case of children whose parents can and will not work and who will not allow their children to attend kitchens. If grain-doles are allowed to the children, the parents take a portion for themselves. A very bad case of this was brought to my notice at Palur. A man, his wife and a boy about twelve years old, who was dumb and half-witted, had been in receipt of doles for some time. The parents were both in good condition; the boy was starved to a skeleton. On a plate of rice being placed before him, he ate it with avidity without any regard for caste prejudice. He had evidently not seen food for days and the parents thinking the boy's life worthless had supplemented their rations with his. The matter was one of urgency. I removed the boy to the Rumbha kitchen on special diet. The parents were struck off the list and told to go to the Jomi work.

In the course of my tour I found cholera bad in the Hamma zemindari and my own camp did not escape. Small-pox was very virulent in Kallikóta and parts of Atagada.

I visited the test work at Jomi and the relief works at Dayigam and Atagada. There were about 400 at Jomi and 1,000 at each of the other places. The overseer at the former work seemed to be actuated more by fear of his own bodily health than by care for the people under his control, and, on my leaving, told the Deputy Tahsildar that he would stop the work as he was unwell. He has been duly reported to his own department. The coolies here generally were in good condition, but a few emaciated cases were observed amongst the children. No arrangement had been made for payment of dependants. At Dayigam and Atagada the coolies, with the exception of some Khonds at the former place, were in good condition, better at the latter than the former place. At neither place had proper arrangements been made for water-supply to the gangs at work, though strict orders on the subject had previously been issued.

The dependants entered on the rolls were comparatively few but, considering the small proportion that the number of children furnished to the total number at work, there must have been many children left behind at home for whom no allowance was made. The task at each place seemed to be properly fixed and not excessive. It was not however turned out in full; this is probably due to the fact that the cooly took a full three hours in the middle of the day instead of two allowed by the code.

At these works payments were in arrears of four and five days, respectively. Complaints were loud on the subject of non-payment. The paymaster is a pensioned jemadar, but I regret to state that I find pensioners quite unsuited for such employment. If they are posted to a place that they do not like, they at once wish to give up the appointment. The present man has wished to resign on the plea of ill-health (after I had refused a transfer), and was informed that he would require to be relieved in due course. In the meantime, though he has funds he has not proceeded to Atagada for payment of arrears. I consider that when pensioners are given employment of this nature a condition should be attached to it that their pension will be liable to reduction or forfeiture for neglect of duty or misconduct. I regret to have to make these remarks. I have from the first tried to engage the service of pensioners, but found them unreliable and, having their pensions to fall back upon, independent to a degree.

At Boirani, my last camp, I found that the list of needy-poor, framed by the village officers long ago, on 15th January 1897, had been most accurately verified by the present condition of the people. This is a singular instance of careful investigation shown by zamindari village officials. Work here is eagerly demanded and a test work will be started at once. I issued instructions for the immediate opening of a kitchen and expect an attendance of nearly 200 on the opening day.

I regret to state that since the original list made by the village officials of Boirani was prepared, it has never once been checked by the Deputy Tahsildar and the omission on the part of that officer, M.R.Ry. S. V. Modaliar Naidu, to visit such an important centre during the last three months is only a further instance of the gross neglect and apathy which has been the prevailing characteristic of every branch of his work since his return from leave. He is under orders of transfer from his present sphere of inaction. I regret that the District Medical officer could not see his way to invalidate him prior to his return to duty. He has only four months more to serve for pension.

I apologise for the length of the appendix to the narrative, but it will not, I think, be again necessary to deal at any length with the peculiar features presented by this district to the application of the provisions of the Famine Code.

RESOLUTION—dated 8th June 1897, No. 422.

Submitted for the information of Government.

2. The rainfall in the district during the fortnight under report was below the average, though heavy falls were registered at Digupudi and Suradá. The supply of water for drinking purposes was generally insufficient in the affected area; the district board allotted funds for its improvement. Agricultural operations were being carried on to a certain extent, but, except in the extreme south, the water-supply was insufficient for irrigation.

3. Fodder was generally available, but was growing scarce in some parts. Pasture is reported to have been insufficient except in parts, but improving in the places where rain fell. The supply of fodder and pasture, however, appears to be up to the normal hot-weather standard, and there need be no anxiety for cattle, whose condition is reported to be generally good.

4. The price of rice is, on the average, almost stationary, though local variations are reported. The price of ragi has risen sharply, chiefly at the recording stations within the affected area. The position of prices is shown by the accompanying table:—

Rate.	Measures per rupee.	
	Rice.	Ragi.
Normal	17·0	30·0
Warning	13·6	22·5
Scarcity	10·2	15·0
Current	11·1	14·6
May 1889	11·1	17·4
Do 1878	8·8	12·7

The markets are fairly supplied. Paddy is being imported by road from Nyagarh and Orissa, but the exports by rail and sea continue to exceed the imports by these routes.

5. The condition of people on works is reported to be generally good, though there are some bad cases. People in zemindari villages are distinctly in worse condition than those in Government villages, and, in spite of a large distribution of doles, they are said to be deteriorating. The numbers on relief works are six times what they were at the end of the previous fortnight, while the numbers on gratuitous relief have quadrupled. The latter are, however, three times the former, the figures being 19,362 on gratuitous relief and 5,460 on works. The proportion compares favourably with that of 1889. Weavers are also now coming forward in large numbers. The objections of the weavers at Purushottapuram are evidently not genuine, and they are probably hoping to force the grant of money-doles; they should not, however, be given in to in this matter.

6. The Collector again enumerates some of the difficulties to be overcome in administering relief in his district and he offers an explanation of the so-called prejudices of the Uriyas, in which the Famine Commissioner is inclined to concur. The headmen have in former years probably derived handsome profits from a generous distribution of money-doles, and look with disfavour upon the introduction of any more easily checked system. It is doubtful if village officers and heads of castes can be made responsible in the manner suggested by the Collector; the grant of grain-doles only at central depôts is not contemplated by the Code, but, if the Collector thinks that such an arrangement can be properly supervised and is not likely to result in deserving objects of relief being deprived of doles, there is no objection to his making an experiment in consideration of the exceptional conditions of his district. Those who are entitled to grain-doles are in no way different from those who are entitled to be fed in kitchens, except in the possession of a superior grade of caste, and should be just as easily able to attend the central depôts as the others are able to attend central kitchens. It should be seen, however, that the central depôts are not too far apart.

7. The Collector's suggested method of dealing with Aravas and the like may stand, as, fortunately, there are some funds from the Indian Famine Relief Committee available for the purpose.

8. The case of children whose parents can, but will not, work, but will not allow their children to attend kitchens, is of more difficulty. There is, no doubt, that such children must not be allowed to starve to death through the apathy and selfishness of their parents, and the only method of dealing with them appears to be that adopted by the Collector.

9. It is trusted that the Collector set right the irregularities discovered at Jomi before leaving the work.

10. The attention of Government is invited to the Collector's remarks as to the unreliability of military pensioners. It is deserving of consideration whether pensioners, who accept subsequent employment, should not be liable to have their pensions curtailed or forfeited for neglect of duty or misconduct. The Famine Commissioner, in a long experience, has been anxious and willing to co-operate with the military authorities for the employment of pensioners, and his deliberate experience is that military pensioners are, as a class, ignorant and stupid to a degree not common amongst their brethren in the ordinary population, but also full of conceit and above their work. They are also often hopelessly bad linguists, acknowledging only their mongrel Hindustani.

11. The Famine Commissioner notes with dissatisfaction the conduct of M.R.Ry. S. V. Modaliar Naidu; his inefficiency should be brought to notice when his application for pension comes to be considered.

12. The disposal of applications for loans proceeds but slowly. The following amounts have been disbursed:—

During the week ending—	RS.
May 1st	5,375
Do. 8th	2,260
Do. 15th	4,390
Do. 22nd	2,800

Over 3,000 applications involving more than two lakhs and a half remained to be disposed of.

13. Government will observe that the area of distress is spreading gradually. Udayagiri is far outside the tract previously supposed to be affected. The Collector is, however, watchful, and it is not likely that any extension of distress will escape his early notice.

14. The sums remitted from Burma seem small. The Famine Commissioner has heard that wages are falling there, as, with immigration, they are bound to fall, and that some coolies have been obliged to return.

SIR,

I have the honour to inform you that the application for pension ~~gratuity~~ of Samineni Venkatachellam Moor Naidu, late Deputy Tahsildar of Narasrowpet. is being delayed for want of the information noted below. Where possible your answer should be written opposite to each point to which your attention is drawn.

2. The enclosures and your reply should be returned with the least possible delay.

I have the honour to be,
Sir,
Your most obedient Servant,

Mulvel
~~Chief Superintendent,~~
Asstt accountant Genl

Attention is drawn to No.s 1 and 2 of the printed Memo. of Instructions from this office, with reference to the applicant's service from 9.7.72 to 9.5.73 and 25-10.73 to 6.9.74 which cannot be verified from the records, such as pay bills or acquittance rolls of the local Office.

2. Explanation of the following discrepancies is requested:-

(a) In the contribution Registers on record in this office it is shewn that the applicant served in the Parlakimidi Estate from September '73 to December '74 on a gross salary of Rs. 31.4.0 paying contribution at Rs 6-4-0

per mensem. But in the 2d page of the application, he is shewn to have served in that estate only from 1-1-73 to 9-5-73 and from 25-10-73 to 6-9-74 and drew salary at Rs 20 during the former period.

(b) In the annual Returns for 1890 1892 and 1898 the date of the applicant's appointment is shewn as 1-4-90, 6-3-91 and 29-5-97 respectively while these dates do not appear in the 2d page of the application.

3. From the entries made in the last page of the old service book it appears that the applicant's service has been verified only up to 31-3-93. The subsequent service should also be verified and a note to that effect should be made therein.

Affidavit made before the Stationary Magistrate, Chicacole Taluk, by Angara Subbarao Pantulu, Pensioned Manager of Urlam Estate, and Kamarushi Venkanna, Clerk, Tahsildari Office, Chicacole.

I In the years 1872, 1873 & 1874, both of us were Clerks in the Principal Assistant Collector's Office. Samineni Modalayam Nayadu was then a permanent Clerk on Rs 15/- in the same Office. From the 9th July to the end of December 1872, he was Acting Local Fund Head Clerk in the same Office. From 1st January to 9th May 1873, he was Acting D.P.W. Head Clerk of the Parlakimedi Estate in the Principal Assistant Collector's Office. From 25th October 1873 to 6th September 1874, he was permanent D.P.W. Head Clerk, and Acting Civil Head Gumastah.

II During the above-mentioned periods, Modalayam Nayadu garu took no kind of leave. There was no break in his service.

Dated Chatrapur 1st February 1899

Sir,

In returning herewith your ADK/249 dated 16th December 1898 together with its accompaniments, I have the honor to state as follows:-

Objection 1:-
7.

An affidavit obtained from two of the applicants' contemporaries is enclosed. The periods given in it exactly tally with those specified in the Service Register except in the case of service from 25.10.73 to 6.9.74 during which the applicant appears according to the affidavit, as Permanent D.P.W clerk of Parlakimedy and acting civil Head Gumastah, while the latter appointment does not at all appear in the Service Book, against the period in question. A reference to the original Pay Bills, recorded in this office shews that

4
15
143

the applicant was acting civil Head Gumastah during the months from May to October 1873, but neither acting allowances were drawn, nor the dates of beginning and ending of the acting appointment shewn in the said bills. Similar Bills from November 1873 to September 1874 do not shew the applicants' name under the post of Civil Head Gumastah. A reference has also been made to the files of Supplemental Bills, but no document is found on the subject. It has already been stated in this office letter No Dis $\frac{901R}{acc}$ dated 27th November 1898 that the services of the applicant for the periods alluded to in your objection No 1 could not be verified for want of records.

Objection 2 (a):-

To facilitate the explanation of the subject, I beg to analyze the period in question viz from September 1873 to December 1874 into three parts as follows and to furnish the information available in this office.

(a) 1st September 1873 to 24 October 1873
(b) 25 October 1873 to 6 September 1874
(c) 7 September 1874 to 31 December 1874

As regards the first item marked (a) the bills of this office shew ~~that~~ the applicant as acting Civil Head Gumastah with the following note in the remark column "acting from No 1 of the Kemedy D. P. W Establishment". This remark commences from August 1873, the remark prior to that period up to May 1873 backwards being "acting from No 1 of the Revenue Bill of the same office (Pl. assistant Collector's office)".

As regards the 2nd item marked (b) it has already been stated that the period in question could not be verified for want of records.

As regards the third item marked (c) the Pay Bills shew that the applicant was an acting clerk on Rs 30 from 7th September up to December 1874 in ~~wh~~ the bill of which it has been noted that he was confirmed with retrospective effect. But the bills shew no pay drawn except in December 1874, for which 30 Rs have been entered as pay for the post of —

vernacular clerk Principal Asst Collector's office. It is not known therefore how the applicant's name has been shown in the Contribution Registers of your office from September 1874 to December 1874.

Objection 2(b):—

1st April 1890 is correct, but this date has not been shown in the application as it fell during the continuance of furlough from 1st March 1890 to 28 February 1891. A note to this effect has now been made in the application.

6th March 1891 is incorrect. Please have it corrected in the Annual list as 13 March 1891. ~~The applicant~~ The applicant was allowed transit pay on Rs 70 as Senior assistant's Head clerk from 1st to 12 March 1891 and pay at Rs 85 as Principal assistant's Head clerk from 13th March 1891. Hence this date is correct. The date 29.5.97 is also correct, as the applicant assumed charge at Narsannapeta on the afternoon of 28th May [illegible] 1897. Necessary corrections are made in the Service Book and Pension application. The date, given in the Pay Bill of the Narsannapeta Taluq office for May 1897, viz 30.5.97, is therefore wrong.

Objection 3:—

The necessary certificates have already been furnished in the new Service Book. The entry under objection is unnecessary and may be cancelled.
