This Hospital assistant has been in the service of Government from the last 29 years. 3 months & 19 days. He was in good health up to a little over a year ago when he began to suffer from Lumbago and Rheumatic pains in his joints particularly the shoulders. He took a year's furlough on $\frac{1}{2}$ pay in November last as he was unable to go on with his duties. Seven months ago he lost a son about 15 years old & ever since his health has rapidly failed him. He now complains of suffering from Rheumatism & is unable to walk well every time. He gets lumbago, has also chronic dyspnoea, & has shortness of breath on exertion due to the heart being unsound. The Præcordial dullness is increased and the pulse though regular is full and bounding the first sound at base is indistinct. The eye sight is bad due to incipient Cataract. I am of opinion that Mr. Glass Hospital assistant.

1. On a reference to his Service Book, herewith

2nd July 1868 to 28th March 1882, & it is requested
that a statement of his services during that
period may be furnished for endorsement
both in the service book and in the application
for pension. This information is not available
in this office, nor is the applicant able to
furnish it correctly with dates in consecutive
order.

3. I would also request the favor of
instructions as to whether the application for pension
should be dated the 27th October/77, i.e. the date

the Surgeon General's orders were received in this

Regulation

The Secretary to Surgeon General,
Madras

The accompanying documents are noted below. 1. The Hospital assistant, Mr. Pharamanjulu, 483, submitted, together with his application for pension, proposals on proper form, as far as possible, in accordance with the regulations contained in the Civil Service Regulations and the Surgeon General's Standing Order No. 8 of 1897. 2. The delay in the submission of these documents has been due to the necessity of several references having to be made to the Pay Examiner, Madras Command, the Treasury Deputy Collector, Gadmanai, the District Engineer, Madras, the President, Madras, and the subject, & I beg to explain it as follows for the information of the Surgeon General with the Govt of Madras. 3. On receipt of the Surgeon General's instructions to carry out the verification of the Hospital assistant's services, I directed the Pay Examiner, Madras Command, to verify the military services of the applicant - and a copy of letter enclosed marked I. In reply that office requested

requested me to furnish certain information
 as to the pay claimed by the Hospital Assistant
 during certain periods. Under copy of his letter
 enclosed marked III. The letter was at once
 referred to the Assistant General, Madras,
 & also to the applicant with the hope that he
 might be able to furnish it. The Assistant
 General replied that the name of the Hospital
 Assistant was not traceable in the usual
 registers of his office. Under his letter marked
 III enclosed in original. The Hospital
 Assistant did not furnish this information
 until 2 months owing to his absence from
 his native village. He having gone during
 his pilgrimage to Benares, this was already
 brought to the notice of the Sargam General.
 in his official letter of 26-1-78. The Hospital
 Assistant has returned from Benares and
 furnished it on the 15th February last. Under
 copy of his letter enclosed marked IV. The
 same was at once sent on to the Pay
 Examiner, Madras Command, who has
 furnished the statement marked V. &
 bearing the P. of 1-2-78. I requested in
 this office on the 11th instant.
 & as regards the verification of the Hospital
 Assistant's services and the amount due to
 him, I have addressed the Hon. the
 Deputy Collector, Madras, under copy

Enclosed

enclosed marked VI. The officer replied
 in his letter marked VII. enclosed. Under
 further in question should not be verified
 by the officer in charge & that perhaps the
 Assistant General may be able to verify it.
 The Assistant General has accordingly
 furnished under copy of letter marked VIII
 enclosed, but that officer has partly verified
 the statement. Under enclosure marked IX.
 The President of the Sargam Board, Elloor was
 also addressed on the subject but with no
 effect. Under enclosure marked X & XI.
 5. As the Pay Examiner, Madras Command,
 & the Assistant General, Madras have
 not been able to verify certain portions
 of the Hospital Assistant's services, it
 was considered necessary to obtain additional
 information from the Hospital Assistant.
 Accordingly an order was sent to him
 to Pillaput, his native place, to appear
 at this office at once. He reported himself
 at this office on the 18th instant & returned
 to Pillaput immediately after furnishing
 the information owing to the illness of
 his family & requested me to send his
 documents to the 2nd class Magistrate
 of Pillaput, with a view to obtaining

in official from him for the purpose
 of his position of his services, as required
 by para 11 of the G.O. No. 530, Pension
 of 12 July 1897, embodied in the Surgeon
 General's Standing Order No. 5 of 1898. The
 documents are accordingly submitted to
 the 1st Class Magistrate of District
 and the 1st Class District Officer in the
 District Office for his official signature with
 the necessary official of the Hospital
 Assistant on the 25th day.

- List of documents, viz:—
- (1) Pension application.
 - (2) Service Register.
 - (3) Local Govt Certificate.
 - (4) Medical attesting certificate.
 - (5) Affidavits of the Hospital Assistant.

Ref No 997/3

The District Medical Officer, Gadag.

The services of the applicant at the various
 stations in the Gadag should be verified by
 you afresh and laid down in § 987, Civil
 Service Regulations. It is not clear why his
 services at the General Hospital, Madras,
 and the District Hospital, Madras, have
 not been verified in communication with
 the officers in charge of those institutions
 instead of by affidavit, a means of verifica-
 tion which is only to be resorted to when
 other sources fail. vide § 987(c), Civil
 Service Regulations. Similarly, the Collector
 should be addressed in regard to the
 Hospital Assistant's services while attached
 to the Local Fund Board, More Circle.

The entries in the service register
 do not in all cases agree with those in the
 pension applications. They should be recon-
 ciled and mistakes in the former which
 inquiries may disclose should be carefully
 corrected under your inspection. In this
 connection your attention is invited to the
 Accountant General's instruction No. 42
 in Standing Order No. 5 of 1898.

3. The entries in the service register should

should be as far as possible be consecutive
and redundant entries struck out. Your
special attention is called to the confusion
and inaccuracies on pages 243 of the service
register.

On the completion of the verification
of the applicant's services a certificate should
be entered in his service register under your
signature to the effect that all his services
specifying the dates of beginning and ending
thereof have been verified by you.

Early return requested.

Madras

The pension papers of 1st Class Hospital
Assistant P. Dharmarajulu No. 83 are
resubmitted herewith, the instructions of the
Surgeon General contained in the preceding
minutes having been duly complied with.

2. The services of the applicant from 7-1-1882,
to 27-3-1882, have been verified by the
medical officers of the General Hospital
& the Native Infirmary, Madras, & the
statements furnished by them are herein
enclosed, marked XII & XIII respectively.
The services of the Hospital Assistant
while attached to the R. F. Board, Colaba,
Circular, could not be verified as the
Collector, Gadagur District, says that no
information is available in his office &
his reply is also herein enclosed marked XIV.

3. The necessary entries in the service
registers have been made, so as to agree
with the original and the present applications
& the redundant entries struck out &
initialled.

4. In accordance with the instructions
of the Surgeon General's instructions embodied
in the Surgeon General's Standing orders No.
of 1881, I beg to state that the reasons
for the omission of signatures of the heads
of the officers against various entries made
in the service book is as follows:-

27

1227

The services of the Hospital Assistant
from 2-7-1868 to 27-3-1882, have
been recently verified by the various
Officers, as already explained, in
minutes II & fresh entries were made
in the service book, after the
enquiries had been closed. Hence
the omission of the same in the
original application is due to the
fact that the same was not
known at the time of the
original application.

No explanation has been furnished for the in-

the pension application after correction - viz, in
spite of the delay, has the application been
fully completed as the finger prints of the

1. The former delay was caused by having
to obtain information from various officers
for the verification of the Hospital

the Hospital Assistant was asked to
come to Rajahmundry to take his
finger-prints impressions.
2. I respectfully beg to suggest that
the time taken up by the verification

may be treated as full length, to account
for the unusual delay in obtaining

It is evident that the Standing Order to which your attention was drawn in this office minute VIII dated 14th October 1898 has not been carefully read. Your particular attention is therefore called to the 2nd para of Rule 2 on page 1 of the Standing Order in question. You will there observe that finger prints have to be recorded not only on the 1st page of the application but also at the foot of the first page of the collector's form of a blank form of the Permanent Pay order with the necessary certificate appended as prescribed in Rule 5. It should also be observed that the distinguishing marks adopted for the several fingers are not identical with those in the specimen plate.

2. Please make good the omission but return the papers as early as possible.
