Mis. No. 2/38

Read Government Order, Mis. No. 199, Pension, dated 23rd March 1899.

Resolution.

The Board begs to address Government again in the matter of the Pension due to M.R.R. M.A. Janakirama Aiyar, Assistant Inspector, Salt, Abkari and Customs Department. In its Proceedings Mis. No. 3457, dated 29th August 1898, it pointed out that he had a total qualifying service of 30 years 11 months and 27 days and wished to retire, though less than 55 years old, but that his services

to the Madras Municipality not at his own request and no

contribution paid, and requested that, on ^a precedent quoted, the service might be admitted for pension and that the necessary pensionary contribution might be recovered from the Municipality. The Accountant-General in forwarding the Board's Proceedings pointed out that the Assistant Inspector's transfer to the Municipality was an interruption in his service and could be admitted for Pension purposes only by the Government of India, and Government thereupon observed that, if the above interruption were condoned, the Assistant Inspector's qualifying service would amount to 27 years 7 months and 21 days and suggested that as the Assistant Inspector was at the time on leave on account of illness he should be sent before a Medical officer in view to his retirement on a Medical Certificate. The Assistant Inspector was sent before a Medical officer as directed, but has been certified ^x fit for further service. The certificate of fitness coupled with the Accountant-General's remarks makes, it is submitted, a reference to the Government of India imperative since the break in his service cancels his right to furlough other than the one year which he was enjoying at the time of submitting his application for Pension and it would, the Board submits, be very hard to treat him as on leave without allowances since its expiry. Moreover the Board would submit that the break in his service is a technical matter, that his deputation to the Municipal service was not at his own request and that he is not to blame for the failure to arrange for the payment of pensionary contribution. The Board would therefore urge that the

Government of India be requested to direct the recovery of contributions from the Madras Municipality for the periods from 28th April 1877 to 17th June 1877 and from 24th November 1877 to 9th February 1881 and the retirement of the Assistant Inspector with effect from 6th October 1898 on a Pension of Rs. 48-13-2.

Notes submitted with GO No 427 Pm 23.7.99

From the Board of Rev. / Sep Rev.

Dated 11th May 1899. No 2

Please see GO. No. 199 Pension 8/23.3.99
the notes thereunder. The Board of Rev. now says
the Asstt. Insp. was sent before the Medical Officer
as directed, but has been certified fit for further
service. The Board also points out that the break
the man's service has cancelled his right to furlough
for more than the one year he had already enjoyed and
that it would be very hard to treat him on leave
without allowances since the date from which he ceased
to do duty; and urges that the Govt. of India may be
addressed for the recovery of pensionary contribution
from the Madras Municipality for the period referred
to. The Govt. of India's recent ruling against re-
covery of pensionary contribution in arrears is very
strong - vide GO. 267 Pension, 8/10th May 1899. In the
circumstances, orders are solicited as to whether the
Board may be asked to reinstate the man till he
reaches his 55th year, if it thinks fit. If the Board
cannot do this, the man may, it is submitted, be con-
sidered to have been on leave without allowances
from the 5th Oct. 1898 to 18th May 1900 when he will
according to the entries in his service book have

9 ^{He}
If he is fit for

he shd be reinstated. If
the Bd thinks there are

strong objections to his
returning to duty,
~~there~~ the only alternative
seems to be to keep the

allowances till his
55th birthday ^{or at least} when he
will be eligible for a

In face of their recent
