of his retirement, was 39 years. But according to the Medical certificate it was 50 years. The Inspector should have informed the Medical officer of the age of the applicant as required by Art. 486 (B) of Civil Service Regulations.

(iii) The applicant was twice suspended in 1888. Copies of suspension order are filed in the Service book but the offences for which he was suspended are noted in the Service book.

(iv) The Medical certificate is signed by the additional medical officer Kurnool who is on special duty in connection with plague. It is presumed that he ranks as a Commissioned medical officer.

(v) The applicant is shown as having been on duty up to the afternoon of 15.1.99 in the Last Pay certificate and pension application but his services from 8.1.99 the date of his return from Privilege leave to 15.1.99 the date of his retirement do not find place in the Service book although a certificate of the services having been verified up to 15.1.99 is recorded in the Service book. The Service book has therefore been returned to the Inspector with instructions to make the necessary entries and to submit it to your office direct.

(vi) The Inspector has not submitted a blank form of permanent Pay order with the applicant's finger prints recorded in the Collector's half. He has been requested to supply the omission at once and send it direct to your office.

2. The Inspector should have in accordance with B.P. 375/3.8.97 (P.R.) submitted a draft application for gratuity before sending the applicant before the medical officer for examination; but the peon was actually undergoing medical treatment in Hospital at the time he applied for pension and as the medical officer certified him as unfit he could not be placed on duty in the face of the certificate.
