not appear "necessary to deal with the present appeal merits as even if the decision in this case was favor- to him, it would not benefit him so long as the ishment awarded to him in the Proceedings quoted is not Cancelled. If, however, the petitioner prefer appeal against the Board's order, as he appears to — template and if that appeal is decided in his favor, ard would then pass separate orders on the present case".

Besides this, in another village called Mani- reou in the Kalyandrug Taluq, Anantapur District, here he was sent to classify soils in 1895, he registered in classification register as patta lands certain — ramboke containing numerous date and other trees d forming the beds of important jungle streams, otwithstanding that they were recorded as poramboke the Survey Land Register and were uncultivable being e water way of ~~the~~ streams as they were shown in the Survey lan beyond a doubt. The streams and the trees they Contained were all Government property. On the strength of the false entries made by him in the lassification register, rough pattas were also issued the reddi of the village brought this — fraud to my notice by a report presented to me at time of appeal hearing, it would not have come to lig except on the Complaint of the Abkary Department, — several months after the Revenue Jamabandi by which time perhaps the man who got the settlement patta fraudulently might have cut down several trees. It was this way that the fraud Committed by the same classifie in the Chikkakeriaginahalli village Kudligi Taluq was — brought to light. In the last case of fraud Committed by him in the said Manireou village, the Head classifie and Tahsildar's reports on the subject reached me only a short time before the date on which he had been ordered to be retired under the 55 years rule or I should have awarded him the punishment of suspension for at least 6 months. Copies of the original papers on this subject as per margin with their translations in English are enclosed for perusal. As it is necessary in the interest of discipline not to let subordinates commit with im- punity such large frauds so difficult of immediate detection, I thought the only punishment that Could

classifier on Rs 20 in the same Party from 16th December 1872 he counts towards pension the temporary service of 5 months and 1 day under article 415(b) of the Civil Service Regulations. Hence it is included in the period reckoned towards pension.

SIR,

I have the honour to inform you that the application for pension ~~gratuity~~ of Maganti Lakshminarayana late a classifier Party No I Rev: Settlement. is being delayed for want of the information noted below. Where possible your answer should be written opposite to each point to which your attention is drawn.

2. The enclosures and your reply should be returned with the least possible delay.

I have the honour to be,
Sir,
Your most obedient Servant,

Mabie
Asst. Accountt: General.
~~Chief Superintendent.~~

Attention is drawn to No. of the printed Memo. of Instructions from this office.

I. The Applicant not having completed 30 years qualifying service is not eligible for a retiring pension for which he has been recommended on the 1st page of the application vide article 509 Civil Service Regulations. In the circumstances the correct class of pension should now be noted on the page.	The correct class viz Superannuation pension has now been noted in the application.
II. The applicant's service Book should be closed and the entry attested by the head of office, noting	The Service register has been closed and the entry duly attested.

noting also the reason of the termination of the applicants service therein.

III. The authority under which the applicants service from 16-11-'75 to 30-4-'76 during which he was Pupil is admitted towards pension should be quoted or a copy thereof furnished.

IV Heading No 3 on the 3rd page of the application should be filled in.

V. The cause of the applicants reduction on 1-2-74 and 1-6-80 should be explained against item No 2 on the same page

VI. The grant of privilege leave from 24-1-96 to 12-3-96 having been irregular as stated in para 3 of your covering letter No 32 d/8-2-99, the leave of the same kind enjoyed by the appli-cant for 1 month & 2 days from 22-2-97 is also irregular as on that date he was eligible for only 1 month of such leave. Attention is therefore drawn to No 20 of the printed memo of instructions from this office.

VII. The applicant is shewn to have enjoyed the marginally noted period of leave in the audit Registers and

Audit Regr 1873-74 - Priv: affairs leave for 1 month from 1-11-73
— do 1874-75 — do — from 1 to 30-11-74 ~~with (for 12 [illegible])~~
Annual return for 1884: Priv: leave from 5 to 25 (apparently of March 1884)

The reduction to a pupil classifier took place in the late Ganjam Party and the Deputy Director Mr R. V. Mayer wrote in the service Register to the effect that he was "reduced to the post of Apprentice classifier "for Kyling by proxy." It is not stated whether service does or does not count towards pension. In the absence of explicit remarks to the contrary and on the strength of the entry in column 2 of Service Register viz "Substantive permanent", the service is shewn as counting towards pension.

Duly filled in

Regarding the reduction on 1-2-74 to 20 Rs no information is available. The applicant has been asked to send a copy of orders if any on the subject. His reply will be communicated. The Ganjam Settlement party was broken up and the applicant could not get a post on the same pay viz Rs 24. he had therefore to accept a place on Rs 20. Hence the lower rate of pay on 1-6-80.

In the Service register the applicants privilege leave is entered correctly for one month only from 22-2-97 to 21-3-97. But the entry of 23-3-97 in the application is a clerical error for 21-3-97. Necessary corrections have now been made and attested in the application.

Pay bills for the periods mentioned

and Annual returns of the years noted against them. But the leaves are not entered either in the Service Book or in the 2nd page of the application. The omission should be explained.

VIII. If the leaves were actually availed of by the applicant attention is drawn to No 20 of the memo of instructions regarding the private affairs leave which he had for 1 month from 1-11-73 and for 1 month from 1-11-74, the grant of which on both occasions was irregular under article 370 Civil Service Regulations

IX. The following discrepancies should be explained.

(a) In the Annual returns for 1876 and 1877 the substantive pay of the applicant is given as Rs 24/- instead of Rs 20/- as shewn in the service Book.

(b) In the audit Registers for 1874 and 1875 the applicants age is given as 31 and 32 years which would make the year of his birth as 1843 which is also

are not available as they relate to late Ganjam Party. From enquiries it is however elicited that there were two men known as M. Lakshminarayana one as a classifier the applicant and the other as Head classifier. It is likely that the leave granted to the latter might have been noted in the returns against the former. Further the applicant is stated to have been on leave without allowances (vide pages 14 & 15 of his Service Register) from 11-11-74 to 22-11-74 covered by the period of 1 month viz 1 to 30-11-74. This is not practicable. I beg the pay bills in the Accountant General's office may be caused to be verified as the same could not be done for want of the same.

As regards privilege leave from 5-3-84 to 25-3-84 I beg to state that it is entered in the Service Register vide pages 16 and 17 but in the application it was inadvertantly omitted to ~~to~~ be shewn. The omission is now filled in.

The applicant was transferred to this from the Ganjam Party in 1880. Hence the discrepancy cannot be explained as the pay bills &c of the Ganjam Party as stated above are not available in this office. The year 1844 was noted in the application following the entry in the Service Register.

also the year noted in the annual return for 1879. But on the 1. page of the application that year is given as 1844.

(C) In the annual returns for 1891 and subsequent years the date of his promotion to Rs 24/- is given as 1 July 1890 instead of 1 August of the year as shewn in the Service Book and on the 2nd page of the application.

The entry in the Service Register is correct as also that in the annual returns. He was confirmed on Rs 24 on 1·8·90 retrospectively from 1·7·90. Hence the entries vide remark in the Service Register and in the pension application.

Resubmitting the pension paper of Maganti Lakshminarayana with the explanation to the objections pointed out by the Accountant General.

Translation of Hukum no 1915 dated 11th October 1898 to classifier Maganti Lakshminarayana—

At the time of classification of soils — in village no 48 Manirevu in the Kalyandrug Taluq, you entered in the classification register as patta lands survey fields nos. 296, 108, 316, 318 and 94 as noted in the enclosed statement. These lands contain a large number of date trees. They are entered as poramboke in the Survey Land Register. The reddi of the village preferred a Complaint to this office. The said numbers were examined on the ground and enquiries made by the Head classifier, Revenue Inspector and also the Tahsildar and it was found that in field no. 296, there are 3000 date trees covering an area of acres 8.67, in no. 318 seven hundred date trees covering an area of acres 3.70, and in no. 94 two hundred trees over an area of acre 1.71 and that all these lands are and should be registered as poramboke as entered in the Land Register. In the case of these lands containing a large number of trees complaints were made to the Survey Department at the time of survey and that Department have registered them as poramboke in the Land Register. Such being the case, you have contrary to the Land Register and without

You will therefore shew cause why you should not be suspended for this gross misconduct. Your explanation should reach this office within 10 days from the date of this Hukum i.e within the 20th current, failing which you will be kept under suspension until the 31st December 1898 commencing from the 21st current. If any records are required for reference you can refer to them in the presence of the Uncovenanted Assistant; You should not take any of them out of his room.

Translation of the explanation of Classifier Maganti Lakshminarayana dated 20th October 1898.

In Hukum No. 1915, I was ordered to shew cause why I should not be suspended for having included in ryots' patta full survey Nos. 318, 94 and 296 of Manirevu Village No. 48, Kalyandu Taluq, containing date trees and which were shewn as poramboke in the Land Register.

1. The inclusion of the above numbers in ryots' patta is correct for the following reasons.

2. Talari Sonnoda pattadar No. 49 had as per Revenue accounts 137 acres of land in his patta in one place and this was split up into 4 survey fields at the time of survey and they were entered in his patta as follows:—

Survey Nos	Revenue extent	Survey extent
315	60—0	56—0
316	51—0	22—70
317	24—0	48—58
318	4—0	3—70
	139—0	130—98

No. 9
8
500

Thus there was a deficiency of acres 8.02. As per Revenue accounts, as per enjoyment and as per cultivation chits

(I suppose he means leases) these fields were included in patta no 49. Out of these, against survey nos 316 and 318, a remark is entered in the Survey Land Register that they (nos 316 and 318) are in the enjoyment of the pattadar and in the Revenue adangal and other accounts they are shewn as containing date trees; with reference to this and to the cultivation deeds shewn to me, to the Revenue accounts and enjoyment, I thought they were patta lands and therefore entered them as such, notwithstanding which there was a deficiency of acres 8.02. The Head classifier who made the azmaish says that the Divisional Officer issued an order that survey no 318 acres 3.70 should be registered as poramboke; it was not published then, nor was the said extent deducted from the Revenue patta. The statement of the Head classifier that it should be deducted as poramboke notwithstanding that it is shewn as patta in the Revenue accounts, is a matter for the decision of Officers like yourself and it is not a matter to be decided by subordinates like myself. Hence survey no 318 came to be included in patta as per Revenue accounts.

Note
This is wrong. In the Revenue accounts, Pymaish no 64 is entered as unoccupied waste and according to the Land Register, Pymaish no 64 corresponds to survey no 318 which in the Land Register also is entered as unoccupied. This was verified as correct by two Tahsildars on actual azmaish of the field. Therefore the classifier had no excuse for registering it as patta lands

Note
The enjoyment, of trees, was surreptitious. On account of a deficiency by survey which occurs everywhere owing to the defective pymaish measurements, it is not for a subordinate like him to fraudulently and without any reference to his superiors, register important streams containing numerous trees as patta lands. The Tahsildar himself azmaished the lands and found the action of the classifier to be a huge fraud. The non-inclusion of the said no 318 in the patta will instead of being contrary to the Revenue accounts be quite in accordance with them, because survey no 318 corresponds to pymaish no 64 which in the Revenue accounts is registered as unoccupied waste.
R.

If as recommended by the Head classifier and Revenue Inspector survey no 318 were to be deducted from patta and registered as poramboke, there will be a decrease of acres 11.72 below Revenue area. These 4 numbers are situated in one place and of these survey nos 316 and 318 contain streams and vankas with date trees growing on them and all these are in the enjoyment of pattadar no 49. Even if no 318 is included there is a deficiency of acres 11.72 in the patta extent and in the extent containing date trees there is a deficiency of acres 8.02. The deduction of the said no 318 will be contrary to the Revenue accounts and enjoyment. It is only Officers who can exclude it from patta but not subordinates like me. I have therefore done nothing wrong.

3. Karnam Appu Row and Ramappa had acres 42.43 in patta no I. This extent was surveyed as 5 survey nos 92, 94, 108, 296 and 171 which are included in no I Patta as shewn below:

Survey no	Revenue extent	Survey extent
92	9 - 43	5 - 72
94	6 - 00	9 - 28
108	12 - 00	18 - 91
171	7 - 00	6 - 25
296	8 - 00	18 - 95
	42 - 43	[illegible] 21
		42 - 43
		+ 16 - 7

Thus the above numbers were included in patta No I. Of these nos 94, 108 and 296 are streams and Vankas with date trees. In the Land Register they were first entered as patta on the ground that they were in this pattadar's enjoyment, but these remarks in the Land Register were subsequently cancelled and scored out. From this and from other enquiries I found that they were in petitioners enjoyment. He also showed cultivation leases &c. I also saw Hukum No. 1497/14-11-97 shown to me by the No I pattadar stating that there were date trees on it till the year 1867 and that he got patta for it.

From this I found that it was patta land and I informed the Head classifier Y. Krishnayya of this. He also made enquiries and verified the fact. Whereupon they were entered as patta lands. The whole of this belongs to patta No I. There appears to be excess area of acres 16.78 in these numbers. I entered all these numbers as patta lands, because the pattadar said that the excess need not be

Note
This is the very reason why petitioner should not have taken it upon himself to register it as patta land without the orders of the Deputy Commissioner. If he were acting honestly, he would leave matters alone and tell the petitioner to complain to me or he would refer the subject to the Deputy Commissioner through the Supervisor for orders.

Note
According to the Hukum the pattadar is entitled to only Acres 7.57 and the remainder Acres 1.71 should be poramboke. This contains 200 trees and is Government property. The classifier had no business to include it in patta.

Note
This is gross lie. The Head classifier denies any knowledge. The classifier never wrote to the Head classifier on the subject nor any remarks in the classification register as he surely would have done, if he had been acting honestly.

Note
When there was a deficiency as in the case mentioned in para 1 above, he puts forth that fact in support of his having included the stream in patta and when there was an excess as in this case, he says that the pattadar told him not to deduct it; When things

---

survey Land Register, was it not his duty to refer the matter to the Deputy Commissioner for orders? Was he justified in including such large areas containing numerous trees in pattas on his own authority and without the permission of his superiors!

and because no takarar came to me at the time. In the fields containing date trees registered by me as patta lands viz:-

Survey no.	Revenue extent	Survey extent
94	6-00	9-28
108	12-00	18-91
296	8-00	18-95
	26-00	47-14
		-26-00
		21-14

there is an increase in area of acres 21.14. Out of this the Head Classifier E. Chelamayya seems to say that an extent of acres 10.38× should be deducted from the patta and registered as poramboke and that the remaining area of acres 36.76 should be retained in patta.

×Survey no.	Extent
94	1-71
296	8-67
	10-38

Survey nos	Revenue extent	Survey extent
108	12-00	18-91
94 A	6-00	7-57
296 A	8-00	10-28
	26-00	36-76
	Deduct	26-00
	Balance	10-76

I do not understand why when the Revenue extent is acres 26, an extent of acres 36.76 should be included in patta and only acres 10.38 of [illegible] nos. 94 and 296 should be excluded as poramboke. These three are full numbers containing date trees. If portions have to be deducted as poramboke, then the whole extent of acres 21.14 should be deducted as poramboke which will mean the exclusion of the excess area over the Revenue patta extent and then I should consider myself in the wrong to have registered the full survey numbers as patta. The whole of the excess area acres 21.14 contains date trees. While so, why should acres 10.76 only belong to the patta and the remaining acres 10.38 to poramboke.

I do not agree with Head classifier in this argument. The very grounds which led the Head classifier to recommend that acres 10.76 out of acres 21.14 should be included in patta and that acres 10.38 should be excluded from it and registered as poramboke made me include those acres 10.38 also in patta. If the Head classifier says that there are date trees only in the said extent of acres 10.38 and none in the other portion then I will have to submit further explanation.

4. In the Hukum I was ordered to state under whose orders I have included in patta survey nos 108, 94 and 296 when they were already registered as porambokes in the Land Register. In reply I beg to submit that I have nothing more to say than that these numbers were confirmed to have been patta lands even by Head Classifier Chelamazza at the time of his examination over the ground.

Note
Because it was found to be so when the lands were measured according to Pymaish boundaries not only by the Head classifier but also by the Revenue Inspector and Tahsildar.

Note
He may not agree, but had no authority to do what he fraudulently did, or should have reported the matter for the Deputy Commissioner's orders.

Note
He only equivocates in order to mislead. The Head classifier never recommended the inclusion of all these numbers fully in pattas; but he and the Revenue Inspector made a full azmaish according to the Pymaish and found that no 108 was fully patta and that acres 10.38 of the other 2 numbers should be poramboke. The Tahsildar also found to be so during his azmaish and that extent was accordingly registered as poramboke and the remaining area entered as patta land.

Translation of takeed no. 269 dated 1st February 1899 to classifier Maganti Lakshminarayana.

The reddi of manikem no. 48 Kalyandrug Taluq submitted a report to this office stating that survey nos. 94, 108, 296, 316 and 318 which were registered by the Survey Department in the Land Register as Poramboke were registered by you as patta lands in the Taram Register. The petition was enquired into by Head classifier E. Chelamayya, the Revenue Inspector and Tahsildar and it appears from the records of enquiry that out of the above fields, an extent of acres 14.08 containing date trees and appertaining to survey nos. 94, 296 and 318 is poramboke. In Hukum no $\frac{1915}{11\text{-}10\text{-}98}$ you were called on to explain under whose orders you registered the above fields contrary to the Land Register as patta land instead of as poramboke as per Land Register. You have submitted an explanation under date the 20th October 1898 in which you say that with reference to the documents produced by the pattadars in regard to their right to these lands, to Revenue

9
9

accounts and by referring the matter also to the Head classifier Y. Krishnayya, you included them in patta. You further say that you had included in patta the excess area of acres 21.14 in Survey No. 94, 108 and 296 on the same grounds which made Head classifier E. Chelamayya recommend the inclusion of a portion thereof viz acres 10.76 in patta and acres 10.38 under poramboke.

2. These numbers were first entered as patta lands in the Land Register by the Survey subordinates who made the demarcation, but disputes having arisen in regard to their registry as patta lands, the survey sub assistant in his order No. 317 decided that these numbers should be registered as poramboke. In the face of such a decision it was a great fault on your part to have entered them as patta lands without referring the matter to and obtaining the orders of higher authorities. When asked under whose orders you registered the fields as patta lands, you say that you brought the matter to the notice of the Head classifier Y. Krishnayya and that after he satisfied himself that they were such you registered them as patta lands. The Head classifier who was called on to explain says that he knew nothing about the matter. If your explanation is genuine you would have written a yadast to Head classifier or entered the necessary remarks in the classification register on the subject. You did nothing of the kind and in the absence of any such record your statement cannot be believed.

From the Tahsildar's enquiry it appears that out of the above Nos. 94, 108, 296, 316 and 318, an area of acres 14.8 appertaining to three numbers viz 94, 296, and 218 should be registered as poramboke and acres 53.46 as patta land. Although you deserve a severe punishment for having without orders of higher officers fraudulently registered as patta land what was decided to be poramboke by a competent officer, you have now been retired from the Government service. Therefore no punishment can be now awarded; but in consideration of your generally very bad character a reduction of 2 Rs from the pension you may be entitled to will be recommended.

Translation of an arzi Register No 892 of April 1899 from Maganti Lakshminarayana late classifier of Revenue Settlement Party No I.

In your takeed No 476/20·3·99, I am informed that in my service register it is stated that I was degraded from Rs 24 to 20 Rs on the 1st February 1874 and that the Accountant General wants to know the cause of this degradation. I am accordingly ordered to send a copy of the order or any other records on the subject. If none exists, I am ordered to explain the cause of the degradation. I received also a reminder No 542/29·3·99 calling on me to explain the cause of my reduction to 20 Rs on the 1st February 1894. I thus feel a doubt, notwithstanding which I beg to state that in January and February 1894, I was engaged in classifying lands in the village of Anijigeri, Hara-panahalli Taluq, Bellary District, and that I then suffered no reduction to a lower grade. Even in 1874, I was not reduced to a post of classifier on Rs 20. In that year 1874, when I was transferred

from the Krishna to the Ganjam District, an order was issued to me that I was appointed to a classifier's post of Rs 24 but that until I was exempted from the examination rules, I would get only a salary of Rs 20. My Service register had not till then been prepared and when it was subsequently prepared my salary was entered as 24 Rs with reference to the order but not with reference to the pay actually drawn. Subsequently the actual amount of pay drawn was entered in the Service register. I was not degraded for any fault. I have not got with me the said order. When I was doing classification work in the Rayadrug talug, the late Deputy Commissioner Mr. Cox called upon for some explanation and when submitting it, I sent also the said order with it to the Huzur Office. When I came away from the Office in February last on my retirement from the service, I saw it with the Head Clerk. I have nothing more to say.

(Signed) Maganti Lakshminarayana
Late classifier
