CERTIFIED that I have carefully examined

2nd Class Constable Mahalingam Pillai

son of Muthuswamy Pillai

a Second Class Constable
in the Police Department, Tinnevely District

His age is by his own statement 43 years and by appearance about
years.

I consider Mahalingam Pillai

to be completely and permanently incapacitated for further service of any kind or in

the Department to which he belongs in consequence of Chronic Rheumatism

His incapacity does ~~not~~ appear to me to have been caused by irregular or intemperate
habits.

STATEMENT OF CASE.

1. Rank. *2nd Class Constable No 148*

2. Name. *Mahalingam Pillai*

3. Department or Office. *Police Department*

4. Marks of identification. *(1) a scar on right hip
2 Swindles on right cheek*

5. Age. *43 years*

6. Service. *20 years*

7. Sick leave granted during the service. *nil*

8. Disease or cause of Disability. *Chronic Rheumatism*

9. Abstract statement of case showing how the disease or disability was contracted, the results of the treatment adopted. In case the disease or disability is believed to have been caused by irregular or intemperate habits, the reasons for such belief should be stated.

History states that for the past 4 months he has been bad with Rheumatism but from his present state it appears to me that he has been suffering with it for some years.

Present Condition:— There is severe pain in both knees and ankle joints. The man is not able to walk about freely. He walks with his toes sticking up and a jerking gait. He is anemic. As he will not improve under treatment I recommend that he be invalided.

The Constable is reported by the Superintendent of Police to be "addicted to debauchery" and he has a scar on the penis & the present disease is probably the result of Gynephilia.
