His incapacity does not appear to me to have been caused by irregular or intemperate habits.

STATEMENT OF CASE.

1. Rank. English Head Clerk, Collector's Office & Chingleput District.
2. Name. Mangalam Bhashica Charlu.
3. Department or Office. Collector's Office, Revenue Department.
4. Marks of identification. { Colour Brown; Face round; slight marks of Small pox on the face. Height. 5 ft. 8 in.
5. Age. 47 years
6. Service. 24 years and 7 months.
7. Sick leave granted during the service. 1 year, 6 months and 27 days.
8. Disease or cause of Disability. Primary (non congestive) glaucoma.
9. Abstract statement of case showing how the disease or disability was contracted, the results of the treatment adopted. In case the disease or disability is believed to have been caused by irregular or intemperate habits, the reasons for such belief should be stated.

This clerk has had 24 years service in the Revenue Department, and has been known to me for nearly 10 years. He has during this period been under my medical observation & I have had to give him advice in various ways both as to his general health, & more particularly with regard to the condition of his eyes & ~~[illegible]~~ vision. In 91 he was suffering from a very severe form of Herpes of the head & scalp (frontalis) & this required with careful attention, & it threatened at one time to destroy his right eye. This chronic herpetic condition lasted about 3 years requiring constant treatment in various ways. In 1894, as he was in impaired health, suffering from severe mental strain & great pain in his eyes I examined him carefully again & found him suffering from primary ~~congestive~~ non congestive glaucoma & I recommended him to give up his work & retire. He was granted a year's leave & seemed to be much benefited. In 1896 he was again in trouble with his eyes & obtained six months sick leave. After my return from furlough in 1896 I saw him again & found him much about the same though able to carry on his work in office.

He has now come to me again with the former condition much aggravated – he is depressed & complains of inability to continue in office & has made up his mind to retire. I have advised him to do so, as soon as possible, as the glaucomatous condition is such, that I have much doubt whether he will continue fit for his duty much longer. Even by operation on both his eyes, the vision will not reach a sufficient standard to enable him to work. He is in my opinion unfit for duty
