Military Pay Office N. Force
Kamptee 23d February 1857

From Major W H Freese
Paymaster Nagpore Force

To The Secretary to Government
in the Public Department-

Sir I have the honor to request you will lay before Government my application for Pension for Doralingum writer in my Office- He has served a period of upwards of 32 years and with the exception of one act of misconduct for which he was suspended for 6 months: his general character has been good-

Though not advanced in life sufficient as to warrant an application being made on those grounds alone: he has for some years been subject to continued attacks of Asthma and Dyspepsea and his debilitated frame and weakened mental powers show too plainly their ill effects- in an Office of Accounts such incapacity is liable to cause too much inconvenience to the Public Service for me to hesitate to bring his case forward, and I trust that my request for a Pension of $\frac{1}{3}$ of his Pay for the last 8 years for him after so lengthened a Service will meet with the approval of Government

I have the honor to be Sir
Your most obedient Servant
Wm Freese Major
Paymaster

(3)

This is to Certify that Doralingum Writer in the Pay Office Nagpore Force is from Chronic Asthma & Dyspepsia disqualified for the active duties of his situation and that these ailments (which have not so far as I can learn been caused by Intemperance or other irregular habits) are accompanied by a certain degree of mental infirmity - As these complaints in a patient of his time of life are likely to be ameliorated only but not cured by Medical treatment, or change of air, it is my opinion and to the best of my judgement that he is a fit subject for the Pension Establish:ment. —

Memorandum.

The undersigned is directed to bring to the notice of the Paymaster — Nagpore Force the following points requiring explanation, with reference to the application submitted under date the 23rd February 1857 for a pension on behalf of Doralingum.

2 The pension to which the applicant is entitled under the rules is one half of his monthly salary on an average of the last 5 years and this average is computed by the Paymaster at 45 Rupees.

3 The amount of Pension recommended is 1/3 of the applicant's pay, calculated as in the preceding Para, but for the last 8 years.

4. In every case, 5 years' average must be taken — not 8 years — and Major Freese is requested to state whether there is any thing against the character of Doralingum of a nature to render it

desirable

desirable that the full pension his services are entitled to should be withheld.

5 Under the head, 2dly, of "service "continuous or not" the numerals 21 find entry - instead of the information required.

To

Sir,

In reply to your Memorandum of the 9th Instant, I have the honor to state, that, my reason for not recommending the applicant to the amount of Pension his length of service would entitle him, was, that in 1851, he was suspended by order of the Accountant General for a period of six months for an act which if wilfully done would be entitled "of a fraudulent nature" as follows.

Having obtained from the then Acting Paymaster Major Gordon his signature to the Rolls of Discontinuance of his (Dooralinguum) Family certificate, he neglected forwarding them to Madras at the same time drawing his full Office Pay whilst his Family Certificate Payee was drawing the amount of the Family certificate - his excuse was that from sickness he he had forgotten it -

As I considered that the orders of Government in granting Pensions for length of service intended such to be for continuous good service and as the suspension of the applicant by the Accountant General, would make him appear wilfully culpable of a dishonest act, I did not think myself justified in asking for more than 1/3 Pension; but should Government be pleased to overlook this one fault and give him the benefit of a doubt as to the wilful culpability or not, I should be happy to recommend him for the 1/2 Pension -

The applicant has received the same salary Rupees 45 for the last 5 years

The insertion of the numeral 21 under the Heading of Service "continuous or not" is a clerical Error and should be as follows "continuous with the Exception of the period of suspension -"

It appears here that the applicant was suspended

suspended from his appointment in 1851 for a period of 6 months by order of the Accountant General and the Paymaster accordingly states he did not think it right to recommend the man for the full pension his services are entitled to.

2. The Government observe that the late Accountant General did not in his order give his opinion as to the view he took of the Petitioner's offence; but from the nature of the punishment it would appear clear that he exculpated him from all charge of wilful fraud holding him guilty only of carelessness which, the Government think, has been sufficiently atoned for by the loss of pay involved in the sentence.
