No. 361.

Extract from the Minutes of Consultation under date the 25th March 1857.

Read the following letter from the Commissioner of Police.

Refers to Extract Minutes Consultation, dated 22nd January 1857, No. 95, forwards a Roll of worn out men of the Force. Since 1st November last, a stoppage of half anna per Rupee has been made from the pay of the Force, excepting the 5 men named, attached to the House of Industry, who were discharged on the 31st of last month. With reference to Mr. Judge, forwards for the consideration of Government a Memorial from him and recommends his case, and that of the others to a pension according to their service. (Here enter 2nd March 1857, No. 27.)

1. Though as already observed "the Police Superannuation Fund" to be formed under the Provisions of Section XVII of Act No. XIII of 1856, can hardly be considered to have been as yet established, yet on the special recommendation of the Commissioner of Police, the Government will not refuse to extend the benefit of the Fund to all those members of the Police Force, from whose pay stoppages had been made under the above Section of the Act, and who are now represented to be incapacitated from further employment, provided they have been actually employed in the Police Force, for the period prescribed by Section XVIII, to entitle them to any superannuation allowance.

Period of Service in the Police.		
Constable J. Judge	Years	10 0
Jemadar C. Chandrakhan		9 113
Peon P. Ramaprasad		8 92

2. It is observed that the individuals named in the margin, have not served the prescribed period to entitle them to a pension, and the Government are therefore precluded from admitting their claim to the benefit of the Police Superannuation Fund.

3. The Commissioner of Police will furnish a Roll of the men admitted to the benefit of the Fund by these orders, exhibiting their names, rank, pay, period of service in the Police Force, and rate of pension payable under Section XVIII of the Act, in order that the same may receive the sanction of Government, and be communicated to the Civil Audit Office.

4. The Government are of opinion that the five men attached to the House of Industry, who have served 20 years and upwards, might, as a special case, be admitted to the benefit of the Gratuity Rules, and resolve accordingly to furnish the list of these men to the Civil Pension Department, in view to the necessary orders being issued for the disbursement to them of the gratuities to which they may be respectively entitled.

5. It is necessary that the Civil Auditor should have the means of verifying the period of actual service of members of the Police Force, and the monthly salary on which their pension is to be calculated, and also of ascertaining whether they have contributed towards the Police Superannuation Fund. He will accordingly place himself in communication with the Commissioner on the subject, in view to his Office being furnished with such returns as may be required for the purpose.

6. The Accountant General will also state whether any and what arrangements should be made for exhibiting in the Books of his Office the proceeds out of which "the Police Superannuation Fund" is to be formed under Section XVII of the Act XIII of 1856, and the payments to be made therefrom.

Report of the Civil Auditor.

The Civil Auditor has the honor to report that in consequence of both the monthly and annual lists of the Madras Police Force not exhibiting the names of the Peons of the Police Force, he has not been able to verify the services of the Duffadar and 4 Peons for the period stated to have been served by them as Peons.

The services of the Duffadar Moonyland from September 1841, which appears to be the date of his promotion to the grade of Duffadar from that of Peon, to 30th April 1856, up to which only returns are in the possession of this Office, are traceable on the Books of this Office, making a period of 14 years and 8 months. The salary drawn by him for April 1856 is R^o 11, which is the rate of pay now assigned to Duffadars of the Police Force. The figure given in Colonel Boulderson's Memorandum, viz R^o 10 ¹/₂, would seem to be a clerical error. Assuming the period of Moonyland's service as entered in the list furnished by Colonel Boulderson to be correct, viz. 22 years and

4 months, he is eligible under the rules to the maximum amount of gratuity allowed, viz 13 months' salary, which at 11 Rs per mensem is Rupees 143.

The services of Shaik Hoosain and Mahomed Caisim from October 1840 to April 1856, making a period of 15 years and 7 months, are also traceable on the Books of this Office. Their names from October 1840 to January 1850, the period previous to their transfer to the House of Industry, are given in the returns as Deons attached to the Office of the Superintendent of Police. Assuming in their case likewise that the period of their respective services is correctly given by Colonel Shaik Hoosain Boulderson, they are entitled to a gratuity of 13 months' salary, which at the rate of Rs 7 per mensem, the rate of pay drawn by them is Rs 91.

With regard to Khader Khan and Nardindoo, the period of their service in the House of Industry is alone capable of verification by the Audit Office. As the services of both these men, are given by

by Colonel Boulderson, is in excess of 20 years, they are also admissible to the highest rate of gratuity allowable, viz 13 months' salary, which at Rs 7 per mensem, the rate of pay drawn by them, is Rs 91--
