The humble Petition of Narrasimmah Charry late Overseer attached to the General Police

Humbly Sheweth

Your Petitioner served the Honorable Company for 37 Years with greatest fedelity and faithfulness - 14 $\frac{5}{12}$ years of which in the Road Department and 22 $\frac{7}{12}$ years in the General Police - Mr. Elliot in his letter to Government under date the 28th April 1856 fully described the important services which your Petitioner performed a reference to the letter will fully prove the fact -

Your Petitioner regrets to find that the pension granted him is not in proportion to his long services being one third instead of half of his former payment -

The first portion of his service viz.^{t} 14 $\frac{5}{12}$ was not admitted under the plea that it was under the Assessment Department Your Lordships will see at once that it is an act of great injustice - He did not serve at all any Assessment Department

Officers

Officers but during that period he served Major Dalzel Captain Liggett Cab Montgomery and R Henderson and every one of them are Government Officers. Moreover of this Section of Your Petitioner's service one year in 1833 was admitted as if he was under the Government on the report of the Military Auditor. If one year was admitted why not the other 13 years regarded in the same light, but to Your Petitioner's greatest misfortune were unnoticed. He therefore solicits that orders may be issued for reexamining his case in order that reasonable pension may be allowed him consistent to regulations.

In doing this act of charity shall in duty bound.

From,

Civil Pension Depart.t

Sir,

With reference to the Memo. of the 3d instant from your Deputy asking for a report on the eligibility or otherwise of the service of C. Narasimma Charry late an overseer in the Police Depart.t at the Presidency, from 1819 to 1838, to a pension under the Rules, I have the honor to report as follows.

2. The Military Auditor General reports in his Memo of the 20th January last, that the pay of a Duffadar in the Superintendent of Roads' Department, at Rupees 21 per mensem was drawn from the public Treasury for a period of 5 years and 11 Months from 1st Feby 1827 to 31st December 1832; but as no names are given, it was impossible to state whether Narrasimma held that post during that period. For the period immediately succeeding from 1st January 1833 to 31st January 1834, Narrasimma's

name

name appears as Duffadar on the salary of Rupees 21 and hence his service for that period was considered admissible. For the following period up to 30th April 1835, the pay of a Duffadar on Rupees 21 per mensem is drawn, but as no names are given the same objection lies against the admission of this period also. It would thus seem that in the opinion of the Military Auditor General, the entire period of 8 years and 3 months is eligible to count for pension if sufficient evidence be forthcoming to prove that Narasimma was holding the post of Duffadar for this period. From Colonel Boulderson's letter of the 28th March last, it is distinctly stated on the authority of Major Silver, that this person "was employed "as a Duffadar for a period of 14 Years "prior to the year 1834" and again, on documentary authority "in the Police Office", in the month "of February 1834 his name appears in the "Pay Abstract of this Department as a "Duffadar of the Assessment Road "Department on a salary of Rupees 21."

3. It is therefore clear that Narasimma's service for the period of 8 years and 3 months, should be admitted into calculation, making a total of 29 years and 9 months from 1st February 1827 to 31st October 1856.

4. Narasimmah's service from

Nov.

November 1819 to 31st January 1827 would appear to be equally eligible, provided the Military Auditor General or the Inspector General of Ordnance and Magazines (as it appears from the Military Auditor General's Memo. that the accounts of the Superintendent of Roads were obtained from the late Military Board) can certify that the Establishment of the Inspector of Roads and Streets was paid by the Government.

5. The enclosures+ received with the Memo. from your Deputy are herewith returned.

+ 7 in number.

I have the honor to be,
Sir,
Your most obedient Servant.
