Report of the Civil Auditor

The Civil Auditor has the honor to observe, that it appears from Captain Francis' letter that Tonderia, Road maistry, is not a servant of the Government in the sense in which that term is usually understood. Captain Francis states, that he has not been employed on the Permanent Mahramut Establishment, but has been paid from a road grant, and as the Civil Auditor is not in possession of information as to the details of the distribution of this and all other similar grants, he is not in a position to report regarding the applicant's service. Further, in the shape in which the application is preferred the detailed information required by the Rules and needed, to enable this Office to make the necessary researches being withheld, the Civil Auditor is unable to offer any opinion regarding Tonderia's Claim to a retiring provision. —

Sir,

With reference to the Civil Auditor's report No. 81. upon my application for Pension in behalf of Toudroyen forwarded to me for report, I have the honor to inform you, that Toudroyen served 8 years as a Recruit Boy in the F. Company 2nd Battalion of Pioneers, he was discharged (according to his Certificate) at 18 years of age because he was not tall enough for the Ranks, his Services are stated to have been continuous as a road Maistry on the Ghauts for 28 years but as he has been paid out of Estimates and Grants there are no records to appeal to in further support of his Claim his work has been intelligently and faithfully performed since I have known him though latterly his health had become infirm.—

Report of the Civil Auditor

The Civil Auditor has the honor to report that, under the explanation submitted by Captain Francis, in his letter of the 8th instant, it is very doubtful whether Mr Tonderia, can properly be considered, a servant of Government. His Salary is said to have been defrayed out of estimates and Road Grants and there are no records to shew that he has been employed continuously and regularly on a fixed salary, Under these circumstances the Civil Auditor is of opinion that he is not admissible either to a pension or gratuity under the rules which are applicable only to servants who have been continuously employed in public establishments on fixed salaries and whose service are of a nature capable of verification by the records of the audit Office.

As the salary of Tonderiah is said to have been disbursed out of Estimates and Road Grants, and there are no records to show that he has been employed continuously, and regularly on a fixed salary, the Government concur with the Civil Auditor that he is ineligible either to a Pension or Gratuity under the rules.
