*Extract from the Minutes of Consultation under date the 5th October 1857.*Read the following letter from the Acting Magistrate of *Malabar*.

Reporting, in continuation of Mr. Clarke's letter dated 2nd October 1856, No. 94, the completion of the arrangements for the levy of the fines from the Moplas implicated in the assassination of the late Mr. Conolly. } (Here enter 17th September 1857, No. 123.)

Read also following letter from the same.

Submits, with reference to Extract Minutes Consultation, dated 25th October 1856, for the favorable consideration of Government, a petition by Munjoo Camooty, Head Moonshee in his office, praying that under circumstances stated he may be allowed to retire on pension. } (Here enter 22nd September 1857, No. 128.)

Mr. Robinson now reports the completion of the measures instituted by the late Magistrate *Mr. Clarke*, under Section VII, Act XXIII of 1854, for the levy of certain fines from members of the *Mopla* community, which levy was ordered by Government on the occasion of the assassination of the late *Mr. Conolly*.

2. *Mr. Clarke's* letter of the 2nd October 1856 above referred to was, it is observed, reviewed at length in Extract Minutes Consultation No. 1167, of the 25th Idem, and the subject was brought to the notice of the Honorable Court in a letter, dated the 11th November following, No. 38 of 1856. The suggestion of Government that the law should be strictly applied by the sum levied being appropriated "to the compensation of the family" of the lamented deceased, has

Company's letter to Fort St. George, Judicial Department, 3rd June, No. 6 of 1857. met with the approval of the Honorable Court, and the net amount* of the levy was accordingly ordered in Extract Minutes Consultation No. 843, dated 17th July last, to be disbursed to the Administrators of

Dated 5th August 1857, No. 957. the late *Mr. Conolly's* estate. Subsequently, on the date marginally noted, payment was authorized to be made, on certain conditions, to

Messrs. Arbuthnot & Co., the Attorneys and Agents of the Widow of the deceased.

3. Some few points regarding the disposal of the residue of the estates of certain *Moplas* implicated in the outrage have now to be disposed of.

1st. The Government directed that so much of the balance of the *Moopen's* property as under the Mahomedan law would fall to the share of that individual's son now in banishment, should be taken out of the hands of the remaining co-heirs and kept in deposit. *Mr. Robinson* to ascertain the exact amount referred the matter to a respectable *Punchayet*, which has assigned, as the portion inheritable by this son (*Veeraoony*), landed property of the value of Rupees 1,625.

2ndly. There is further under attachment an estate of the State prisoner *Nalagath Moideen*, of the value *plus* income to date, of Rupees 4,253-13-8.

3rdly and 4thly. There remain under like attachment the properties of two other prisoners, viz :

Oddakel Ally Assen, value Rupees 1,276 2 4
Manamel Auran Cooty, ,, Rupees 18 10 10

4. In all these cases *Mr. Robinson* proposes that the property shall remain under his management, "and all proceeds go to credit of Government." The latter recommendation is made on the ground that "further leniency" in the case of *Moplas* would be inadvisable.

5. However this may be, the Government cannot adopt a measure which is at variance with the law. Regulation II of 1819 is by Section IV of Act No. XXIII of 1854, declared applicable to the cases of all persons charged with or suspected of an intention to commit any offence punishable under the said Act. Accordingly a number of *Moplas* have for "reasons of State Policy" been placed by Government under "personal restraint." It has further appeared necessary to Government that the "estates and lands" of these *Moplas* shall be attached and placed under the management of the Revenue authorities. But this attachment is "temporary" only; legal provision is made to protect in the interim the just rights and interests of the proprietors; and when in process of time restoration may be made without public hazard and inconvenience, the Collector (Section XI) is to adjust the accounts of the estate during the period in which his superintendence has been exercised, and to pay over to the proprietor the profits from the same "which may have accumulated during the attachment."

6. Such is the law, and *Mr. Robinson*, so far as his duties as Collector are concerned, will be careful to observe it. He will also at an early date furnish in a tabular form a description of the estates and lands attached, in order that the Government may communicate it, with such other information as may appear essential, to the Judicial authorities, as enacted by Section IX of the Regulation. In preparing this statement the Acting Magistrate will exclude from it any *personal* property that may have been attached, and if any such has been attached, he will at once release it, the management of property not coming under the head of 'lands and estates' not being provided for by the regulation. From one or two expressions in his report and the small value assigned to one or two properties under notice, the Government suppose that an error may inadvertently have been committed.

Para 12. 7. There would be no objection to make over property to the value of Rupees 1000 to the family of *Nalagath Moideen* provided they will execute a *Moochilka* of indemnity.

8. In the second of the letters recorded at the head of these proceedings, the Acting Magistrate furnishes his report on the special reward to be assigned (as proposed in Extract Minutes Consultation, dated 25th October 1856 and approved by the Honorable Court in their letter 3rd June No. 6 of 1857) to *Munjoo Camooty*, the head Moonshee in the Magistrate's Department. He recommends, in accordance with the Moonshee's own wish, that *Munjoo Camooty* may be allowed to count his service (which amounts to nearly 27 years) as one of 30 years, and so be allowed to retire on a one half pension, the highest rate assigned in the rules.

9. The Governor in Council has much pleasure in giving his sanction to this proposal. The grant, like every other *special* pension, is of course dependent on the orders of the Honorable Court, who will be at once addressed on the subject and whose approval, to judge from the notice they have already been pleased to take of the services of the *Moonshee*, he confidently expects.

Rules of 15th May 1851.
Seventh. "Should cases arise which are not sufficiently provided for in these rules, or in which from special circumstances Government may be pleased to deviate from them in favor of a claimant to pension, such pension shall be considered only as temporary and provisional until the grant shall have received the sanction of the Honorable the Court of Directors."

10. The Acting Magistrate will submit the usual Form of application for pension in course.
