To

The Right Honorable

Governor and President in Council of
Port Saint George
G.F.R. G.F.R. G.F.R.

The humble Memorial of A.
Patchaiah, Accountant in the Dep't
Inspector General's Office of Her
Majesty's Hospitals.

Most respectfully sheweth,

That in February 1856, your Memorialist was recommended for transfer to the Pension Establishment from 1st May 1856 by Dr Macandrew, to the Deputy Inspector General of H. M. Hospitals at Madras. This Officer subsequently submitted another letter requesting that your Memorialist's transfer should be from 1st March 1857, which was approved of by Government.

2nd Your Memorialist begs to inform your Lordship that he did not voluntarily apply for pension, but was unfortunately overpersuaded.

3rd Two days previous to the recent embarkation of the said Gentleman to Calcutta, your Memorialist represented to him that he is still able and willing to work, and begged to be allowed to retain his employment, which was declined on the plea that this subject has been already disposed of by Government and could not be reopened.

4th Having thus briefly represented his case, your Memorialist most respectfully solicits that as his strength is not impaired

impaired, and as he is perfectly able to perform the duties of his present Office, he may be permitted to retain his situation or that he may be sent before a Medical Committee for examination if necessary.

5th In support of the present Statement, your Memorialist humbly begs to refer to the testimonial just granted him by the Officer in question, in which it is stated that "your Memorialist might be for two or three years a very useful Accountant where the work to be performed is less arduous."

6th With reference to the above qualifying phrase "where the work" "to be performed is less arduous," your Memorialist believes that in none of the Public Offices at the Presidency is the work less laborious than in that of the Deputy Inspector General of Her Majesty's Hospitals.

Copies of testimonials in the possession of your Memorialist are herewith enclosed for your Lordship's kind perusal, and

Your Memorialist as in duty bound will ever pray

I Certify that I consider A. Patchiappah, Native writer and Accountant, at this advancing in years, a most useful and efficient Government Servant, notwithstanding from the misrepresentation of the late Dr. Monat, Surgeon 15th Regt. of Foot, acting Deputy Inspector General of H. M. Hospitals, I was induced on my arrival from England in November 1846, to believe he was superannuated, but which I found afterwards to be very far from being the case, as no one could have discharged his duties more correctly or more to my satisfaction than he has always done.
