From Mysore Supg Engr Office

To Major A. De Bille
Ag Supg Engineer in Mysore
The Chief Engineer D. P. N.
Fort Saint George.

Sir,

I have the honor to request your favor
support, in obtaining from Govt a pension for this
moo-garoy Modely, who has served 19 years and 2
months in this Department as a Conic opoly, and
was also 12 years longer in the Department as a Ho-
tee, as you will perceive by the accompanying letter
from the late Supg Engineer, to the Military Board
dated 25th June 1837.

2 The pay of this man has always been
Rs 12 per month, the Pension I solicit is one third
of this, equal to Rupees 4-10-3 p month.

3 I sent this man to be examined by
the Garrison Surgeon, in order that the Medical Ce-
rtificate required by the Pension Regulations should

accompany this letter, but the Garrison Surgeon replied, "as he finds that as he is in good health, stout, and active, tho' apparently aged, he could not grant the Certificate" - I think Dr Patterson is not aware that the duties of a Conicopol are of a very onerous nature, he ought to be on the works the whole day, and keep an account of materials brought and the number of Work people employed daily, I can state from experience, that this man is now quite unable to such exposure, and fatigue, being 70 years of age, and having now works on hand, amounting to nearly 24 Laes of Rupees, exclusive of the new Dragoon Barrack, for which I am collecting materials. I am obliged to have my Department as efficient as possible, it was therefore obliged to discharge him on the 1st December last, but I did not know at that time he had 3 months to serve to entitle him to the pension of 2nd of his pay, but I hope this short period may be overlooked or rather allowed to him, for the 12 years he was in the Department, previously to his being brought on the strength of the Office Establishment.

I would also beg to add, that though the Conicopol appears now in good health, yet he was constantly absent from his work from illness before I discharged him - I trust therefore, that the Govt will be pleased to look favorably upon his case, and grant him the pension solicited from the date of discharge, viz the 1st December 1856.

I have &c
Signed A R Dutt
Asst. Surgeon Genl.

Resolved to forward copy of the foregoing letter for submission to Government, with the request of the Chief Engineer, that the case of Shummoogary Moodelliar may receive the favorable consideration of Government, and that should he not be deemed entitled to receive the pension which the Acting Supg Engineer - Mysore solicits may be granted to him, that a gratuity to the full amount authorized by existing rules may be granted to Shummoogary Moodelliar.

in the Dept of Public Works. under date the 27th Jan^y/5.

Read Memo, also,
from Hullburg Aug-
14 to March/57.

The Chief Engineer forwards with his recommendation an application for Pension made by the A & Supt & Engineer, Mysore Division, on behalf of them -
-monetary bloodedly, & Conicopoly in his Sept, and requests, that, should be applicant be considered ineligible for a Pension, a gratuity may be assigned to him.

2. The Govt Service Act Shummoogary
Act is clearly not entitled to a Pension,
his period of service amounting to nineteen
years & a few months only - as however
his case is favourably spoken of and he
is stated by Chapin de Poutre to be phy-
-sically incapacitated from the heavy
duties of his office, they will extend
him the benefit of the Gratuity Rules,
for the ~~present~~ admission to which principle
a Medical Certificate, they observe, is
entirely called for.

3. Resolved therefore that a gratuity of
\$12 (168) one hundred & sixty eight, equiv-
-alent to twelve months salary be disbursed
to the applicant; 18
