From. The Superintendent of Government Roads.

To, The Chief Engineer in the
Department of Public Works.

Sir. Fort Saint Georges.

I have the honor to report that Ponn Madan
dair of the Government Road Department being unfit for service
from induricity, under which he has been labouring for the last
five months without any probability of recovery, I have placed
his son Abdoolowder in his stead. I further beg to report, that,
Ponn Vencatagan, who has been in the Department for upwards
of 30 years, having now become totally unfit for active duty,
from a fracture of the right ankle, I have employed his son
Rungen in his stead from this date. The latter Ponn was
accidentally run over whilst returning from his work, I would
therefore solicit the favor of your recommending him for a small
pension for long and faithful service, and being disabled
whilst engaged in the performance of his duty.—

Sir,

I have the honor to forward copy of a letter N. 221 dated 13th Instant from the Superintendent of Government Roads recommending a pension to be granted to a Peon Venecategan, who has been in his department upwards of thirty years and is now totally unfit from active duty, from a fractured Ankle.—

As the fracture did not take place upon any Government work, it does not appear that he is entitled to any thing on that account, but taking into consideration his age and disqualifications for active duty, I recommend that the Government should grant him a good service gratuity.—

I have the honor to be,

Sir,

Your most Obedt. Servt.
