Collector

N.B. It appears that Lunchee Paravooram entered the service of Government
 only from August 1820, during the earlier period of his service, he used to be
 employed on maramut duties when works were in progress, & stopped when
 completed or during the rainy season. Subsequent to 23rd November 1832. he
 has been employed continuously. There is nothing on Record to account for
 the difference of service as given above, & that stated by Lunchee
 Paravooram, who mentions in a list of his services that he has been

Employed since the year 1815. as the Talooks were then rented he may have
 been employed by the Renters.

Report of the Civil Auditor

The Civil Auditor has the honor to report, that in consequence of the monthly and annual lists of the Indian Establishment in the Buller District not exhibiting the names of incumbents of Office, he has not been able to verify the service of Curchee Parasorran, 1st Class Sub Officer D. P. M., prior to 1st May 1853, but from this date up to 30th April 1854, up to which date alone the Civil Auditor is in receipt of returns from Public Officers, the stated service of this individual is correct. In the lists in the Audit Office, however, the date of Parasorran's employment in the situation he was filling previously to the reorganization of his Department, is the same as that stated in Mr. Storie's statements of Service, viz. 1st January 1841, so that it may be safely assumed that he was holding the Office from that date.

2. From the statement of service submitted by Mr. Ilton, Parasooram's service appears to be continuous from 23^d November 1832; but there is no rule to bar his claim to reckon his service from 1st January 1828, the interruptions in his service between this date and that given above though three in number, do not in any case exceed the limit prescribed by the Court in their Financial Despatch D. 275 of 1855 to the Government of India.

3. The service of Parasooram, therefore, eligible towards a pension, is 28 years, 1 month and 24 days calculated up to 20th March 1857; and his average salary for the past 5 years, is Rs. 26. 5. 8.
