Report of the Civil Auditor.

The Civil Auditor has the honor to report, that the authorized official allowance drawn by P. Veyapah, late Sub Overseer 3d Class, 2d Grade Department, Public Works, in the District of Vizagapatam, for the last five years of his service, averages Rupees 17-15-2, and that his service, which amounts as per memo, from Lieut. Vertue, Acting District Engineer of Vizagapatam, dated 28th October last, to 25 years, 1 month and 7 days, (from January 1831 to 31st October 1856 and from 26th March to 30th June 1857 is not capable of verification by the records of the Audit Office for the reasons given by Mr. Reade, the Collector of Vizagapatam, in his letter of the 12th Ultimo, Viz. that "Veyapah's pay like "that of the other Mahrammt Servants, was occasionally "charged in the Monthly Journals under the head of "Advances for Repairs of Tanks and Watercourses"; "at other times it was entered under the head of Repairs of "Tank and Watercourses," and therefore his name will not "be found in any of the Accounts transmitted to your (the Audit) Office. But as Mr. Reade distinctly certifies that Veyapah was employed on the fixed establishment from February 1841 to July 1856, a period of 15½ years and

and as this person was subsequently for a period of 6 months employed as a Subt Overseer in the Department of Public Works, he is clearly entitled to Count these 16 Years Service for pension. As respects the previous 9 Years Service, from 1831 to 1840, a more detailed Statement of Service is neceſsary than the general list furnished by Lieutt. Vertue, to enable the Audit Office, Civil or Military to make the requisite reasearches into its records should this latter Service of nine years be found to be inadmiſsible Vyapah will in such case, be eligible to a gratuity under the Rules of 1831, of 10½ Months' Salary, which at Rupees 20 per Mensem his Salary at the time of his relinquishment of Service, will amount to Rupees 210

Sir

With reference to your letter No. 6779 of 21st ultimo, I have the honor to state that on its receipt I sent for late Sub Overseer Veyappah, who was then at Berhampore, requesting him to come here with all possible expedition – He has just arrived, and I have personally interrogated him in the matter of the 9 years service – vizt – from 1831 to 1840, to which you refer in your letter – From his own statement it would appear that during that time he was not a regular Government servant, although frequently entrusted with the execution of small Government Masonry works, and when no work of the kind engaged his time, he was free to engage himself (and actually did so) in work for private individuals. This

This will I imagine somewhat vitiate his claim to have these 9 years regarded as regular service under Government, but I hope that some consideration will be shown to his old age, and to the excellent character he has always borne, and that at least a portion of the above time will be included in that for which pension will be granted

2 I beg to forward, as per margin copies of the testimonials* &ca received by him during the above period with the exception of from 1835 to 1836 for which time of service he possesses no voucher
