Sir,

I beg to bring to your notice that my sight is daily failing me so as to render it unsafe that I should continue longer in the performance of my duties. I have served twenty two years in the Office, and have found it necessary to use Spectacles for more than 8 years, and every day increases the symptoms of a total failure of vision at no distant period, if I persist in taxing my eyes to the extent the due discharge of my business at the Office requires. I am willing to work as I have done hitherto, and may be have strength enough to go through active duty for a few years to come, but I shall be doing an act of great injustice to myself if I did not immediately check the progress of the evil with which I am threatened. I solicit therefore that in consideration of these circumstances you will be pleased to recommend me for a small pension, to which my length of service now entitles me.
