I hereby certify that I have examined
Veerasingh a Modelly Suboverseer 2 class
3 grade. He appears old and worn out
and in my opinion permanently unfit
for further active employ. as far as
I can ascertain his present state has
been produced by intemperance or
other irregular habits.

I have the honor to inform
you that Sub. Overseer Keerasawmy,
Moadelly, 2^d Class, 3^d Grade, is inea-
pabilitated by old age and constant
sickness for the discharge of his duties
in the D. P. W.

2. In many years he has been
assisted in his work by his son, an
objectionable practice in as much as the
responsibility is divided and the work
suffer, and it is but fair that the indi-
vidual actually employed should re-
ceive the full remuneration of his post.

3. Lieutenant Paxton has constantly brought to my notice the inefficiency of the Sub Overseer on account of his old age and infirmities and when I last visited the Works in Streenuapraathoor, I was not at all pleased with the manner in which the repairs to the Tanks —

under the Sub Overseer were prejudicing
either as regards the quantity or the quality
of the work executed. I therefore beg to
recommend that Sub Overseer Veerasammy
Moadilly may be pensioned under
Para 104 Chapter 3 Civil Auditor's
Manual Page 19.

Some delay has been occa-
sioned in forwarding this application in
as much as the services of the Sub Over-
seer as stated by himself and those
mentioned in the records in the Collector's
Office differed. The Sub Overseer's ser-
vices appear to have been continuous
only since March 1847, the date from
which he was permanently attached
to the Department, but he has been
employed in the Department since
October 1835, or a period of 23 years
at the end of this month the date at
which I propose he should be pensioned.

From the enclosed List
of Services it appears that the Sub
Overseer has been suspended twice
for a period of 3 months for miscon-
duct, but as it would be highly
disadvantageous

H. H.
disadvantageous to the Department
to employ him now that he is worn
out and incapable of discharging his
duties, I would beg to recommend
that he should be pensioned from
the 30th Instant.

favorable consideration and orders of Government, an application for a pension, received from the District Engineer of Pinnerelly, on behalf of Thera-sawmy Woodelly, a Sub Overseer, 2nd Class, 3rd Grade, in that District, who is represented to be incapacitated for further service from old age and constant sickness.

2 The Sub Overseer was, previous to his embarkment in the D.P.W., employed from October 1835, as a Mistry under the orders of the Collector, and appears on two occasions to have been suspended 3 Months deducting which the total period of his service is, according to the accompanying statements, nearly 22 Years.

Enclosure in a letter from the
Officiating Chief Engineer
To
The Chief Secretary to Govt.

Dated 26th
Received 3 October 1858

N^o 4873

Extract of a letter from the Officiating Chief Engineer to the Chief Secretary to Government, dated 26th October 1858, in which he mentions that he has received from the District Engineer of Pinnerelly, on behalf of Thera-sawmy Woodelly, a Sub Overseer, 2nd Class, 3rd Grade, in that District, who is represented to be incapacitated for further service from old age and constant sickness, an application for a pension, and that he has forwarded the same to the Chief Secretary to Government for consideration and orders.

3

Under the circumstances therefore
reported by the Acting District Engineer, and the
Overseers infirmities which render him totally unfit for the
Department, they to recommend that a pension equal
to one third of the average salary drawn by him during
the last five years be granted from the date on which
the payment of the same may be authorized by Govern-
ment under the Uncovenanted Pension Rules.

No 389.

Report of the Civil Auditor.

The Civil Auditor has the honor to report, that the authorized Official allowance drawn by Mersaunmy Hood^d, Sub Overseer, 2^d Class 3^d Grade, in the Depart^t of Public Works, doing duty in the District of Tinnevelly, for the last five years of his service, averages Rupees 17-7-6 per mensem, and that his service under Government embraces a period of 21 years 10 months and 9 days according to a statement furnished by the Collector of Tinnevelly, and accompanying the application. His services extend from October 1835 to September 1858. There are occasional breaks in the services of this individual, but they are not of any duration and therefore cannot vitiate his claims to pension.

2. No means exists in this Office, of verifying the Collectors statement, as the names of servants in the old Mahramut Department, were not given in the Annual Moyuzakittahs previous to the organization of the Public Works Department in 1857.
