Sir,

In returning the enclosed Memorial from the late duty to ^{the} address of Colonel Taber, I have only to state that long before his promotion to Sub Overseer, I found him incapable of performing any active duty, from Asthma - that on asking him why he did not take his pension, he replied that he was most anxious to do so, - that Major Birdwood had 12 months before recommended him to do so, - and that he would feel grateful to me if I could assist him in getting it. Subsequently he sent me a message through Assistant (now Sub) Overseer Cammerauy, not to forget his request in regard to his pension.

After his name appeared in the Gazette as 1st Class Sub Overseer, I sent for him, - as represented, - to enquire into his former service, age &c., when he declared himself free from Asthma, and only suffering from swelling of his legs, numbness of extremities &c., and that he did not want a pension.

pension.

I replied that the option did not rest with him, as it was impossible he could perform the duties of an Officer, and I am certain that this will be the opinion of any Medical man, who may examine into his state of health.

He admits that for a year past, he has been obliged to visit works in a Palanquin, being unable to walk or ride.

I have &c. &c.

Sir

Public.

I have the honor to bring to your notice that Venkateswamy, who stands posted to Ganjam, as 1st Class Sub Overseer, after 10 years service, has been reported to me by Lieut^t Philippe, Executive Engineer, in whose range he is, as totally unequal to his duties, from asthma, and debility, so much so, that he can neither ride or walk, but invariably sits or works in a coolie. Lieut^t Philippe, on a recent occasion, (when the Maistry who had prior to 18th November 1856, ^{been} a Marahmint Maistry on the Collector's Establishment excused himself or scold of ill health from visiting some works on which a report was required by the Collector) recommended him to take his pension, which the man assured him, he was most anxious to do. From the little I have seen of him, I quite agree with Lieut^t Philippe in pronouncing him "quite inefficient as an Overseer". He is said to suffer from Diabetes as well as asthma, and is an old very infirm man, who has

served more than 20 years.

2. I beg to recommend that authority be given to take him before a Medical Officer, and forward the application for Pension, as per the Rules in force.

I have not drawn Jannay's pay Rs. 60 for him, for I do not consider him entitled to it, as he has done very little work, and has been the whole time at Chatterpore, where his house is, and where he has slightly assisted in preparation of material for bullocks in progress there. I however await your instructions on this point. I would recommend his pension dating from 1st January 1857.

I have the honor to submit for the favorable consideration and Orders of Government, the documents noted in the Margin, together with Copy of a letter No 1003, dated 9th October 1857, from the District Engineer Sanjam, requesting that the Pension to which the late Overseer Tencatareddy, of the Public Works Department, Sanjam District, is entitled may be disbursed to the heirs of the deceased.

2. Lieutenant Arlington Executive Engineer Sanjam, in a letter dated 23rd February 1857, reported that Overseer Tencatareddy suffered from ill health prior to November 1856, in consequence of which very little work was performed by him, and that he had been the whole time at Chittarpore, and recommended that he should be pensioned from the 1st January 1857, the date on which Pay ceased to be drawn for him.

 No. 245
Report of the Civil Auditor 29

The Civil Auditor has the honor to report, that the authorized official statement drawn by Venkataraddy, late Quasi of the Public Works Department, Gungam District, for the last five years of his service, is Napus 25 per Mensem, and that his service under the Government embraces a period of 164 years and 9 months, viz. from 1st of April 1840 to 31st of December 1856. In the returns furnished to this Office previously to April 1856, the names of the incumbents of Offices belonging to this Tank Department was not given; but as a Maistry or Napus 35 in the Gungam District is regularly entered. The previous service of this person is therefore not capable of being verified by the records of this Office. Had Lieutenant Phillips, the Officer by whom the Application for pension is immediately submitted, or Lieutenant Holmby, the District Engineer, conformed to the regulations in respect to Applications for pension by forwarding all the information required to establish the claim, it is possible that a more satisfactory report might have been made. As the case stands at present, the statements made regarding Venkataraddy's service cannot be supported, judging from this person's letter to Colonel Talbot, dated the 23rd of January last, he would appear to have served continuously for a period of 32 years in grades eligible to count for pension. Should the Government therefore on a favorable consideration of his Case be so disposed to admit him to the benefits of the pension regulations, he will be eligible to a pension of half his annual salary, or Napus 17½ per Mensem, from the 1st of January last; and as he is reported to have demanded on the 13th of April, his legal representatives are entitled to the amount due to him at 17½ per Mensem from 1st of January to 13th of April last.
