His Excellency

The Right Honorable Sir Henry Pottinger, Bart. &c.

Governor of Madras

The humble Petition

Most humbly Sheweth, of Iya Modetty.

That your Petitioner in a Petition despatched by Post under date the 15th Instant, brought to the notice of your Honor, the miserable condition to which he was reduced by the loss of his situation of a French and English Writer and Record Keeper in the Bond Department of the Accountant General's Office, on account of an absence of 3 Months, from mental derangement occasioned by the sudden losses of his only son and daughter aged 26 & 18 years respectively; in whom his fairest hope of comfort in old age was centered, and whose sudden removal from his bosom within a week had thrown him into a Melancholy which inhuman to himself, made him quit Madras the scene of his sorrow and afflictions; and it was not before 3 Months that he was restored to his senses and returned to Madras where he found his situation had been already filled up; but upon your Petitioner's explanation, Mr Crawford, pitying his case promised his reinstatement, and in the mean time gave a monthly pittance from his own pocket money for his support, but unfortunately this support as well as the hope of his reinstatement were lost by the removal of that Gentleman from Office.

That

That since that time your Petitioner was obliged
to sell all and support himself and an aged wife, and this resource
having failed him in a short time he is thrown upon the bounty of
the Public.

That your Petitioner has twice applied to Mr. Stou-
house the present Accountant General without success. Had
his situation been restored to him he would not now have
occasion to invoke your Honors Clemency to rescue from
starvation an unfortunate man & his family, and in bring
these distressing circumstances to your Honors notice he
humbly craves some Charity which may alleviate his
present wants, and for which your poor Petitioner is
bound.

Sir

I have the honor to acknowledge
the receipt of the order of Government dated the
16th Instant, referring for my report a petition
addressed to Government by one Sya Moodely
who represents himself to be in a condition of great
distress from having no means of subsistence.

There is no doubt that the petitioner
is an object of charity. He is of advanced age
and infirm, and his competency for employment
as a clerk in a public office seems to be
more than questionable.

He was employed in this office
from November 1833 to April 1840. He then went
to Pondicherry without leave or notice, and
remained absent three months. Under these

circumstances

circumstances the then Accountant General removed him from his situation. There is no doubt as the Petitioner states that domestic affliction was the cause of his unusual conduct, and produced at the time a temporary aberration of intellect.

The only appointment in the public service which I think he would be competent to hold is that of an Attender in this office the salary of which is 10 Rupees per mensem, and should such an appointment fall vacant I should be glad to avail myself of the opportunity of giving it to him. For any higher appointment I do not consider him qualified.

Sir,

I have the honor to state that P. Iyah
Modely, an Attender in my Office on a salary of 10.
Rupees per month, resigned his situation on the 3rd
Instant, and has begged earnestly to be recommended
for a gratuity. He ^{has been} employed in that capacity
from 25th May 1849 and during the period of his
services, he has been regular in attendance and has
conducted himself to the general satisfaction of his
immediate superiors, and behaved well. He is
now about 66 years old and has become unfit for
further service from old age and sickness. I
forward an original Medical Certificate to the
effect that his unfitness for further service is "the
result of advancing age, great debility and impaired
vision." I therefore beg to recommend, for the
favorable consideration of Government, that a

has led the Govt. to
consider whether it
would not be advis-
able to fix mini-

imum & maximum
limits of age for
the various classes
of appointments.

This is now done in
England and in
no other way can
the Public Interests
be protected from
the evils which the
employment of
men of immature
years and of those
who are past all
work must necessarily
occasion.

If the Govt. wishes
with the Committee
upon Public Establish-
ments to give their
consideration to this
question

that the appoint-

ment should be made
immediately under

filled up without
reason being shown
for the necessity for
its continuance.

This Person is pronounced to be disqualified
for further service by "advancing age"

"Great debility and impaired vision"
after a service of only 9 years & 9
months. He is 66 years old, and
he must therefore have been 56 or
57 years old when he was first
employed. Are not proper
minimum and maximum limits
of age fixed for each class of
appointments as is now the case
in England, for the purpose of
protecting the Public from having
to pay either for immature youth
or helpless old age? If not, I recommend the
point for the consideration of the Committee

ready to place the Committee in possession of all that
has passed on the subject at home — ^B

But this Person must not suffer
for our Sakes. and if he is entitled to a
gratuity of 60 rupees under existing rules it
ought to be given to him without reforming
the matter to the Supreme Govt which has
already more ~~the~~ business of a really important
character on its hands than it can get through
without being troubled by such trifles as this —

C I request that the appointment may
not be filled up without reason being first
shown for the necessity of doing so D

Imagine that cases of this
description although provided for by existing
rules must necessarily be referred to the Supreme
Govt under the present regulations which have
been received from that authority. —
