The applicant being old and worn out.

On an application being made by the Civil Recordkeeper, Chesham, Hampshire, he was sent to the Medical Officer in view to his physical fitness for further active service, being a constant. The Medical Officer has certified that he is old and worn out and that he considers him permanently unfit for further active employment. From the enquiries I have made, and from my personal observation, I have reason to believe that the applicant bears a good character & the several testimonials in his past service show that his official career has been all along satisfactory. Under the circumstances and in consideration of his length of service, I beg to recommend him as a fit subject for the bounty of the Government permitted to receive the scale of pension provided in column 17 of the Regulations.
