Para 1. In reply to your letters of the 19th November last, 5th Ultimo & 3rd Instant+ regarding the service of Vishnoomahuntry Veeranah, I have the honor to state that this servant's name is not to be found in any book or return of this office previous to the 8th November 1842 from which date to end of February 1855 he formed part of the Establishment charged to Minor & amani Estates on a salary of Rupees 17½ per mensem, and therefore is not mentioned in any of the returns to the Civil Audit Office. From 1st March 1855 to end of June 1855 his salary Rs 17½ was charged to the head of Extra Revenue charges. and from 1st July 1855 to 30th September 1856 he bore the Office of 3rd class Maistry on a salary of Rs 24 in the Maramut Establishment sanctioned by the India Government. From 1st October he was transferred to the

Public works department.

2 The delay in answering your letters has arisen from the tedious search among the old records which the subject necessitated, and which will be continued further, to obviate any errors & injustice to the applicant for pension.

Report of the Civil Auditor:

The Civil Auditor has the honor to report, that the authorized official allowance drawn by V. Veeranah, Maistry in the Godavery Division, for the last 5 Years of his service is Rupees 19-2-" and that of his service ranging (as per Captain Rundalls' Memo) from 20th March 1826 to 31st August 1857, or for a period of 31 ys 5 ds 3 months from 1st July 1852 to 30th April 1856 appears on the Books of the Audit Office. Of this period, the service for 2 Years and 10 Months, from 1st July 1852 to 30th April 1855 does not appear to be of a nature admissible to pension, as Veeranah was then employed as "Extra Maistry". The Service rendered previously to July 1852 cannot be traced on the record of the Audit Office. The Acting Collector of Masulipatam in his letter dated 8th instant, herewith forwarded states that Veeranah was employed from 8th November 1842 to the end of 1852 in the Minor and Aumani

estates in his district and hence this period up to 30th June 1852 is admissible the period from 1st July 1852 to 28th February 1853, as it appear from the Books of the Audit Office to be of a temporary nature as stated above, can only be omitted on there being no doubt of its having been permanent

Of the service rendered previously to 8th November 1842, there are no means of verification. The Service from November 1827 to 1st July 1834, a period of 3 Years 7 Months and a day would appear to have been rendered in the Military Department.

In the present state of the Case the Civil Auditor is unable to offer any opinion as to Veeranah's eligibility to pension under the Rules, but as Captain Rundall has been able to prepare a Memo of his services, he may possibly be in possession of such information as may enable the Audit Office to trace out Veeranah's services and the Civil Auditor would therefore suggest that he may be called upon to report further on the case – the delay that has already taken place having caused the Civil Auditor to be unwilling to

Sir

With reference to the Correspondence which has taken place regarding the application for Pension made by Veeranah Maistry I have the honor to observe that the necessary application to the Collectors for the returns of Veeranah's Services have been made and regret that this has not been done in the first instance.

2nd The first statement was prepared in my Office from the dates of Hookums the Maistry had in his possession, some of these do not tally with the Statements drawn up in the Collector's Offices, but there is no doubt of their genuineness as they bear the Signature of the Collector, himself and it is quite probable that, that documents relating to transactions so far back may have been either mislaid or destroyed.

3rd The Services rendered by Veeranah are drawn up in the accompanying Statement which shew an aggregate period of 24 years. The difference between this and that entered in the original Statement - viz 6 years was occupied by him under Officers of the Engineer Corps but he has unfortunately not kept any orders passed by them to him. He declares however that his employment was - - - - - - - - - - continuous and that from the year 1825 - to the year 1857 he has never failed to receive his months pay, and then though the sources from which he was paid were not always of a permanent nature, his employment seems to have been so continuous as almost to deserve the name of permanency -

4th I must express my regret however at not having more carefully examined all the documents before transmitting my first application and for having trusted its preparation to the Clerks in my Office.

1 Letter from the Distt. Engr. Godavery No. 6 of 22d. May /58 with One Enclosure.

Sir,

With reference to Extract Minutes Consn. No. 63. dated 22d. February 1858, Communicating the report of the Civil Auditor on the claims of Veranah, late a Maistry of the Maramut Department in the Godavery Division, I do myself the honor of submitting for the information of Government, a letter No. 6. under date 22d. May 1858, received from the District Engineer, giving cover to a Memorandum of the Maistry's Services.—

2. It is to be regretted that more care was not taken by Captain Randall in the preparation of the Original Statement, forwarded with my Proceedings No. 4228. of the 6th. October 1857. as it now appears that documentary proof can only be found for 24 Years of the applicant's Service, and the Correctness of the assertion that the remaining 6 Years were passed in Government Employ, is entirely dependant on the degree of confidence to be placed in the truth of Veranah's Statement.—

These docu-
ments appt
to have been
Sent to the
C/A —

3. I am not certain whether this

informality will render the applicant ineligible for Pension for the full term of 30 Years, but should the Government consider it as diminishing the man's claims, I would beg to recommend that he be allowed a Pension of 1/3 of his Pay, calculated on the average of his last five Years Service.—

Report of the Acting Civil Auditor

The Acting Civil Auditor has the honor to report, that as the Officer in charge of the Central Office Department & Public Works states that Veeranah's service for 24 Years are supported by documentary & proof, it is to be regretted that those documents have not been forwarded to this Office - The Memo, furnished by Captain Rundall is so defective in information, that the Audit Office cannot make out the nature of Veeranah's service, whether fixed or temporary, Continuous or interrupted. The Acting Civil Auditor therefore is not in a position to report on Veeranah's eligibility for pension - but the Govt. may if they see fit, in consideration of his having been in employ for many years, recommend him to the Government of India for a gratuity under the rules.

Sir,

With reference to a letter from the Acting Supg. Engineer N.C. No. 177 of the 8th ultimo. I have the honor to state that from the accompanying 2nd Memorandum you will observe that V. Veeramah has been 18 - 1 - 24 (Years Months Days) on permanent and 6 - 1 - 11 (Years Months Days) on temporary employments both amounting to a period of 24 years & 3 months & 5 days — from the accompanying documents it will be seen that Veeramah's service from 1825 to 1831 and 1842 to 1857 has been continuous with the exception of a few months between 1826 and 1827. This interval would be provided for in the regulation contained in Para 218 of the Pension Rules. Veeramah declares that during the interval kept between 1831 & 1842 he was employed with the Engineer officers, and that he never failed to draw a month's pay but unfortunately from the documents now with him I have not been able to trace out more than 5 years service, but there is no reason to disbelieve the correctness of his statement as it is probable that documents relating to so long as 20 years ago might have been either mislaid or destroyed. The services rendered by him during the remaining portion of the said interval has not however been counted for pension & so the aggregate period of service Vizt 24 years 3 months & 5 days may fairly be considered as continuous. According to the literal construction of the Rules - Veerunah would not be entitled to a pension of 1/3 of his salary - as the statement of his services shews only an aggregate of 18 years in so called ~~permanent~~ permanent employ- but although the duties he was engaged in were nominally only temporary while nevertheless his employment was actually continuous, a liberal interpretation of the Rules should surely be accorded in the case of one who has served the Government for a space of 30 years —

To,
The Chief Secretary to Government:

Sir,

No. 200 of 29th June/58.

Enclosures
1 Letter from Distt. Engr. Gody. Dn. No. 40 of 23rd Aug./58
5 Statements.

With reference to Extract Minutes Consultation as per Margin, I do myself the honor to submit for the favorable consideration of Government the accompanying letter from the District Engineer of the Godavery Division, together with Statements of the services of V. Veeranah, who was employed as a Maistry in the Department, and soliciting that a pension or gratuity may be awarded him.

2. The Civil Auditor, to whom the letter was forwarded for opinion states that, as the services of the Maistry extend over a period of 18 years 1 month and 24 days, only in a permanent capacity, he is under the Rules only entitled to a gratuity of 6 Months pay, I beg accordingly to recommend that, in consideration of the good character he has borne during his servitude, the gratuity of 6 Months

pay to which he is entitled may be granted to T. Veeranah viz. Rupees 144, One hundred and forty four.
