1. The Civil Auditor, it is observed, is unable to verify the service of Jn. Pereira previous to 1857 in consequence of the name not appearing in the Lists furnished by the District Engineer of Malabar.

2. The tabular statement forwarded by the latter Officer with his letter dated 18th July to the Civil Auditor gives full information

upon this point, but it is not clear whether the Statement is compiled from the records of the Office or whether (as would seem from Mr. Pereira's name being attached to it) it is derived from non official sources. In the latter case the Govt. must require further evidence before they can admit Mr. Pereira's services to be what he represents it.

The District Engineer will be requested to report upon this.
