Memorandum

T.

The Surgeon 2nd District with reference to the memorandum from the Acting Secretary to Government in the Military Department regarding the fitness for further service of J. Namaseoyen under on the Establishment of the Military Secretariat, has the honor to state that this individual is affected with diabetes. This disease may be palliated to a certain extent by careful treatment and rigorous attention to diet but as it has now been in existence for one year or more and the writer declines to become an in-patient in Hospital where his diet could be regulated - it is not probable that he will again be fit for the effective performance of his duty.
