Sir,

I have the honor to forward for submission to Government the accompanying letter from the Executive Engineer at Bangalore, submitting, with his support, an application for a good service Pension from one Coola Pillay, a Gornashtha on his Establishment. The other papers sent up by Captain Mayne in connection with this matter are also herewith forwarded.

2. A similar application on behalf of the same individual was submitted to Government with my Predecessor's letter dated the 15th June 1859, but it was not acceded to because he had served on the permanent Establishment only 33 years and 11 months. Coola Pillay has now completed thirty five years, the prescribed period for a good service pension, and the application

3. Coola Pillay's General character and conduct during his whole period of Service is stated to have been good. He forwards testimonials to this effect from Colonel Green and Major DeBute, and the same is affirmed by Captain Mayne, his present superior.

4. As all the conditions prescribed by the rules for a good service pension have thus been fulfilled, I have the honor to recommend that Government will be pleased to confer on Coola Pillay a Pension of Rupees (7. 12. 9.) Seven, Annas twelve, and Pice nine, being half the average monthly salary drawn by him during the last five years.
