This is to certify that I have examined
 M. S. Shadagopa Moodeliya Manager of
 the Garrison Bazaar Office, and am of
 opinion that he is permanently disqualified
 for the further performance of his duties
 in consequence of ill health and impaired
 vision.

So far as I have been able to ascertain
 his incapacity has not been occasioned
 by intemperance or other irregular habits
 Madras —————
 21st September 1860 } *James Montgomery M.D.*
 Acting Surgeon 1st District

To The District Engineer
of the Presidency

Sir

I beg to inform you that my
leave on sick certificate, expired on the 23rd Inst.
but the state of my health is such as to render
me unfit to return to duty. I therefore request
as I have served 22 years and 7 months, that
you will be so good as to permit me to
solicit the boon which Government have
been pleased to grant to their unconquanted
servants by a Superannuation Pension.

There are 11½ months wanting to
complete the period which will entitle me
to a pension equal to $\frac{1}{5}$ of my present salary,
but as I find that it will be impossible for
me to return to duty now, I throw myself
on the generosity of Government, and beg that
this short period may be waived.

Three generations of my family as per
margin have been employed in the late
Superintending Engineers Department system
-ing over a period of twenty years and all
have rendered good and faithful services.

My Grandfather Jamoodas Moodhar
My Father Shreekrishna Moodhar

Sir

I have the honor to forward
an application from M. S. Shadagopa Moov-
delliar Manager of the late Garrison Engi-
neers Department and now Head Esti-
mate Maker of the Presidency District
Engineers Office for a superannuation pen-
sion accompanied by the required Medi-
cal Certificate and Register.

individuals well deserving the liberality of Government.

3 Mr. S. Shadagopa Moodelliar's service being 22 years and 7 months and his present pay 110 Rupees I beg earnestly yet respectfully to recommend that a pension equal to $\frac{1}{3}$ of his pay or Rupees 36-10-8 per mensem may be granted to him from the 24th Instant.

4 His duties have required considerable talent and knowledge of building & the peculiar nature of them during such a long period of 22 1/2 years may have in a great measure led to his premature debility and defective vision.
